The University

Oklahoma City University is a nationally and internationally renowned educational institution. A private, United Methodist-affiliated university, Oklahoma City University offers a unique blend of tradition, quality, community, and innovation. *U.S. News and World Report* consistently ranks Oklahoma City University among the best master’s level institutions in the Western region.

The university traces its roots to Epworth University, chartered in 1904 as a joint venture of the Methodist Episcopal Church and the Methodist Episcopal Church, South (now the combined United Methodist Church), and the Oklahoma City Trade Club (now the Greater Oklahoma City Chamber of Commerce). From 1911 to 1922, the university was located in Guthrie, Oklahoma, and known as the Methodist University of Oklahoma. Oklahoma City University has been at its present location at NW Twenty-third Street and Blackwelder Avenue in Oklahoma City since 1922, when what is now the Clara E. Jones Administration Building was completed.

Located in the state’s capital city, Oklahoma City University’s beautiful campus occupies 104 acres in a diverse and vibrant metropolitan area. The architecture on campus is a pleasing blend of American collegiate, Gothic, and functional contemporary.

A broad spectrum of courses is offered through the Petree College of Arts and Sciences, which comprises the School of Liberal Arts and Sciences, School of Visual Arts, and Wimberly School of Religion; the Meinders School of Business; the Margaret E. Petree College of Performing Arts which comprises the Ann Lacy School of American Dance and Entertainment, Bass School of Music, and School of Theatre; the School of Law; and the Kramer School of Nursing.

Saint Paul School of Theology at Oklahoma City University (SPST at OCU) is a United Methodist-affiliated seminary accredited by the Association of Theological Schools, the Higher Learning Commission, and the University Senate of the United Methodist Church. SPST at OCU offers the Master of Divinity degree. The School’s mission, rooted in the Wesleyan tradition, is to inspire passion for ministry in diverse Christian bodies and to educate leaders to make disciples for Jesus Christ, renew the church, and transform the world. For more information about SPST at OCU, see [spst.edu](http://spst.edu).

Oklahoma City University takes pride in its dual role as Oklahoma City’s university and the United Methodist university of Oklahoma. Its students come from forty-eight states in the United States and from more than sixty countries throughout the world.

Oklahoma City University creates an environment that brings together outstanding faculty, exceptional students, excellent teaching facilities, and the most advanced and innovative ideas in curriculum and teaching methods. Because of the personal involvement possible on campus, Oklahoma City University students are known by fellow students and professors and benefit from the personalized education offered by the university’s low student-faculty ratio of 11:1.

With a 110-year tradition of church-related service and academic excellence, Oklahoma City University today is a vital institution with a growing reputation as a center of quality, personalized, values-conscious higher education. Oklahoma City University holds memberships in Oklahoma Independent Colleges and Universities, the National Association of Independent Colleges and Universities, the National Association of Schools and Colleges of the United Methodist Church, the National Association of Intercollegiate Athletics, and the Council on Undergraduate Research.

The Kramer School of Nursing is a member of the Council of Baccalaureate and Higher Degree Programs of the National League for Nursing, The School of Law is a member of the Association of American Law Schools, Oklahoma City University is an equal educational opportunity institution.

Accreditation

Oklahoma City University is approved by the University Senate of the United Methodist Church. Oklahoma City University and many of its academic programs are accredited by nationally recognized organizations. The following information is provided so students may contact accrediting organizations:

Assessment

Assessment is an integral part of the strategic planning process for Oklahoma City University. New and continuing students to the university will be asked to participate in the assessment process. Students near the end of their academic plan of study participate in outcomes assessments for their major fields of study. Other constituencies of the institution also are asked about their satisfaction as part of the assessment process for system improvement.

Diversity

Oklahoma City University celebrates and seeks diversity in all its forms—from human qualities of gender, race, sexual orientation, and disability to diversity of ideas regarding religious beliefs, cultural identities, and political and social convictions. It is understood that the intersections of varied populations and ideas enrich lives while developing personal values based on expansive interactions with those with whom common experiences are shared and those with whom few common experiences are shared. Diversity enriches academic, professional, and personal opportunities and is a source of strength and empowerment for all.

Oklahoma City University actively seeks all forms of diversity among the faculty, staff, and administration and pursues programming—both in and beyond the classroom—that examines and responds to the world of ideas from an ethical stance shaped by knowledge rather than by prejudice.
A Modern Metropolitan Setting

Home to more than 1.2 million Oklahomans and an average of 300 days of sunshine per year, Oklahoma City offers an abundance of the arts, quality healthcare, excellence in education, and more. And it does so without high costs, energy shortages, or traffic congestion. It is a distinctly liveable city where you can chase your dreams and still enjoy a rich quality of life.

Oklahoma City’s hip, spirited environment blends with its deep western heritage to create a place where culture & commerce thrive. With renowned festivals, national sporting events, treasure-filled museums, and a variety of districts highlighting arts and entertainment, the possibilities for adventure and fun in Oklahoma City are endless. Situated on vibrant 23rd street, our campus sits in the heart of OKC in the historic Uptown District, which has been experiencing an exciting time of revitalization. A variety of historic ethnic neighborhoods, as well as a wide range of educational, civic, religious, entertainment, sporting, shopping, and dining options surround Oklahoma City University.

On any given night you may find yourself dining at one of the local hot spots in Automobile Alley or Deep Deuce, enjoying a festival in the Plaza District or Midtown, appreciating one of the many art galleries in the Paseo Arts District, taking in a Thunder basketball game downtown, playing laser tag in the Bricktown Entertainment District, or taking a stroll by beautiful Lake Hefner. There is always an adventure waiting for you in Oklahoma City!

“Oklahoma City offers so much more than I initially expected when I came here from out of state. It has all the conveniences of a big city while at the same time retaining small town comfort. It is a unique hybrid of those two different cultures.”

—Ken, Junior, Mathematics & Chemistry Education

Did you know that Oklahoma City is one of the top river sports destinations in the world?

Located just south of downtown, the Boathouse District, along the Oklahoma River, is one of Oklahoma City’s top attractions for adventure seekers.

General Admission Policy

Oklahoma City University is interested in graduate students who want to learn. Careful consideration is given to each application. Important factors to be considered include undergraduate records and recommendations from academic counselors, desirable traits of character and personality, and the interests and goals of the applicant in relation to the graduate programs of study offered by the university.

In the quest for academic excellence, preference will be given to those applicants whose evidence of academic fitness and professional promise indicates that they are particularly qualified to study in the graduate programs at Oklahoma City University.

Admission Requirements

Admission to Oklahoma City University’s graduate programs is open to all domestic students holding at minimum, bachelor’s degrees from regionally accredited colleges or universities and all international students whose credentials have been approved by their country’s ministry of education. All students must meet the criteria indicating high potential to succeed in graduate-level work. The academic unit holds final authority over admission decisions regarding entry into its programs. All graduate programs require a minimum cumulative GPA of 3.00 for admission, based on the undergraduate or most recent degree. Some programs require a qualifying GMAT or GRE score.

The university reserves the right to deny admission or continued enrollment. The university does not discriminate against any individual because of race, color, religion, national origin, gender, age, handicap or disability, sexual orientation, or veteran status.

Admission on Probation

Admission may be granted on a case-by-case basis to applicants who do not meet the minimum GPA requirement or other academic standards. No applicant will be admitted on probation with a cumulative GPA below 2.75 except by permission of the dean.

Admission Procedure

All application material must be sent directly to the following:

Office of Admissions, Oklahoma City University
2501 North Blackwelder
Oklahoma City, OK 73106

Application

Apply online at okcu.edu/admissions/graduate. The application process varies for each program, so please contact the Office of Graduate Admissions at (405) 208-5351 or at gadmissions@okcu.edu to determine the complete application requirements.

Some programs will require an additional statement or other documents:

Each application to a graduate program requires a statement of purpose. The statement of purpose should be approximately 250 words describing reasons for pursuing a graduate degree and academic and professional goals (applicable to all programs unless otherwise indicated below). In addition, submission of a current resume is also required of each program.

- **Master of Music:** 150 to 200 words describing reasons for pursuing a graduate degree and academic and professional goals. In addition to statement, please attach a separate document indicating recitals, programs and all performance experience.
- **MBA:** 500 to 750 words addressing reasons for pursuing the MBA, background in business, and academic and professional goals. Applicants must also submit a current resume.
- **Master of Science:** Accounting, Energy Management, or Energy Legal Studies: 500–750 words describing background in industry, business experience, and purpose for seeking the degree. Applicants must also submit a professional resume.
- **Master of Science: Criminology:** Submit a typed, double-spaced response to the following question, with a minimum of one typed page: What are the three most significant social issues currently facing us today, and what are the solutions you would suggest?
- **Ph.D. or DNP:** 500–750 words demonstrating effective writing skills describing how the doctorate will help achieve life and career goals. In addition to the statement, submit a separate paragraph describing competency in word processing, basic spreadsheet use, presentation software, and Internet skills.
- **Master of Fine Arts in Creative Writing:** No more than three pages addressing the following two prompts:

  1. Write about a book that you have read recently. Explain, with specific references to the book and to craft elements*, why that book did or did not work for you.

* (Craft elements: plot, characterization, setting, scenes, metaphor, line breaks, imagery, sonnets, etc.)
2. Explain your preparation (academic or personal) for an MFA program. Explain why a low-residency program will work for you. To prepare for this part of the personal statement, please read Lori A. May’s article, “Is a Low-Residency MFA Right for You?” which is available at http://www.loriamay.com/lowres_excerpt.pdf

In addition to the statement and in a separate document (no more than 20 pages), submit a sample of creative work in one genre of choice. Although students can, and are encouraged to work in multiple genres, students are initially accepted on the basis of the strength of their work in one genre.

Application Fee
Attach a nonrefundable fee of $50.

Transcripts
Unofficial or photocopies of transcripts from all colleges or universities attended may be included with the application; however, official transcripts must be mailed directly to the Office of Admissions from all colleges and universities attended.

Letters of Recommendation
Two letters of recommendation are required for admission from persons able to comment on professional and academic ability. They may submit the letters electronically at okcu.edu/graduate/recommendation/ or by mail to the Office of Admissions.

Students applying to the Master of Music (M.M.) program must arrange an audition with the Bass School of Music: okcu.edu/music/audition.aspx.

All transcripts, test scores, correspondence, or other materials submitted for the purpose of applying for admissions become the property of the university and will not be returned.

Candidacy
Admission means only that the student will be permitted to enroll for courses in the various programs. It does not imply that the graduate student will be accepted for candidacy. See Acceptance to Candidacy for selected graduate programs of study.

Readmission
Former students who have not attended Oklahoma City University for a period of one year or longer must be readmitted before enrollment. An application for readmission and official transcript of all work completed since leaving OCU must be submitted to be considered for readmission.

Transfer Credit
Transfer credit is approved by the dean of the student’s school only after the student has been admitted to Oklahoma City University. Petitions for transfer of graduate credit must be submitted to the dean of the student’s school. No course credit may be transferred unless the grade received was at least a B (3.00 on a 4.00 scale) from a regionally accredited institution or appropriately accredited institution located outside the U.S. Correspondence courses are not accepted toward a graduate degree.

Transfer credit for institutions outside of the U.S. must be fully recognized by the appropriate accrediting body (such as the Ministry of Education) in the country of origin. The Office of International Admissions will determine the accreditation of institutions outside the U.S. International students may not receive credit for English as a Second Language courses taken at U.S. colleges, and students may not receive credit for English language courses taught in countries where the medium of instruction is a language other than English.

