

# EARLY ADMISSION/ CONCURRENT ENROLLMENT REQUIREMENTS AND SCHOLARSHIP OPPORTUNITY

A high school senior seeking early admission to **Oklahoma City University** as a concurrently enrolled student must have strong high school credentials, suggesting the opportunity for success. These include a **minimum ACT score of 24** (or **SAT score of 1090**) and a minimum **GPA of 3.25**. The student is eligible for concurrent enrollment through the spring semester of their senior year and must be ready for college work before the completion of the usual four years of secondary school prior to high school graduation.

## The applicant must submit the following items to the Office of Admissions:

1. An official copy of the applicant's high school transcript, along with an official ACT score
2. A letter of recommendation, either from the high school principal and/or counselor
3. A letter from the applicant's parents endorsing early entrance into college
4. A letter from the student stating why he or she feels ready for college work before the completion of a traditional high school program
5. A Concurrent Enrollment Agreement completed and signed by the applicant and parent
6. A completed OCU concurrent application for admission

The student's application and credentials will then be reviewed by the Director of Admissions to determine eligibility for entrance to Oklahoma City University. Once accepted, the student may enroll in up to a total of six college hours per semester tuition free. The scholarship covers tuition only, and does not apply to other miscellaneous fees and/or books that may be required. All college hours taken while concurrently enrolled are posted to an OCU transcript.

## CONCURRENT ENROLLMENT AGREEMENT

A limited number of Scholarships will be funded from the National Academic Achievement Scholarship Account, which will cover all tuition and general university fees. Specific classes may require a fee (i.e. science labs, music classes, etc.). If the student's tuition is covered from any other scholarship program, this scholarship may or may not be granted. If the student receives an institutional four-year or eight-semester, full-tuition scholarship for enrollment at OCU following high school graduation, the University will deduct the amount of the early entry scholarship from the student's total four-year scholarship eligibility. This will not penalize the student during those four years, nor will it alter the total number of credit hours required for an undergraduate degree. In most instances, the student will have the opportunity to graduate early.
