

Meinders School of Business

Special Scholarship Pricing Agreement

For Students Joining from Summer 2009 to Spring 2010

Pre-MBA
 MBA
 Pre-MSA
 MSA
 Pre-MSCS
 MSCS

The Meinders School of Business Special Scholarship Pricing Program allows a student to pay \$22,000 in advance for the student's current program (Pre-MBA, Master of Business Administration, Pre-MSA, Master of Science in Accounting, Pre-MSCS or Master of Science in Computer Science). This results in a special tuition rate for both undergraduate prerequisite courses and graduate coursework. *This special scholarship pricing cannot be combined with any other university scholarship.*

Students participating in the Special Scholarship Pricing Program receive the following benefits:

1. All standard university fees in relation to the program coursework are included in the \$22,000 Program Price with the exception of OCU Parking Permit and the mandatory insurance fees for international students.
2. Repeated courses will be charged at the student's special scholarship pricing rate plus fees.
3. MBA Students requiring one or more Foundation courses must pay \$1,200.00 each at time of program enrollment to receive fee waiver. If Foundation Courses taken before Special Pricing Program enrollment, fees will be charged in addition to the \$1,200.00 tuition per course.
4. Additional coursework toward an MBA Specialization will be charged at the student's special scholarship pricing rate plus fees.

POLICIES

PAYMENT: Full payment to join the Special Scholarship Pricing Program is required by Friday of the first week of the semester in which the student plans to join.

TIMELINE: A student may join the Special Scholarship Pricing Program until the second semester he/she is taking classes in any of the approved programs. *If a student joins the Special Scholarship Pricing Program after his/her first semester, no adjustments will be made to previous semesters' tuition and fees.*

REFUNDS: No refunds will be given without approval of the Dean of Meinders School of Business and OCU Chief Financial Officer.

- If a Special Scholarship Pricing Program student chooses to transfer to another university and a refund is approved, the refund will be adjusted to reflect the standard tuition and fees in place at the time the coursework was completed.
- A \$500 withdrawal fee will be charged if students transfer or withdraw from OCU before completion of their degree.

I acknowledge that this Special Scholarship Pricing is awarded with the understanding that I will complete my MBA at Oklahoma City University. Should I transfer to another university or discontinue my education at OCU and a refund is approved, the total amount of the scholarship benefit received, fees and any other monies owed the University must be adjusted before any transcripts will be released. The contractual terms and conditions stated here supersede any and all discussions and will be the final authority for resolution of any and all disputes. Brochures, discussions or any other materials used during the recruitment and enrollment process will not override the terms of this written agreement.

International Students: I further understand that leaving an eligible university without proper transference could jeopardize my immigration status.

Student Name	Student ID#	Date	Signature
OCU International Advisor (Int'l Students Only)		Date	
Academic Advisor		Date	Special Scholarship Pricing Total

MBA Examples:

- An MBA student who isn't required to complete any Foundation courses would pay \$22,000 in advance for 36 hours of MBA coursework.
- An MBA student who is required to take six Foundation courses could pay \$29,200 in advance for the required pre-requisites and 36 hours of MBA coursework (realizing the maximum savings).
- If a Special Scholarship Pricing student decides to pursue an MBA specialization that requires an additional three hours of MBA coursework, the student would pay for the additional coursework at his/her special scholarship pricing rate per credit hour (plus fees at the time) in the semester the hours over 36 are taken.
- If a student has completed 9 hours of MBA coursework in his/her first semester and then chooses to join the Special Scholarship Pricing Program in his/her second semester of MBA coursework, the student would pay a pro-rated amount for the remaining credit hours to complete his/her program. Students may not join the Program after completing their second semester of MBA coursework.

Pre-MSA Example:

If a student is not required to take one or more of the Pre-MSA courses, his/her Special Scholarship Pricing Program amount would be pro-rated

Pre-MSCS Example:

Students with a 4-year degree in an area other than Computer Science