Transfer credit will not be granted until official transcripts of all graduate work completed at regionally accredited U.S. institutions have been received by the registrar and official transcripts for graduate work completed at institutions outside the U.S. have been received by the Office of International Admissions. The dean or director of the graduate program is responsible for granting transfer credit. See additional school- or program-specific requirements related to acceptance of graduate transfer credit.

Degree requirements may be fulfilled by courses transferred from a completed degree conferred by another regionally accredited university. However, the student will not be awarded credit hours associated with those courses.

Degree requirements may be fulfilled by courses transferred from an uncompleted degree begun at another regionally accredited university, and the student may be awarded the credit hours associated with those courses up to one-third of the total required courses/credit but not to exceed 12 credit hours for the Oklahoma City University master’s degree.

Degree requirements may be fulfilled by courses transferred from a completed Oklahoma City University degree, and the student may be awarded the credit hours associated with those courses up to one-third of the total required courses/credits but not to exceed 12 credit hours for the Oklahoma City University master’s degree.
Non-Degree-Seeking Student Admission

A student who does not wish to work toward an advanced degree, but who seeks to earn graduate credits for appropriate courses may enter graduate school as a nondegree-seeking student. In the event the student is subsequently admitted to a graduate program for an advanced degree, a maximum of 12 credits taken as a nondegree-seeking student may be used retroactively in meeting the student’s credit requirement for a degree.

Undergraduate/Graduate Concurrent Enrollment

Undergraduate students who have fewer than 9 credit hours remaining to complete a bachelor’s degree and wish to enroll concurrently in graduate courses may seek conditional admission to a graduate program. Once admitted, the student is limited to 6 graduate-level credit hours in that program. The student must complete his or her undergraduate degree prior to enrolling in a second semester of graduate study.

Admission Inquiries

For information concerning graduate programs at Oklahoma City University, contact the Office of Admissions at (405) 208-5351 or (800) 633-7242, visit our website at okcu.edu/graduate, or contact us by email at gadmissions@okcu.edu.

International Graduate Admission Procedure

Oklahoma City University currently has students from over 60 countries studying in its undergraduate and graduate programs. The university is authorized under federal law to enroll nonimmigrant alien students.

Admission of International Students

All international student applications, graduate and undergraduate, are processed by the Office of International Admissions. Applications and information may be obtained online at okcu.edu/admissions/international, by emailing ia@okcu.edu, or by writing to:

Office of International Admissions
Oklahoma City University
2501 North Blackwelder
Oklahoma City, OK 73106 U.S.A.

Most graduate programs at Oklahoma City University do not have application deadlines, but the office of International Admission recommends that applications be submitted no later than six weeks before the semester begins. Please check with the Office of International Admissions directly to learn if your program has an application deadline.

English Proficiency Policy

International students from non-English speaking countries (as indicated in the Cambridge Encyclopedia of Languages, 2003*) must demonstrate proof of English proficiency by meeting one of the following criteria:

Regular Admission

Regular admission to most graduate programs requires one of the following:

1. TOEFL internet-based test (iBT) score of 80, paper-based test (PBT) score of 550, PTE score of 53, or an overall IELTS score of 6.0 with at least a 5.5 on each subband.
2. Completion of level 112 of the intensive program at an ELS Language Center.
3. Two years attendance and graduation from high school in an English* speaking country with the minimum GPA required for admission to OCU.
4. Two semesters at a U.S. regionally accredited higher education institution with a minimum of 24 transferrable credits including any undergraduate program at Oklahoma City University and good academic standing.

* Current English-speaking countries as listed in the Cambridge Book of Languages: American Samoa, Anguilla, Antigua/Barbuda, Australia, Bahamas, Barbados, Belize, Bermuda, British Guyana, Canada (except Quebec), Cayman Islands, Dominica, Falkland Islands, Fiji, Grenada, Guam, Guyana, Ireland, Jamaica/other West Indies, Liberia, Montserrat, New Zealand, Sierra Leone, South Africa, St. Helena, St. Kitts and Nevis, St. Lucia, St. Vincent, Trinidad and Tobago, Turks and Caico Isle, United Kingdom, Virgin Islands, and US Pacific Trust.

Provisional Admission

For some programs, students who do not meet the above criteria may be considered for provisional admission by meeting the following criteria:

- TOEFL internet-based (iBT) score of 61-79, paper-based test (PBT) score of 500-549 or an overall IELTS score of 5.5 with at least a 5.0 on each subband. To
fulfill the provision, graduate students must complete 9 credit hours of graduate coursework with a 3.00 GPA or higher or complete 15 credit hours and retake the iBT TOEFL or IELTS and submit an admissible score as determined by the regular admission standards set by each department.

The Office of International Admissions will maintain the equivalency chart of appropriate English proficiency assessments.

Both undergraduate and graduate programs may require score(s) higher than those listed above. Check for specific department admissions criteria.

Conditional admission may be offered for many programs if the applicant indicates that he or she will be studying at the ELS Language Center located on the Oklahoma City University campus. For applications and information about intensive English training, write to:

ELS Language Centers
1915 NW 24th Street
Oklahoma City, OK 73106, USA

okc@els.edu
els.edu

Institutional TOEFL Policy

If an applicant does not meet the English Proficiency requirements as stated above or does not have an official TOEFL score on file at the university, he or she may take the Institutional TOEFL for purposes of meeting admissions standards. If the applicant scores below 550 on the Institutional TOEFL, he or she may not be admitted. The applicant must attend language training, such as ELS, and may not begin an academic program.

If the applicant’s score on the Institutional TOEFL is 550 or better, the applicant must also take the SPEAK test or Test of Spoken English (TSE) and the Test of Written English (TWE). All applicants who meet the standards of written and spoken English as determined by a faculty committee will be admitted to the university on a provisional basis. Applicants will be evaluated on an individual basis for unconditional admission based on their performance on the TSE and TWE.

If admitted provisionally, the student must meet the following conditions:

1. Graduate students will be limited to 9 (graduate) or 12 (undergraduate) hours of academic courses which are predetermined by the student’s academic advisor who will continue to assess the student’s English abilities and
2. Must make 3.00 GPA in the first semester or
3. Take iBT TOEFL and submit an admissible score as determined by the regular admissions standards set forth by each department.

If a student fails to meet these provisions, the student will not be allowed to enroll the following semester and will have to return to language training such as ELS and complete level 112, or present an iBT TOEFL score of 80 (or appropriate score as determined by department).

Financial Support

International applicants must submit a certified letter of support from a sponsor, family member, or other source showing that they have adequate financial resources to provide for educational and living expenses at Oklahoma City University.

Transcript Evaluation

Any applicant, whether international or domestic, who holds a degree from a college or university outside the United States, must have transcripts from that institution evaluated by Oklahoma City University’s Office of International Admissions.

General Financial Information

The graduate tuition rate varies by program, but is the same for all students within each program regardless of their state of permanent residence.

A music student will be charged the current tuition per hour rate that is associated with their matriculation term. Typically a music student’s enrollment may include up to two half-hour lessons each semester, however for any additional lessons that increase the student’s enrollment for the semester will be charged the current per hour tuition rate associated with their matriculation date, plus any general university or music specific fees.

Rules Governing Payment of Tuition

All tuition charges and fees are due on the first day of class for each semester or term according to the official Oklahoma City University academic calendar. All students must make arrangements for their account balances either by paying their balance in full (Option 1) or enrolling in a monthly payment plan (Option 2).

Option 1: Payment in Full

After all other aid is accounted for or noted on a student’s account (loans, grants, university scholarships, etc.), the account is paid in full by or on the first day of class each semester.

Option 2: Installment Plan Fee

Charge assessed for the payment plan that allows students to make four interest-free payments over the course of the semester. The Installment Plan Fee is also assessed to any student whose account is not paid in full by the first day of class and who has not made appropriate payment arrangements. Any account with an unpaid balance at the end of the term will be subject to a finance fee of 2.67 percent.

Failure to enroll in an installment plan or pay the account in full by the first day of class will result in either automatic enrollment into an installment plan with a $100 enrollment fee or cancellation for non-payment. If a payment is not made by the payment due date each month, accounts are subject to a late payment fee of $30 per month.

Students awarded financial aid in the form of work-study should be aware that this form of aid is not considered in determining the balance due in tuition, fees, room and board for the semester. If a student chooses, they may request their work-study earnings be applied directly to their student account.

If tuition charges and fees are to be paid by a third party other than the student’s family or financial aid, a written authorization from the third party must be presented at the time of enrollment; otherwise, the student will be required to meet the financial requirements listed above. Veterans attending the university under the G.I. Bill are required to comply with the same rules and payment tables governing nonveteran obligations.

No student will be allowed to enroll in any semester or term if his or her account is past due. No student will be given a letter of good standing, transcript, or diploma until all financial obligations to the university are paid.

All tuition, fees, and charges made by the university are payable at the Student Accounts Office. Students may also submit payment for Oklahoma City University charges online with TouchNet via their Oklahoma City University BlueLink Account.

Payments to student accounts are applied first to tuition and fees and then to other charges. The only exception to this application of payment is donor restriction on a gift or endowed scholarship.

By enrolling at Oklahoma City University, students agree to the following:

- Specifically acknowledge that to the extent their educational expenses are not paid by parents, scholarships, employers, or other sources, they are responsible for such payments plus interest.
- Specifically acknowledge that by enrolling, they are subject to applicable charges and/or fees and that these charges and/or fees constitute a legal debt until paid or otherwise settled. Any balance due is a student loan and will be considered nondischargeable under the federal and state laws governing bankruptcy.
- Specifically acknowledge that any additional cost or legal fees, including but not limited to reasonable attorney’s fees, incurred by Oklahoma City University, its successors and/or assigns, in collecting the amounts due shall be added to the amount the student owes and will bear the same rate of interest as the principle amount.
- Authorize Oklahoma City University and/or its agents, including attorneys and/or collection agencies, to contact the student via cellular telephone and/or electronic technology to collect any outstanding debt, unless the student notifies the university or its agents in writing to cease such communication.
Special Service Fees

Fees are published annually in a separate tuition and fees announcement. The following is a list of typical fees. All fees are subject to change annually.

- All students pay a general university fee. This fee provides general budget funding for a variety of services including campus technology, academic enrichment and assessment, athletics and facilities, safety and crisis preparedness, career services, health services, personal counseling, intramurals, student government association, student traditions, religious life, and student publications.
- Laboratory fees, as well as fees required for some courses are charged on a flat-fee basis in addition to tuition.
- An annual parking permit is required of all students for on-campus parking.
- An international student fee and international student insurance fee are charged each semester. All fees are mandatory for international students.
- Students enrolling late will be charged a late registration fee. Those who pre-enroll and pay late will be charged a late payment fee.
- Charges for tests given to persons not enrolled in the university vary depending upon the test taken.
- All students pay a one-time comprehensive records fee per degree sought allowing students and alumni to request copies of their official transcripts at no additional charge. The registrar reserves the right to limit the number of official transcripts an individual may receive within a particular time period.
- Students enrolling in online courses will be assessed an online course fee.
- Health insurance is assessed to all full time students. Student have the option to waive the cost of insurance if they can provide proof of insurance to our insurance carrier.

Veterans Benefits

A Veterans Service Office is operated by Oklahoma City University as a service to veteran students. It neither sets policy nor administers V.A. programs. University personnel assigned to the office process the forms as a service to the student who is claiming V.A. educational benefits and act as liaisons between the student and the Veterans Affairs Regional Office. Students who wish to receive benefits must report to the Oklahoma City University certifying official in the Registrar’s Office each semester to fill out a Request for Certification. For further information, please contact the Veterans Service Office at (405) 208-5266.

Tuition Adjustments

Each term has a published first day of class as outlined in the academic calendar. A 100 percent tuition adjustment is made for varying time periods beginning with the published first day of class. After this period, there will be no further adjustments. The time periods vary as follows:

- **Fall and spring semesters**—up to and including Friday after 10 semester class days.
- **Summer and accelerated cycles**—up to and including the first Friday of the term.

Approximately the third week of class each semester, if the student’s account is paid in full, any excess personal, state, private, or federal financial aid awarded will be refunded to the student. The charges to be paid include, but are not limited to, tuition, fees, room and board, and traffic fines. If aid includes proceeds from Parent PLUS loans, any excess funds MUST be returned to the parent unless otherwise indicated on the application. Only then can the refund go to the student. Oklahoma City University processes refunds by direct deposit. Contact the Student Accounts Office for details.

Adding and Dropping Courses

Procedures and deadlines for adding and dropping classes are described in the Academic Regulations section of this catalog, starting on page 26.

Withdrawals

Students unable to remain at the university to complete their courses for the term should process a full withdrawal. Procedures for withdrawal from all classes are described in this catalog under Academic Regulations (page 28). Full withdrawals from the university are not complete until the withdrawing student is counseled by a financial aid representative and validated by Student Accounts Office. Tuition adjustments, if any, are based on the last date of attendance. (See also “Return of Unearned Federal Title IV Funds” under Financial Assistance, page 17.)
Email

All students receive an Oklahoma City University email account that they are responsible for activating and maintaining. Access to this account is available on the internet from any location and will never expire. The student email account is the official correspondence for the following:

- Financial Aid
- Billing notices
- Student activities
- Academic communication with the University and professors
- Important dates, times, deadlines and emergency university notifications

Email is the sole method of correspondence used by most university departments.

All students are expected to check their email account regularly. A student’s failure to check and maintain his or her account on a regular basis will not be accepted as an excuse for missing information, dates, and/or deadlines.

International students will receive all updates on immigration regulations and newsletters through their Oklahoma City University email accounts.

Identification Cards

Identification cards issued to all students are permanent for as long as the student is enrolled in the university. Picture ID is required at the Student Accounts Office when requesting an Oklahoma City University ID card. A valid driver’s license or passport is acceptable. The card identifies the student and allows participation in student activities and elections. It admits the student to all home athletic events and various student activities, and enables students to receive free or half-price tickets to university drama, opera, and dance productions and concerts. A student identification card grants access to libraries and computer labs and serves as a meal ticket for students who are on a board plan. The identification card is used to print documents in the computer labs, and money may be added by the student for use at Alvin’s, the cafeteria, and other Stars Card vendors.

Book Charge Program

Oklahoma City University’s bookstore is managed by Tree of Life. Tree of Life offers a charge program. Charges, as a result of utilizing the book charge program, will be added to the student account. The charges will be included in the monthly invoice and will be due upon receipt or can be paid monthly as part of the approved payment plan. Students who have a hold as a result of a past due balance will not be permitted to participate in the book charge program.

Financial Assistance

Types of Assistance Available

The Office of Financial Aid assists admitted students in developing a financial aid package to help meet their basic educational expenses. Financial aid includes the university scholarships, federal and state grants, student loans, and federal and institutional work study.

Eligibility for Financial Assistance

The Office of Financial Aid considers the official Cost of Attendance at Oklahoma City University, the family's Estimated Family Contribution (EFC) as determined by the Free Application for Federal Student Aid (FAFSA), and the student’s incoming academic achievements to determine eligibility for financial aid. Oklahoma City University scholarships may be applied to tuition charges only and are not refundable to the student.

Financial aid may be available to help fund OCU-approved study abroad programs. More information is available from the Director of Global Engagement in the Provost Office at studyabroad@okcu.edu.

Financial Aid Application Procedures

To be evaluated for financial assistance, a student must first be admitted to the university. Most federal and state programs require at least half-time enrollment. Transfer students must provide official transcripts from all institutions previously attended. Audited courses and courses not applicable to the student’s degree program will not be considered in the financial aid package. Students who repeat course work for which financial aid has already been received may not be eligible for additional financial aid for those repeated classes.

All students are encouraged to apply for federal student aid. The student should file a Free Application for Federal Student Aid (FAFSA) online at fafsa.ed.gov and designate Oklahoma City University (code 003166) on the application in order for the Office of Financial Aid to receive a copy of the results. The student will receive an electronic link to his or her Student Aid Report (SAR) from the Federal Student Aid Processing Center in response to the FAFSA.

The 2015-2016 deadline for priority processing is March 1 annually. FAFSAs received after the deadline
will be considered in the order received for as long as aid resources are available. Funding restrictions may alter eligibility for some programs.

In addition to the FAFSA, other forms may be required based on the student’s individual circumstances. Students should monitor their Oklahoma City University email and BlueLink for additional requested items.

Return of Unearned Federal Title IV Funds

Title IV funds are awarded to a student under the assumption that the student will attend school for the entire period for which the assistance is awarded. When a student withdraws, the student may no longer be eligible for the full amount of Title IV funds the student was originally scheduled to receive.

If a recipient of Title IV grant or loan funds withdraws from a school after beginning attendance, the amount of Title IV grant or loan assistance earned by the student must be determined. If the amount disbursed to the student is greater than the amount the student earned, unearned funds must be returned.

The Office of Financial Aid will calculate the amount of Title IV funds the student has earned in accordance with federally prescribed procedures as detailed in the Federal Compliance and Student Consumer Information found at [okcu.edu/heoa](http://okcu.edu/heoa).

Satisfactory Academic Progress (SAP) Policy for Financially Aided Students

In accordance with federal, state, and university aid and scholarship program guidelines, academic progress toward a degree must be made in order for students to continue receiving funds.

The Office of Financial Aid will monitor the quantitative and qualitative progress of each student receiving financial assistance in accordance with the current guidelines and procedures as detailed in the Satisfactory Academic Progress Policy found at [okcu.edu/financialaid/forms/sappolicy](http://okcu.edu/financialaid/forms/sappolicy).

Renewals and Annual Awarding

Students are evaluated annually for continued financial aid eligibility. Federal renewal applications must be submitted annually and are available after January 1 of each year at [fafsa.ed.gov](https://fafsa.ed.gov). Scholarship renewal is based on SAP and is reviewed every semester. Scholarships generally require maintaining full-time enrollment and other criteria set forth at the time of the initial award.

On-Campus Housing

Residence Halls

The university believes that a valuable part of a student’s learning experience occurs in the university residence halls. The student lives and learns with other students from different cultures and lifestyles. Numerous social and academic activities occur in the residence halls during the academic year. There are five residence halls on the Oklahoma City University campus: United Methodist, Draper, Walker, Banning, and Smith halls. Each residence hall is directed by a head resident and resident assistants, whose function is to answer questions and help solve problems related to community living.

Rates for Residence Halls

Housing rates for each academic year are published separately in a tuition and fees schedule. A $250 housing deposit is required along with a completed application and contract for residence halls. A portion of the housing deposit ($175) is nonrefundable. Scholarship students and athletes are NOT exempt from submitting a housing deposit. Refund information is stated on the housing contract. Cancellation of a completed housing application must be received in writing by the director of residence life. No cancellations by telephone or other means will be accepted. Students with a housing deposit on account for whom a housing assignment cannot be made by the first day of classes each semester will receive a full refund of such deposit. Cancellations made less than 30 days prior to the first day of classes will result in a $500 cancellation fee.

Housing assignments will automatically be cancelled if a student has not checked into his or her room by 8:00 a.m. on the first day of scheduled classes for each semester or term, unless the director of residence life is notified of late arrival. The fall housing assignment will be cancelled if a student has not checked into his or her room by 8:00 a.m. on the first day of scheduled classes for each semester or term, unless the director of residence life is notified of late arrival. The fall housing assignment will be cancelled if a student’s advance registration is canceled, and the deposit will be forfeited in full.

Apartment Living

The Cokesbury Court apartment complex offers the security of card-key entry and an eight-foot wrought-iron fence. Apartment options include unfurnished efficiencies and furnished two- and four-bedroom apartments with outdoor swimming pool, Jacuzzi, and on-site parking and laundry. Students classified as sophomore and above are eligible to apply for housing in Cokesbury Court. For more information, please call (405) 208-8100.

University Manor, located directly across from the campus on NW Twenty-third Street, offers one-bedroom unfurnished apartments for students classified as sophomore or above. Amenities include on-site parking and laundry facilities. For more information, contact the director of university apartments at (405) 208-8100.

Food Service

There are several meal plans available to Oklahoma City University students, including a variety of residence hall board plans and StarsCash, a flexible debit-card system. Students residing in the residence halls are required to participate in a residence hall meal plan, and students living in University Manor or Cokesbury Court apartments are required to purchase an meal plan based upon the length of their lease. Meals for students participating in any university meal plan or block meal plan are served in the Commons Food Court in the Tom and Brenda McDaniel University Center. StarsCash are redeemable in the Commons Food Court or in Alvin’s Cafe, located in the University Center. Alvin’s provides a quick snack or a full meal and a place to meet friends for relaxation or study. Food services are provided by Sodexo.

Religious Life

The goal of Religious Life at Oklahoma City University is to promote spiritual enrichment and to minister to the spiritual needs of the campus community.

Organizations

The Oklahoma City University Wesley Center is the United Methodist campus ministry. The Wesley Center directs Evensong worship services, the Kappa Phi Christian Women’s Service Organization, and the Delta Alpha Chi Christian Men’s Service Fraternity.

Worship and Activities

Religious Life offers chapel services Thursdays at 1:00 p.m., Evensong worship services on Monday evenings, Bible studies, mission trips, spiritual formation groups, and Wednesday at the Wesley, and a free lunch served in the lower level of the chapel the first Wednesday of each month. Religious Life also sponsors monthly mission opportunities and a mission trip every Spring break. Everyone is invited to participate.
Services

There are three clergy staff in University-Church Relations who are available to students of all faith affiliations for pastoral services and spiritual encouragement. Religious Life provides a list of area houses of worship to encourage students to connect with local worship communities. For more information, visit okcu.edu/religiouslife.

Campus Life

Oklahoma City University recognizes that learning takes place in many forms and places and not exclusively in the classroom. Students are encouraged to participate in activities both on and off campus. Activities sponsored by the Division of Student Affairs and the Student Government Association are for all Oklahoma City University students and are well publicized around campus.

Students at Oklahoma City University play a large role in determining and regulating their own activities. Good student-faculty-administration relations are maintained through cooperative, responsible student leadership.

There are numerous social and academic organizations available to students on campus. When the school year begins, information is made available to all students about dates and meeting times for many organizations.

Career Services

The Office of Career Services assists undergraduate and graduate students of all disciplines to blend their talents, interests, and academic achievement with the career readiness skills that will lead to success in post-graduate employment or continued education programs. Career planning and decision-making is a process that helps the undecided student choose a major, while providing a ‘plan of action’ for those who are ready for the next step. The career center combines traditional career development elements such as resume development and interview skills with career and personal education tools, so that graduates are empowered with the practical knowledge needed to transition from college to ‘real-world.’ Career Services wants every student to be confident in their ability to market key skills and experiences, and shine with a polished professional image. Students are encouraged to schedule an individual appointment to begin planning their success.

Career advisors are available to help students each step of the way.

- Self-Assessment and Career Exploration
- Individual Career Counseling
- Resume and Cover Letter Development
- Internship and Job Search Strategies
- Interview Techniques
- Online Job and Internship Posting
- Graduate School Planning
- Career Readiness Events and Workshops
- Online Student Resources
- Major Change or Selection
- On-Campus Interviews

The Office of Career Services is located in the Meinders School of Business, Suite 200. Office hours: Monday–Friday 8:00 a.m.–5:00 p.m. (405) 208-5171 or careerservices@okcu.edu

The Involved Center

The Involved Center provides information to students, faculty/staff, and campus organizations regarding events, campus involvement, co-curricular transcripts, space reservation, Orgsync basics, maintaining/starting a new student organization, flyer approval, and much more. The Involved Center is located in Room 114 of the Tom and Brenda McDaniel University Center across from the Student Leadership Center. Hours of operation are 8:00 a.m.–5:00 p.m., Monday–Friday during the school year, and 8:00 a.m.–5:30 p.m., Monday–Thursday during summer hours.

Office of Student Engagement, Inclusion, and Multicultural Programs

The Office of Student Engagement, Inclusion and Multicultural Programs (SEIMP) advances, promotes, and initiates programming for campus organizations through co-curricular and community service activities and experiences, which emphasize diversity, appreciation and respect among domestic and international students, faculty, and staff. Collaboration is cultivated through supporting organizations that represent diverse students such as, Native American, Black, Hispanic, Asian, Indian, Saudi, Muslim, LGBTQIA, and other ethnically and culturally based groups. Students who participate in these organizations form lasting personal and professional relationships among students, faculty, staff, and alumni that contribute to their development as effective leaders in their respective communities.

SEIMP also administers among other programs the Clara Luper and American Indian Scholarships. These need-based programs help to provide a private college education to deserving students who may not otherwise have the opportunity. The scholarship programs demonstrate that access and opportunity are critical components necessary for underserved students to realize the goal of a private college education. The scholarship recipients...
are merged with members of the President’s Leadership Class to form a leadership cohort, which collaborates in academic, co-curricular, and community service projects throughout their academic tenure at OCU.

**University Counseling**

Counseling is a confidential process designed to help you address concerns, come to a greater understanding of yourself, and learn effective personal and interpersonal coping strategies. University counseling services are available for all currently enrolled students. Our goal is to provide short-term mental health services that will assist OCU students with emotional development, problem solving skills and decision making capabilities.

Counseling sessions are confidential, typically 45 to 50 minutes long, and are free of charge. OCU University Counseling services are short-term, meaning a client is eligible for 4–6 sessions per semester, based on individual needs. Should you need longer term services, your OCU therapist will make a referral for you. Call (405) 208-7902 to make an appointment.

**Student Government Association**

Student Government Association (SGA) is the governing body for all Oklahoma City University students. SGA consists of four branches: Executive, Legislative, Judicial and the Student Activities Council. This organization plans and implements a variety of activities for the campus community, appropriates money for student organizations and serves as the voice for students in university governance. The president of SGA serves as a voting member of the university’s board of trustees. Elections for High Officer and Senate positions (sophomores, juniors, and seniors) are held late in the spring semester. Elections for the freshman senator positions are held early in the fall semester.

Cheer and Pom

Oklahoma City University offers a varsity competitive coed cheer squad and varsity competitive pom squad. The cheer and pom squads play an exciting part in the athletic department by participating at men’s, women’s basketball games, wrestling matches, and a number of other sporting events. Members of the cheer and pom squads are also involved at numerous community events throughout the year. Tryouts are held in the spring semester each year and are open to anyone interested.

Fitness Center

The Aduddell Fitness Center provides full service to a large selection of fitness equipment including state-of-the-art treadmills, ellipticals, stationary bikes, and cross-training equipment. The center also offer a wide range of free weights, stationary weight machines, and other aerobic equipment (jump ropes, steppers, etc.). Showers, day lockers, and Towels are also available at the Aduddell Center.

The front desk provides a fully trained staff to answer any questions or assist students during their workouts. The staff also offers an orientation twice a week. For more information, contact (405) 208-5378.

Intramural Sports

Oklahoma City University features an intramural sports program designed to encourage interaction between students, faculty, and staff. The department provides a variety of league and tournament events. The Intramural Sports program strives to meet the competitive and recreational needs of the campus community. The department offers opportunities to maintain physical fitness while interacting with friends and classmates.

Sports offered include 3-on-3 basketball, 5-on-5 basketball, dodge ball, flag football, soccer, softball, table tennis (ping pong), volleyball (indoor and outdoor), and kickball. For more information about Intramurals or how to register, call (405) 208-5378.

Open Recreation

The Henry J. Freede Wellness Center and its Abe Lemons Arena provide the home court to many Oklahoma City University sports. The recreation department offers open recreation nights at Freede. Open recreation takes place in the fall and spring semesters. Each Monday, Wednesday, and Friday, Freede is open from 8 p.m. to 11 p.m. for use by anyone who carries an OCU ID. For more information, contact (405) 208-5378.

Dance

All full-time students are eligible to audition for the American Spirit Dance Company, the Oklahoma City University Spirit of Grace Liturgical Dancers, and the Oklahoma City University Pep Dancers. Contact the American Spirit Dance Company company manager in the Ann Lacy School of American Dance and Entertainment for further information. Noncredit dance classes are available through the Community Dance Center.

Music

University students are encouraged to participate in music activities, including performing in ensembles, taking private music lessons, and auditioning for productions. All qualified students are eligible to participate in Bass School of Music performing ensembles (Symphony Orchestra, Wind Philharmonic, Ad Astra Women’s Chorus, Men’s Chorus, University Singers, Chamber Choir, Jazz Ensemble, Pep Band, and various small ensembles). Auditions for Oklahoma Opera and Music Theater Company productions are open to all students. See the director of the organization in which you are interested for further information, or call the music office at (405) 208-5474.

Theatre

All students may audition for parts in TheatreOCU productions presented each year by the School of Theatre. Contact the School of Theatre at (405) 208-5121 for detailed audition information.

Student Publications

All students, regardless of their major fields of study, are invited to apply for work for the Student Publications staff. The staff publishes The Campus (the student newspaper) and MediaOCU (the student media smartphone app and website online at mediaocu.com).
Publication of Student Work

All students can submit poetry, fiction, nonfiction and art to *The Scarab*, OCU’s literary journal, sponsored by the English honor society, Sigma Tau Delta. The undergraduate research journal *Stellar* accepts submissions of research papers written for undergraduate courses. Both annual publications can be viewed at [okcu.edu/english/publications.aspx](http://okcu.edu/english/publications.aspx).

Cultural Enrichment Events

An array of music, drama, music theater, art, literature, cinema, and lecture events occur annually on the Oklahoma City University campus. Among the cultural enrichment opportunities available and easily accessible in the Oklahoma City area are the Oklahoma City Philharmonic concerts, the Oklahoma City Museum of Art, Science Museum Oklahoma, and several theaters.

The Distinguished Speakers Series

The Distinguished Speakers Series was established to enrich the academic experience of students, faculty, and staff—and to create a Chautauqua experience that is free and open to the public. Nobel Laureates have joined a remarkable lineup of world-class thinkers, writers, and opinion-leaders who know that Oklahoma City University is where ideas are freely expressed, and learning is a continuous process of being challenged and inspired. This lecture series fulfills one of the central purposes of a university by hosting provocative speakers from a wide variety of backgrounds and multiple perspectives, which generates new thinking, productive discussions, and the rare opportunity for future servant leaders to meet some of the most remarkable human beings of our time. Previous speakers include Edward Albee, Ishmael Beah, David Brooks, Morris Dees, Mariah Wright Edelman, Henry Louis Gates, Jane Goodall, Brian Greene, Robert E. Kennedy Jr., Jonathan Kozol, Rabbi Harold Kushner, Wilma Mankiller, Dunya Mikhail, N. Scott Momaday, Bill Moyers, Eboo Patel, Erik Peterson, Mark Plotkin, Sister Helen Prejean, Michael Sandel, Ann Simon, Helen Thomas, Brian Turner, Kurt Vonnegut Jr., Andrew Weil, and George Will, as well as Nobel Laureates Archbishop Desmond Tutu, Elie Wiesel, Wangari Maathai, and Jody Williams.

The Harbour Winn OCU Film Institute

The Oklahoma City University Film Institute offers the opportunity to view classic and contemporary international films. Since 1982, the institute has been screening eight to ten films per year on designated Sunday afternoons to an audience of 150 to 400 people. Each year the series focuses on a theme, and reading material on the theme and series films is available at the showings. A discussion session follows each screening. The films are also available for university courses. The film series is supported by Oklahoma City University, the Oklahoma City University Film Institute Endowment, the designated endowment in the Community Foundation of the Kirkpatrick Family Fund, and the Thatcher Hoffman Smith Endowment for the Center for Interpersonal Studies through Film and Literature. The 2015-2016 academic year will be the Film Institute’s 34th year.

The Neustadt Lectures

Walter and Delores Neustadt of Ardmore, Oklahoma, established the lecture series in 1983 for the purpose of strengthening understanding of the great contributions of the Judaic religious tradition to Western civilization and thought. Scholars are invited to the campus to speak on informative themes in the area of Hebrew Scriptures, Judaic thought, and Jewish ethics and art.

The Willson Lectures

This lectureship is provided by an endowment from James M. and Mavis Willson of Floydada, Texas. The lectures are directed to the interest of students in the area of religion and society. The Willsons were outstanding members of the United Methodist Church. Their Christian vision was truly ecumenical in its outreach. Since 1953, their gift to Oklahoma City University has brought to campus speakers of international stature from the areas of religion, science, Christian theology and ethics, church history, biblical studies, and liturgical studies.

The Martha Jean Lemon Lectures

These lectures are a gift from Lynette Lemon Wert and Larry H. Lemon in 2010 on behalf of the Lemon family of Oklahoma City and in honor of Martha Jean Lemon. Ms. Lemon was graduated from Oklahoma City University in 1968 with a degree in history and worked as an independent comparative religion scholar. The annual lecture series will feature speakers, workshops, or seminars on topics that promote religious leadership and service.
General Requirements

Degree requirements for students are listed in the catalog in effect at the time of their first semester at Oklahoma City University. Students who are not in attendance for two consecutive semesters will be required to complete the degree requirements listed in the catalog in effect at the time of their re-entry.

The final authority in determining the fulfillment of graduation requirements for each graduate program lies with the academic dean from each respective school. Graduate students are expected to read and to comply with published regulations.

Residency Requirements

The minimum number of hours to be taken in residence for any master’s degree offered may be noted under the individual degree programs.

Student Discipline

Every student is expected to observe the highest standards of conduct, both on and off the campus. The university cannot accept the responsibility for the education of any student who is not in sympathy with the purposes and the regulations of the university.

Note: In the case of Law School students, the Law School Student Conduct Code Article 2.01 governs, and such students are subject to the Law School Disciplinary Tribunal.

Oklahoma City University reserves the right to exclude any student whose conduct or academic standing it regards as undesirable, without assigning any further reason. In such cases, the fees due or which may have been paid in advance to the university will not be remitted or refunded in whole or in part. Neither the university nor any of its officers will be under any liability whatsoever for such exclusion: Any student under disciplinary suspension will be persona non grata on campus except for official business.

Attendance

Regular attendance is essential to satisfactory progress in a course. The student is responsible for meeting course requirements regardless of the cause of absences. A student unable to attend classes should confer in advance with the professors involved. Failure to attend classes may result in the loss of credit or exclusion from the final examinations, or both. (See the Law School catalog for attendance policy in that degree program.)

Time Limits

Students are expected to complete requirements for a graduate degree within a set period of time—usually five to six years after being admitted into a program. See the dean or department chair for the time limits established for a specific degree program.

Course work that is five to 10 years old, whether taken prior to or after admission, may, upon approval by the dean or director, be applied to a degree in accordance with the policy of the school, division, or department. Any course work that is more than 10 years old, whether taken prior to, or after admission to a graduate program, cannot be applied to a degree.

Adding Courses

For the fall and spring semesters, courses may be added through the first Friday after four class days of the semester without instructor approval. Courses added after the first Friday after four class days and through the second Friday after nine class days may be added only with instructor approval. Courses may not be added after this date. For the summer terms, courses may be added through the first two class days of the term. Courses added after the first two class days and through the Thursday after three class days may be added only with instructor approval. Courses may not be added after this date.

Dropping Courses

The final date to drop a course is listed in the academic calendar. Students dropping courses before the final drop date will receive a W (withdrawal). After the final drop date, a student must receive approval from his or her instructor. The instructor must assign a grade of WP (withdrawal passing) or WF (withdrawal failing) for the course. (A grade of WF will be calculated into the student’s grade point average as a failing grade.) The student then must receive approval from his or her advisor, academic dean, and the provost/VpAA before the change in class schedule can be processed. No course may be dropped after the last day of classes.

Courses dropped through the 100 percent refund date will not appear on the student’s permanent record. Changes in class schedule become effective on the day the form is processed by the Registrar’s Office.

A 100 percent tuition adjustment is made for varying time periods beginning with the published first day of class. After this period, there will be no further adjustments. The time periods vary. See Tuition Adjustments (page 15) for more information. Student attendance in a course does not affect the tuition reduction. The date the
completed form is processed by the Student Accounts Office is the determining factor.

Withdrawal

A student who is completely withdrawing from the university must obtain a withdrawal form from the Office of the Registrar, International Student Office, Financial Aid Office, or his or her dean’s office. Once this form is properly completed and processed through the Office of the Registrar and Student Accounts, the withdrawal becomes effective on the date it is validated by Student Accounts. A “W” (withdrawal) will be assigned for each course. Nonattendance of classes does not constitute official withdrawal. Withdrawal will be permitted up to and including the final regular day of classes for all semesters or terms. No withdrawals are permitted during finals week.

Incomplete Courses

When a course is not completed by the end of the semester or summer session, a professor may assign an incomplete (“I”) at his or her discretion. The student must be performing at a passing level and have a legitimate reason to receive an “I.” Students cannot be assigned an “I” because they have excessive unexcused absences or because they are failing the course. Academic units and faculty members may establish their own policies in determination of legitimate reasons to assign the “I” grade.

At the time that the incomplete is issued, the instructor will submit information which specifies what work must be done to remove the “I” and the grade to be assigned if the work is not completed. This information is made available through the on-line system. The student is responsible for submitting the work by the deadline assigned by the instructor, not to exceed one year. If the “I” is not completed by the specified deadline, the grade will convert to the grade assigned by the professor.

In the event that a faculty member is no longer available, appropriate faculty shall be assigned by the dean or department chair to determine the grade.

Grade Points

Grade point totals are calculated by multiplying the number of credit hours of a course by the number of points for the corresponding grade received. The grades of W (withdrawal), WA (administrative withdrawal), WP (withdrawal passing), WH (withdrawal health), CR (credit), NC (no credit), I (incomplete), or NR (not reported) are omitted in counting grade points. The grade of WF (withdrawal failing) will be calculated into the grade point as a failing grade. A student’s GPA will be determined by dividing the total number of grade points earned at Oklahoma City University by the total number of hours attempted at Oklahoma City University with the exception of courses in which marks of CR, W, WA, WH, WP, NC, I, and NR are received. At Oklahoma City University, the official GPA will be rounded to the third decimal place.

The following system of points is used for computing GPA:

Auditing Courses

An Oklahoma City University student may audit a course (excluding courses offered by the School of Law) by attending class sessions and completing classroom assignments. No examinations are taken, and no credit is given. The student transcript carries the designation AU. The AU designation, once recorded on the transcript, may not be changed to a letter grade. Audited courses do not satisfy degree requirements. If a student determines that a course that has been audited is needed to fulfill a major requirement, the student must repeat the course and earn a letter grade.

A student may audit only if permitted by the appropriate school or department policy and on a space-available basis. Students may not audit individualized academic experiences such as internships, directed study, independent study, music lessons, dance instruction, etc. Audited courses will not be considered in a student’s normal semester load.

Procedure

The audit option can only be selected through the second Friday of the regular semester and through the first Thursday after three class days of a summer session. Once the time period is over, the option to audit a course is forfeited. Students must obtain permission and the signature of the instructor whose course they choose to audit. An instructor has the right to refuse to permit students to audit a course. Students registered to audit a class are not guaranteed a space until after the time period. A separate audit form is available from the Registrar’s Office.

Fees

Students are assessed a nonrefundable audit fee. Fee schedules are available from the Student Accounts Office. Audit fees are not part of the structure for block tuition charges and will be assessed in addition to regular tuition charges.
Repetition of Courses

Graduate students may repeat a maximum of two separate courses, but cannot repeat any one course more than once. The repeated course number must be the same as that of the original course. The last grade received in a course is the one that will be calculated into the student’s GPA. This grade will be posted in the semester earned. The first grade will be recorded on the transcript as an R (repeat) and excluded from the student’s GPA.

Course Numbering Systems

The first digit in each course number indicates the academic level at which the department places the course (1—freshman level, 2—sophomore level, 3—junior level, 4—senior level, and 5–9—graduate level). The second digit, in combination with the third, gives the course a unique number within its department and academic level. The second digit may be used to indicate sequence where two or more courses dealing with the same subject matter are sequential in arrangement. The third digit indicates the type of course. The type indicated by specific numbers varies from school to school. The fourth digit indicates the number of semester hours credit assigned to the course.

Courses numbered 1000–4999 are for undergraduate students; 1000–2999 courses are freshman and sophomore level courses; 3000–4999 courses are junior and senior level (upper-division) courses. Graduate students who are satisfaying program prerequisites or otherwise remedying deficiencies may, with approval, enroll in undergraduate courses, but will not receive graduate credit for such undergraduate course work.

Courses numbered 5000–9999 are for graduate credit in graduate degree programs; 5000–5999 courses are graduate course that may be dual-listed with upper-division undergraduate courses; 6000–6999 courses are not open to undergraduate students. Courses numbered 7000–9999 are restricted to doctoral students; 9000–9999 courses are for independent study (such as research, thesis, or dissertation) and are restricted to doctoral students. The School of Law establishes its own course numbering policies.

Course Cancellation Policy

The decision to cancel a course due to insufficient enrollment, faculty overload, or other circumstances will be made by the dean of the school offering the course in consultation with the instructor of the course. After notifying the Registrar’s Office of a course cancellation, the dean will inform students enrolled in the course of the cancellation.

Final Examinations

Final examinations are held in all courses upon the completion of each semester’s or term’s work. No one is to be excused from the final examinations. All classes will meet during the time stipulated by the Registrar’s Office for final examinations. Students who have three final examinations scheduled on the same day may seek permission from either their professors or their academic dean to have one exam rescheduled for another day within final examination week.

Records and Transcripts

All permanent records are in the Office of the Registrar. Requests for grades, transcripts, and diplomas should be made to that office.

A graduate student who completes the requirements for a degree cannot be issued a complete transcript or statement that the requirements have been completed until the end of the semester or term in which he or she is registered for credits needed for the degree. Students who complete the requirements for a degree in a semester other than the spring semester may secure from the Office of the Registrar a statement that requirements for the degree have been completed.

Official transcripts may be ordered by mail or in person from the Registrar’s Office. A request for official transcripts must include the following information:

• Student’s full name (while enrolled)
• Student identification number
• Date of birth
• Last date of enrollment
• Current address and phone number
• Address where the transcript is to be sent
• Student’s signature

The cost of official transcripts is included in the comprehensive records fee; therefore, there is no additional charge for transcripts. The registrar may limit the number of transcripts a student may receive within a given time period. Transcripts are not issued until all outstanding accounts with the university are paid in full. Students and former students may call Student Accounts at (405) 208-5146, or go to the office in the administration building to determine their financial status.

Photo identification is required when picking up transcripts from the Office of the Registrar. Written authorization is required for a transcript to be released to a third party. Parents may obtain a student’s transcript provided they have written authorization from the student or a signed affidavit stating that the student is their financial dependent according to IRS regulations.
Official Transcripts
From Other Institutions

Oklahoma City University requires all students to submit official transcripts, such as high school transcripts, undergraduate transcripts with or without a degree, or graduate transcripts. These transcripts must be official. Official transcripts are defined as transcripts sent directly from one institution to Oklahoma City University. Electronic transcripts will be accepted from schools using approved secured transmission systems. The complete list of acceptable systems can be found on the OCU Registrar website (okcu.edu/admin/academic-affairs/registrar/). Any transcript marked “Issued to Student” and/or hand-carried transcripts are not considered official and will not be accepted for transfer purposes.

Thesis, Dissertation, and Capstone Project Enrollment and Grading Policy

The student must have an initial enrollment for the master’s thesis, doctoral dissertation, or other graduate-level capstone project (all hereafter termed “thesis”). Following the initial enrollment in the thesis course, the student must maintain continuous enrollment or obtain an approved leave of absence during each regular semester until all degree requirements are completed, or the candidacy is discontinued. Upon successful completion of the thesis, a grade of CR will be recorded for the final semester of enrollment. The graduation date awarded will be the first graduation date after the final term of enrollment.

The student’s initial enrollment for the thesis will be charged the current rate per credit hour for the course and will be subject to all standard fees. Subsequent enrollments will use a different number that will be of equal credit hours for the thesis, but only one credit hour will be charged and no fees will be charged. Students are not required to enroll in the thesis during the summer session unless one of the following applies:

- the student is actively working on the thesis
- the student is seeking committee advice on the thesis
- the student is otherwise using university facilities
- the degree is to be conferred in the summer session

Subsequent to the initial enrollment for the thesis, if a student wishes to remain in the program without continuous enrollment, the student must request a leave of absence. Such requests must be submitted in writing to the dean of the student’s program and must specify the reason for the request and the expected duration of the leave. The granting of such requests will be at the dean’s discretion. Requests based on financial circumstances will generally not be granted. Failure to obtain an approved leave of absence will result in the student having to apply for readmission.

If a student does not comply, or has not complied, with the above procedures, then the student must reapply to the program of study and, if readmitted, enroll in sufficient hours of thesis to make the total hours thereof at least equal to the total thereof had he or she completed with continuous enrollment. Retroactive tuition will be assessed at the current semester rates. Readmission of the student to the program of study will be at the discretion of the dean of the student’s school. Determination of the number of hours of thesis in which the student must enroll, along with the collection of the appropriate fees, will be the responsibility of the dean of the student’s school and the Student Accounts Office.

- All theses necessary for partial fulfillment of graduate degrees must be approved by the graduate student’s committee and be submitted to the person designated by the graduate program three weeks before commencement. Exceptions must have prior approval of the program director and dean.
- The title page and abstract will follow a standard form that may be obtained from the graduate program directors.
- Style sheets are determined by each graduate program. Endnotes or footnotes are acceptable, but each program will use only one form of citation.
- In the case of serious, documented violation of the Academic Honesty policy in thesis work, a student
will be dismissed from the university, subject to normal academic appeals processes.

Preparing the Copies

- Four copies of each thesis will be delivered to the Dulaney-Browne Library for binding (two copies for the library and two copies for the school/department).
- Each graduate student must pay a binding fee for each copy of the thesis. Additional fees may apply to theses that include additional work samples or media requiring special binding. The Dulaney-Browne Library will bind the copies of the theses, using the same binding, cover, and spine format for all graduate theses (Oklahoma City University blue with gold type).

All Copies Will:

- be submitted to the library unbound on white, letter-size, acid-free, 20–24 pound, 25–100 percent rag content paper,
- include the original signature of the student’s thesis advisor and/or committee,
- include one and one-half-inch left, and one inch right, top, and bottom margins,
- use 12-point type,
- and include type on one side only (except musical compositions).

Thesis Submission Form

The student is responsible for completing the Thesis Submission Form as well as ensuring that each office has provided a signature acknowledging satisfactory completion of the requirements related to that office. Signatures should be received in the order stipulated on the form, with the Registrar’s Office receiving the final copy of the Thesis Submission Form that includes all signatures. Failure to provide the completed form to the Registrar’s Office will delay the posting of the degree and the release of the diploma.

Academic Honesty

Academic honesty is required in all aspects of a student’s relationship with the university. Academic dishonesty may not be course-specific and includes falsification or misrepresentation of a student’s academic progress, status, or ability, including, but not limited to, false or altered transcripts, letters of recommendation, registration or advising forms, or other documents related to the student’s academic career at Oklahoma City University or other colleges or universities.

Students are personally responsible for the correctness and accuracy of information supplied to the university. Any student who knowingly gives incorrect information to the university is subject to disciplinary action which may lead to suspension.

Students are advised that cheating and plagiarism are not tolerated. The university expects all students to maintain a high standard of ethics in their academic activities. In this context, forms of academic dishonesty include, but are not limited to, cheating on tests, examinations or other class/laboratory work; involvement in plagiarism (the appropriation of another’s work and/or the unacknowledged incorporation of that work in one’s own); collusion (the unauthorized collaboration with another person); misrepresentation of actions; and falsifying information.

Grievance procedures, starting on page 32, do not apply to the academic honesty policy procedures listed below.

Law students are subject to the code of conduct published in the Oklahoma City University School of Law Student Handbook.

Course-Based Procedures

Each faculty member will include in his or her syllabus either the university’s academic honesty policy or a reference to the appropriate Oklahoma City University website regarding the academic honesty policy. The faculty member will include in the syllabus a description of the course-based consequences if a student fails to adhere to the academic honesty policy.

If, in the judgment of the faculty member, a student fails to conform to the academic honesty policy, the faculty member shall inform, in writing, the student’s academic dean, the provost/VPAA, and the student. Sanctions for a student’s breach of the academic honesty policy vary according to the nature and the seriousness of the offense. Sanctions are at the discretion of the faculty member involved within the constraints of the course in which the offense occurred. Sanctions by the faculty member may include, but are not limited to, requiring a student to redo a class/laboratory assignment; recording an F (Failure) for a particular test, examination, class/laboratory assignment which involved dishonesty; or recording an F (Failure) for a final course grade.

Appeal

A student’s appeal of the charge or the faculty-imposed sanction must be made in writing and delivered to the faculty member’s dean within 10 university business days after the date of the faculty member’s letter outlining the infraction of the academic honesty policy. The appeal period is increased to 21 calendar days when the faculty...
member’s letter must be mailed to a student residing outside the United States. If the 10th day (or 21st day, in case of a student residing outside the United States) falls on a weekend or university holiday, the appeal is due on the next university business day.

The faculty member’s school/college will elect faculty members to serve on a faculty/student committee to hear all school/college appeals for that academic year. If a faculty member is on the committee and the faculty member taught the course in question, he or she will not serve on the school/college committee for this appeal. The dean will appoint a replacement member for this appeal. If the dean taught the course in question, the appeal will go directly to the assistant provost.

There is a presumption that the faculty member’s decision is correct and, in the absence of extraordinary circumstances, shall not be changed. The faculty committee will render a decision in writing regarding the student’s appeal within 15 university business days of receiving the appeal. The faculty/student committee may lessen the sanctions but may not increase the course-based sanctions. The faculty appeals committee’s decision will be final, and there will be no further appeal of the faculty member’s decision. If the student is exonerated, no further action will occur.

**School/College-Based Procedures**

If the student chooses to appeal and the appeal is not upheld or the student chooses not to appeal the faculty member’s actions, the student’s dean has the option of adding sanctions. Consequences may include loss of school/college-based scholarship funds, community service, or dismissal from the school/college. The dean can not change the student’s grade. The dean must notify the student within 10 university business days of the decision to impose additional sanctions. The appeal process is increased to 21 calendar days when the dean’s letter must be mailed to a student then residing outside the United States. If the 10th day (or 21st day, in the case of a student then residing outside the United States) falls on a weekend or university holiday, the appeal is due on the next university business day.

**Appeal**

The student, within 10 university business days after the date of the written notification of sanctions, imposed by the dean of the student’s college/school, may appeal, in writing, to the provost/VPAA or assistant provost. The provost/VPAA or assistant provost’s decision is final, and there will be no further appeal.

**Loss of Privilege to Withdraw From a Course**

A student who has violated the academic honesty policy shall lose the privilege of withdrawing from the course in which the violation occurred in order to avoid the collateral consequences of sanctions which may be imposed by the faculty member teaching the course.

**Provost/VPAA-based Procedures**

The Office of the Provost will keep a file of all student violations of the academic honesty policy across the university. The provost/VPAA or assistant provost may, at his or her discretion, convene the Student Probation and Petitions Committee to consider dismissal of the student from the university for grievous or repeated violations of the academic honesty policy. The provost/VPAA or assistant provost must inform the student at least 10 university business days prior to the time the Student Probation and Petitions committee meets. The student has the right to appear before the Student Probation and Petitions Committee. The Student Probation and Petitions Committee will convene and render a decision regarding dismissal of a student from the university or other actions. The decision of the Student Probation and Petitions Committee is final and can not be appealed. Students dismissed from the university for academic honesty violations will not be eligible for readmission.

**Grievance Procedure for Grade Appeal**

A grade awarded by the course instructor is presumptively correct, and the instructor’s determination is generally final. Other than for mathematical or data entry errors, no final grade can be changed except on proof of exceptionally egregious circumstances as defined below. If a student has reasonable grounds to believe that a final grade received or final academic judgment made with respect to him or her in any course or program of study was based on violation of established university policies, procedures, or regulations, substantial error, bias, or miscarriage of justice, the student may, within 10 school days of the receipt of the final grade, initiate a grievance. School days are defined as Monday through Friday when classes are in session, excluding breaks, final exam periods, and holidays. Grievance procedures for students attending programs outside the United States must be facsimiled or emailed within 28 calendar days in order to meet the remainder of the deadlines. The process is composed of both informal and formal procedures.

**I. Informal Grievance Procedure**

A The student should communicate with the instructor in an attempt to resolve the issue.

B If, after communicating with the instructor (or if, after reasonable effort on the part of the student to
II. Formal Grievance Procedure

A  Only if the issue is still unresolved after meeting with the chair of the department, as outlined in section I, the student may initiate the formal grievance process with the dean. Note: If the dean taught the course, the assistant provost will undertake the dean’s responsibilities in the grievance procedure. The levels of action are clearly defined and include strict time limits designed to effect speedy resolution. No formal appeals procedure will be enacted if six months or more have elapsed since the incident. It is the responsibility of the student to initiate the process and follow it through. Failure of the student to move the appeal forward in the specified time limits will terminate the appeal.

1  The student will first present his or her appeal to the dean of the college or school. The appeal will be in writing, in as much detail as possible, stating all aspects of the issue that the student believes pertinent. Grounds for review are limited to violation of established university policies, procedures, or regulations, substantial error, bias, or miscarriage of justice. Copies of pertinent material in the student’s possession or access will be included as appropriate.

2  Upon receipt of the material provided in section I, the dean will determine, within five school days, if the student has a prima facie case. If the dean determines that insufficient evidence has been presented by the student, he or she will dismiss the appeal. If the dean determines that there is evidence that, if believed, would constitute a prima facie case, the dean will provide, within 10 school days of this determination, a copy of the written material to the faculty member in question. The dean will request a written response that details as completely as possible the position/opinion of the faculty member on all issues raised. Copies of exams, assignments, grade books, or other relevant information will be submitted with this response. The instructor will have 10 school days in which to prepare his or her response.

3  The student will be given the opportunity to review the instructor’s response and to provide additional written comments to the dean. This response will be given within five school days of the receipt of the faculty member’s response to the dean. The dean will then render a decision on the appeal within five school days. The dean or his or her designee has the right to request, from any party, any additional information he or she believes is pertinent and appropriate. However, the request for information will not extend the five-day response period above. Unless the dean determines that sufficient evidence exists to support the student’s allegation, the dean will deny the appeal. The dean has the authority to deny the appeal or forward the appeal to the assistant provost, who will convene the Student Probation and Petitions Committee. The dean does not have the authority to change the grade, but may make a recommendation to the committee.

B  Either the student or the faculty member may appeal the dean’s adverse decision within five school days of the receipt of the dean’s decision by giving written notice of intent to do so. Upon such written notice to the dean, the dean will forward copies of all material to the assistant provost, who will convene the Student Probation and Petitions Committee, which must meet within 10 school days of receipt of the appeal. Note: If the faculty member who taught the class involved in the appeal is a member of the Student Probation and Petition Committee, the faculty member must recuse him or herself from the committee during the appeal. The committee will review all documentation and will reach a decision. The committee may request additional documentation if it believes it is appropriate to do so and may adjourn until the documentation is available. Both parties have the right to appear before the committee; however, to the fullest extent possible, the decision will be based on the written documentation provided. The committee will uphold the originally issued grade unless it finds substantial evidence of violation of established university policies, procedures, or regulations, substantial error, bias, or miscarriage of justice. The committee’s decision will be rendered as soon as
Academic Probation and Dismissal

Graduate students whose cumulative GPAs fall below 3.00 will be placed on academic probation. Students on academic probation must raise their cumulative GPA to 3.00 or higher within the next nine credit hours attempted or will be dismissed from the degree program. Students who may need more than nine credit hours to be removed from academic probation may submit an appeal for an extension to the Student Probation and Petitions Committee and, if granted, are to maintain a 3.00 or higher GPA for courses taken in the interim. No student may graduate on academic probation, i.e., with a cumulative GPA below 3.00.

Individual schools, colleges, and graduate programs may establish academic standards more stringent than those stated here. In such cases, the student’s appeal is heard by the Student Probation and Petitions Committee. The committee will consider the appeal based on the program’s standards. If the appeal is not granted and the student wants to move to another graduate program, they must apply for admission to that program and be accepted by the school or program to which they apply.

Only students who are in good academic standing may participate in extracurricular activities. Extracurricular activities are defined as activities such as athletic competitions, artistic performances, and academic competitions that are not required by the student’s course work or major program. Students who are not in good academic standing will be prohibited from representing the university in the participation in intercollegiate athletic events, artistic performances except as required for their course work or degree requirements, and intercollegiate academic contests. Traveling with athletic teams, performance groups, or academic teams also will be prohibited.

Readmission Policy for Students Dismissed for Poor Academic Performance

A student who is dismissed from the university for academic reasons must wait one full academic year before applying for readmission. The latest date by which readmission requests must reach the Office of the Registrar in order to be considered for earliest possible readmission will be indicated in the letter of dismissal. The Student Probation and Petitions Committee will review any request for readmission. Requests for readmission will be reviewed prior to the semester in which the student is eligible to re-enroll.

Academic Probation

Academic Probation and Dismissal

Appeal Procedure for Academic Dismissal

Within 14 calendar days (excluding university holidays) of the receipt of the written notice of dismissal, the student may initiate an appeal in the following manner:

1. The student must submit a written appeal to the registrar. The appeal should have as much detail as possible, stating all aspects of the issue that the student thinks pertinent. It is the responsibility of the student to initiate the process and follow it through. Failure of the student to move the appeal forward in the specified time limit will terminate the appeal.

2. After making a determination that the appeal is filed in a timely manner, the registrar will convene the Student Probation and Petitions Committee to consider the student’s appeal within 10 school days of its receipt. School days are defined as Monday through Friday, when classes are in session, excluding breaks, final exam periods, and official university holidays. The Student Probation and Petitions Committee will review all documentation and reach a decision on the appeal. The committee may request additional documentation and may postpone the hearing until that documentation is available. The student has the right to appear before the committee; however, to the fullest extent possible, the decision will be based on written documentation provided.

3. The committee may affirm the decision to dismiss, overturn the decision to dismiss, or qualify the decision to dismiss.

4. If the committee affirms the decision to dismiss, the provost may review the documentation to determine that these procedures were followed. The provost’s review will only address procedural matters.

5. The assistant provost will notify the student within three school days of the decision of the committee.

6. A student who is matriculated in a graduate degree program at Oklahoma City University (except in the School of Law) is granted only one opportunity to appeal any dismissal for substandard academic performance. If the outcome of that appeal is
reinstatement, any subsequent dismissal for substandard academic performance is final and may not be appealed.

Note: This procedure applies to all departments and schools within the university except the School of Law. Appeals of academic dismissal in the School of Law are heard by the Law School’s Petitions and Retention Committee under the procedures and regulations set forth in the Law School’s Student Handbook. Decisions of that committee are final, except that the president may review the documentation solely to determine that due process has been followed.

Graduation Procedures and Commencement

Graduate degree candidates should check with their program directors on their progress toward satisfying graduation requirements during the semester preceding final enrollment.

A student cannot graduate with more than 6 credit hours below B– in that graduate program. Grades below a C cannot count for graduation. Degree candidates must have a cumulative GPA of not less than 3.000 in hours attempted for the graduate program in which the degree will be conferred. Only courses taken at Oklahoma City University are used in calculating the GPA.

There are three graduation dates (fall, spring, and summer) and one commencement ceremony (May). Students completing degree requirements in the fall participate in the following May commencement ceremony. Students completing degree requirements in the spring term of an academic year participate in the May commencement ceremony following the end of that term. Students completing degree requirements in the summer terms participate in the May commencement ceremony of that same academic year. All students should complete the application for graduation by the appropriate deadline published in the academic calendar.

Before filing the application for graduation, each candidate should contact his or her academic advisor to initiate a final degree review. A final degree certification must be submitted to the Registrar’s Office by the appropriate dean. Consult the appropriate pages under Education for the requirements pertinent to certification. Responsibility for meeting graduation requirements lies with the student.

The date recorded on a diploma will be the conferral date (fall, spring, or summer) following the semester or summer term in which the student completes all requirements for the degree based on the last day of the course(s). The date recorded on a diploma for a degree with a required comprehensive exam will be the next conferral date after all requirements, including any comprehensive exams, have been successfully completed.

The Office of the Provost coordinates the commencement ceremonies for the university. Graduates are required to wear the appropriate cap and gown to participate in the ceremony. The only cords or stoles permitted to be worn with a graduate’s academic dress during the ceremony are those awarded by the university or honor societies of the university.

Graduation Honors

The university recognizes the academic achievements of its candidates for degrees by the following honor awards:

High Honors — a cumulative GPA of 3.900 or higher
Honors — a cumulative GPA of 3.750–3.899

Courses that are nongraded or graded as credit/no-credit may not be included in the minimum hour requirements. To determine honors candidates for the commencement ceremony, the GPA and the hours accumulated through the semester prior to commencement will be calculated. For the official honors designation which is placed on the transcript and the diploma, the final semester’s hours and grade points are included. Only the GPA of hours completed at Oklahoma City University will be used in the calculation of graduation honors eligibility.

University Honors

Phi Kappa Phi

Phi Kappa Phi is an all-discipline national honor society. Undergraduates, graduate students, faculty, professional staff, and alumni are eligible for membership. The organization is more than 100 years old, and election is by invitation only. The mission of Phi Kappa Phi is “to recognize and promote academic excellence in all fields of higher education, and to engage the community of scholars in service to others.”

International Education (Study Abroad)

While most study abroad programs are designed for undergraduate students, graduate students are encouraged to explore available opportunities such as language immersion programs and internships abroad. Some Oklahoma City University faculty-led study tours are open to graduate students. For more information, see okcu.abroadoffice.net or contact the director of academic services in Suite 438 of the administration building at (405) 208-5270.

Law students may select from several programs offered through the law school each summer. For more information, see the law school’s study abroad website or contact the director of international programs at (405) 208-5125.

Center for Interpersonal Studies Through Film and Literature

The center’s mission is to develop creative programs through film and literature that engage individuals on the intuitive and experiential levels to understand themselves and others across time and space. Begun in 1997, the center brings a distinguished creative person to the campus each year. Poets Jimmy Santiago Baca, Lucille Clifton, Carolyn Forché, Mark Doty, Claudia Emerson, Joy Harjo, Jane Hirshfield, Li-Young Lee, Michael Ondaatje, Naomi Shihab Nye, and Natasha Trethewey as well as Poet Laureates Billy Collins, Ted Kooser, Charles Simic, and Robert Pinsky, Terence Hayes, Tracy K. Smith, and Richard Blanco have been featured. Marie Howe will be the poet in April 2016. The center also develops an annual documentary film series each spring; develops for the university and community an archive collection of quality videos and DVDs along with viewing suggestions and some lesson plans for grade school through university-level teachers; conducts field trips to Oklahoma City University for teachers and students from upper elementary through high school to view and discuss distinguished films; holds a book discussion series for the university and Oklahoma City community; collaborates with other campus and metropolitan organizations to support and encourage different groups to work together on creative projects; and contributes to the support of The Harbour Winn OCU Film Institute. The director teaches university courses related to the mission of the center as well as courses in the English department and courses in the Moving Image Arts Program. The Thatcher Hoffman Smith Endowment Fund and an advisory committee support the development of the center.

Dulaney-Browne Library

Oklahoma City University supports two libraries: the Dulaney-Browne Library and the Law Library. While the collections and services of both libraries are available to all university students, faculty, and staff, all non-law-related library materials and services are provided through the five-story Dulaney-Browne Library building in the center of the campus.

The Dulaney-Browne Library provides access to thousands of high quality research resources for Oklahoma City University students, faculty, and staff. Library resources and services are available in the library or through the library’s Web page (okcu.edu/library) and include more than 215,000 books, 8,600 videos and DVDs, 47,600 full-text online periodical titles, 5,600 compact disc recordings, 13,400 musical scores, and 135,000 electronic books. Reference librarians provide assistance in finding information in the library, over the telephone, via the internet, and by text message. Librarians also offer formal instruction to individuals and groups in the use and evaluation of information resources. Additional library resource services include the Archives and Special Collections (including the University Archives, the Oklahoma United Methodist Archives, and the Shirk Oklahoma History Center), the Foundation Center Cooperating Collection, the Center for Interpersonal Studies through Film and Literature Film Collection, and the Leichter Listening Library (in the Wanda L. Bass Music Center). The library building is also the home of the Learning Enhancement Center and the Center for Excellence in Teaching and Learning.

The library cooperates with other libraries in Oklahoma and around the world to provide students, faculty, and staff with access to their collections through OK-Share (a cooperative library card for Oklahoma academic libraries) and interlibrary loan (delivery to the library user of articles and books from other libraries).

Please contact the library at (405) 208-5065, (405) 445-3636 (text), or AskALibrarian@okcu.edu; or visit during regular library hours (Monday–Thursday 7:30 a.m.–midnight, Friday 7:30 a.m.–7 p.m., Saturday 10 a.m.–7 p.m., and Sunday noon–midnight) for more information.
Computer and Information Resources

Campus Technology Services maintains a centrally-located, area dedicated to aid students with their computer issues on the lower level of the McDaniel University Center. The Student Technology Support Center is staffed by trained technicians familiar with both Microsoft and Apple operating systems. The center offers a variety of student support services including:

- Walk-in and telephone support
- Technology-related consultation
- Hardware and software support
- Virus and malware removal
- Installation of campus-licensed software applications such as Microsoft Office and Essentials (virus protection)
- Assisted hardware upgrades
- Training
- A computer-based issue and support tracking system

Finding a computer to use on campus is easy with 16 computer labs in various locations spread conveniently across campus. Lab hours vary by location. MS Office, MS Visual Studio, and web browsing capabilities are installed in each lab, and several labs have course specific software available. Printing services are available in all public-access labs as well as all public computing spaces on campus. Each semester students receive an allotment for printing via their OCU ID cards. All students are issued a user ID and password, which are required to log into the campus network to use the labs and access printing services.

Email accounts are provided to all students. Email can be accessed through the internet from any location on or off campus. Additionally, all students are provided disk space on the campus network to store files and create Web pages.

All residence hall rooms are wired for telephone and network connectivity. To have a telephone line activated, contact Telecommunications at 208-5100. Dorm residents may connect one wired computer or network device at a time to the campus network from their dorm rooms. A limited number of computers are available in each dorm lobby. Wireless network connectivity is available throughout the campus as well as within the dorm rooms.

Additional information for the Student Technology Support Center regarding student computing, lab hours and locations, support and questions can be found at http://starnet.okcu.edu/services/cts/geeks or by calling (405) 208-5555. The university’s computer-use policy is published on the university website at okcu.edu/technology. All students should read this policy to find information about devices that are authorized and supported for connection in dorm rooms.
Campus Disability Services

Campus Disability Services is located in the Campus Health Clinic in Kramer West. We are dedicated to providing for the needs of students, staff, and OCU patrons who have disabilities. Reasonable modifications in the classroom, on campus housing, facilities around campus, and within our campus library will be provided for students with documented disabilities. Students with disabilities who wish to access services must initiate their request by contacting the Campus Disability Services Office. To contact Campus Disability Services, please email or call the Coordinator for Campus Disability Services, Jenny Minsberg at jlminsberg@okcu.edu or (405) 208-5895.

Learning Enhancement Center

The LEC offers a variety of free services to students, such as one-to-one tutoring in most areas of the curriculum. Tutoring sessions are approximately fifty minutes long. The LEC also helps instructors by proctoring tests that are given outside of the traditional class time period.

Students may discuss any aspect of their papers with tutors, and tutors may assist with specific areas suggested by faculty. Specialized assistance is available for the visually impaired. Selected PCs located in the LEC are equipped with screen magnification software.

Tutors also work with international students on English conversation and idioms.

The LEC is open Monday through Thursday, 9 a.m. to 9 p.m., and Friday, 9 a.m. to 5 p.m. Computers (PCs and Macs) are available. The LEC is located in the Dulaney-Browne Library. Students may schedule appointments online at okcu.edu/students/tutoring or by calling (405) 208-5040.

ELS Language Centers

Oklahoma City University provides international students instruction in the English language through the ELS Language Centers located on campus.

The Intensive English for Academic Purposes (EAP) program at ELS Language Centers provides thirty hours of instruction per week to move a student quickly to the goal of university entrance. New sessions begin every four weeks, and students are tested and placed in one of twelve levels. The intensive EAP course is a complete English program including classes in structure/speaking, conversation, reading, writing, Language Technology Center (LTC), and special-interest subjects.

ELS Language Centers’ is accredited by the Accrediting Council for Continuing Education and Training (ACCET) and by the Oklahoma State Board of Regents for Higher Education. For information regarding this service, contact ELS Language Centers’, (405) 525-3738, els.edu, or email okc@els.edu.

Academic Policies

The following academic policies apply only to the graduate programs in the Petree College of Arts and Sciences—Master of Arts in applied sociology—nonprofit leadership, Master of Arts in teaching English to speakers of other languages (TESOL), Master of Fine Arts in creative writing, Master of Science in criminology, Master of Education, and Master of Liberal Arts. Please see specific program descriptions for more details on policies in each program.

Transcript Requirements

No student will be admitted to a graduate program in the Petree College of Arts and Sciences without submitting complete, official transcripts from all institutions attended with evidence of an undergraduate degree or equivalent to a United States bachelor’s degree. Failure to submit all transcripts will result in immediate dismissal.

Maximum Number of Transfer Credits Accepted

Six credits may be accepted for transfer from other regionally accredited institutions. In exceptional cases, more credits may be transferred with the approval of the program director and dean.

Master’s degree programs in the School of Liberal Arts and Sciences will accept a maximum of 6 credit hours of approved courses from other graduate degree programs at Oklahoma City University.

Age of Transfer Credit Accepted

Generally, only course work completed within five years of admissions to Oklahoma City University will be accepted for transfer credit. In exceptional cases, course work completed within ten years of admission may be transferred with the approval of the program director and dean.

Minimum Residency Requirements

The minimum number of hours in residence for each program may be calculated by subtracting the number of transfer credits allowed from the total number of hours needed to graduate. Transfer credits are not accepted after a student has begun a graduate program except with approval of the program director and dean.

Maximum Number of Below B- Grades Allowed

A maximum of 6 credit hours below B- are allowed. No grades below C- will be accepted. TESOL students are not allowed to make grades below B- in designated core courses.

Maximum Number of Repeat Courses

A course may be repeated only once. Students may have only two repeats in a graduate program. If, after repeating a course, a student fails to receive at least a C-, the student will be automatically dismissed from the university.

Academic Probation Policy

Programs in the Petree College of Arts and Sciences follow the university’s academic probation policy. See the Academic Regulations section of this catalog, starting on page 26.

Academic Appeals

The university academic appeals process will be followed by the graduate programs of the Petree College of Arts and Sciences, with one notable exception. A Graduate Programs Committee composed of the graduate program directors, the associate dean, and the dean will hear all grievances. An appeal to this committee will take the place of an appeal to the dean in the academic appeals process. The dean will chair the Graduate Programs Committee.

Applying for Readmission

A student who has been dismissed from the university must wait a full academic year before applying for readmission.

Maximum Course Load

Students may enroll in a maximum of 12 hours in each of the fall and spring semesters, 6 hours in each of the summer terms. In exceptional cases, a student may enroll in more hours if approved by the program director and dean.

Independent Study/ Directed Readings Hours

The maximum number of combined independent study and directed readings hours allowed during graduate
studies is 6 hours. In exceptional cases students may take more than 6 hours of independent study/directed readings with approval of the program director and dean.

**Incomplete Policy**

Petree College of Arts and Sciences follows the university’s incomplete policy. In addition to the normal university requirements, all students must sign a contract with their professors regarding assignments to be completed and deadlines for course completion. If course requirements are not completed in the agreed-upon period of time, the I (incomplete) will be removed and converted to a grade indicated in the contract.

**Time to Finish a Degree**

Graduate degrees must be completed within six years.

Master of Liberal Arts

Director: Bennett

The Program

The Master of Liberal Arts (M.L.A.) is designed to enable adults to acquire broader knowledge, deeper insight, and greater understanding of our cultural heritage in the humanistic, social, political, and scientific aspects of contemporary civilization. The M.L.A. seeks to lift adults above the provincialism commonly associated with our rapidly changing, increasingly specialized world and to provide them with those general skills that traditionally reflect a liberal education—the abilities to summarize, analyze, evaluate, and synthesize in written and oral discourse—all in an intellectual setting of reflection and value-conscious discourse.

The Student

To be admitted to the program, the student must have earned from a regionally accredited four-year institution a bachelor’s or equivalent four-year professional degree. Many students are professionals in the community—attorneys, executive and management personnel, dentists, teachers, doctors. All share the desire for liberal learning, which is a helpful resource in developing the perspective necessary for critical decision making, creative leadership, and enriched personal growth. The M.L.A. student has a developed spirit of independent inquiry and is aware of the value of a strong background of liberal study, but is not interested in the strict formality of a conventional degree program. Students must conform to university requirements for graduate students, and maintenance in the program will be subject to conformity with these requirements.

The Faculty and Administration

The M.L.A. program invites the participation of all full-time members of the Oklahoma City University faculty. In addition, distinguished professors and other members of the community with appropriate academic and distinguished professional credentials are sought out and employed in service of the program.

The M.L.A. program is chartered by the faculty of the Petree College of Arts and Sciences. Program policy is established and amended by the Petree College of Arts and Sciences faculty. The M.L.A. director administers the program, and the Graduate Council approves all substantial changes. The M.L.A. director approves course offerings and faculty appointments, reviews degree requirements, certifies graduates, and makes general recommendations as to the administration of the program.

The Curriculum

The M.L.A. curriculum offers two opportunities for study. Students may choose between the general studies or the leadership/management degree programs. Both programs are 36 hours and allow the students the flexibility to design a program that is not only personally enriching but also of maximum personal and professional benefit.

General Studies

The general studies degree is designed to accommodate the curious adult learner who recognizes that learning is an ongoing and evolving process that remains with us all our lives.

Traditionally, approved M.L.A. graduate electives are offered in the departments of art, criminology, English, history, justice studies, mass communications, modern languages, moving image arts, philosophy, political science, and sociology. They are listed in the course schedule as graduate classes under the department prefix. New courses are added to the M.L.A. curriculum each semester, while standard, popular offerings are retained.

Degree Requirements

The M.L.A. does not require a thesis, GRE, or foreign language (although foreign languages may be studied for M.L.A. credit). To receive the M.L.A., the student must satisfy the following requirements:

1. Complete 36 hours of approved graduate study within six years of the date of admission.
2. Maintain a GPA of 3.00 or above. Students failing to maintain a B average over two semesters will be dismissed from the program.
3. A maximum of 6 hours of Independent Study may be taken toward satisfying the M.L.A. degree requirements.
4. A maximum of 6 hours of transfer graduate credit from another accredited institution may be considered toward satisfying the M.L.A. degree requirements. Transfer credits must have been taken within five years prior to the date of admission and must not have been used in attaining a previous degree. Credit is not given for study by correspondence.

Admission

Admission to the M.L.A. program requires completion of a bachelor’s degree from a regionally accredited college or university with a GPA of 3.00 or higher on a 4.00 scale. Probationary admission may be allowed for promising students whose GPA falls between 2.75 and 2.99.

Master of Arts in Applied Sociology—Nonprofit Leadership

Director: Spinks
Adjunct Faculty: Holt, Joseph, Roberts, Thompson, Walser, Young

Program Description

Oklahoma City University’s Master of Arts in Applied Sociology—Nonprofit Leadership is designed to develop the moral, ethical, professional, and scholarly knowledge, skills, and abilities of future servant leaders in the nonprofit sector. The program prepares leaders for the increasingly important body of work performed by nonprofit organizations. Nonprofit organizations are now considered the critical third aspect of the partnership (business and industry, government, and the nonprofits) necessary to adequately meet the complicated needs of our 21st century society.

After a century of being relegated to the category of work performed by the semiprofessional, today’s nonprofit executive is required to lead organizations through the complicated maze of increasing accountability requirements, new laws and regulations, and changing accounting rules. The tremendous increase in demand for accountability from nonprofits for the use of the charitable dollars they receive requires insightful and prepared leaders who understand the fundamentals of nonprofit organizations as well as the changing demands of the social context in which they operate. Nonprofit leadership is no longer a second career for the retired or an easy job for the less talented. It has become a profession in a growth industry that demands prepared leaders with finely honed skills that are unique to the work.

The curriculum employs a sociological perspective (i.e., specific sociological theories identifying patterns in human interaction) to illuminate how and why actions exist, the consequences or implications of such actions, and how to change such actions. Leaders in nonprofits need to understand such issues as organizational social theory in order to effectively deal with complex situations, e.g., those involving a paid and unpaid labor force.

This program partners with community leaders and organizations who want to invest in the future of nonprofits. Students in theology, sociology, justice studies, psychology, religion, dance, or music may all be interested in studying nonprofit leadership.

Admission Requirements

Applicants to the M.A. in Applied Sociology—Nonprofit Leadership and to the certificate in nonprofit leadership programs must possess a bachelor’s degree conferred by a regionally accredited university by the time of matriculation in the program. All applicants must have earned a cumulative undergraduate GPA of 3.00 or higher. Applicants with an undergraduate GPA in the range of 2.75 to 2.99 may be admitted on probation with the permission of the program director. All applicants must submit letters of recommendation from academic sources or from supervisors in the nonprofit field, along with an essay that includes the student’s rationale for pursuing the degree or certificate. Complete details on the admission process and requirements are available from the Graduate Admissions Office.

Accelerated Format and Time to Complete the Program

Courses in the nonprofit leadership degree and certificate programs are taught in an accelerated eight-week format in which classes meet once per week in the evening. Full-time students in the graduate degree program will typically be enrolled in two classes during each eight-week session. This will enable full-time students who are making satisfactory progress to complete their degree in one calendar year. Students in the certificate program will typically be enrolled in one class during each eight-week session and can complete the requirements for the certificate in one calendar year. Students may choose to complete the degree or certificate program at a slower pace than this.

Course Calendar

The following calendar of course offerings is provided for planning purposes. Consult with the program director for information about completing either program at a different pace.

Joint J.D./M.A. in Law and Nonprofit Organizations and Leadership

The School of Law, in conjunction with Oklahoma City University’s Petree College of Arts and Sciences (PCAS), offers a J.D./M.A. joint degree program designed to provide a meaningful combined experience for students with an interest in law and nonprofit organizations. The program culminates in the award of both the Juris Doctor and the Master of Arts in Applied Sociology—Nonprofit Leadership. The joint degree program allows candidates to earn the J.D. and M.A. in less time than would be required if the degrees were earned concurrently, but separately.

To participate in the program, students must be admitted to both schools. All of the usual entrance requirements apply. There is no required sequence for admission: students may apply and matriculate at either school first.

Students admitted to the School of Law who would like to be considered for the joint degree program should notify the law school’s admissions office. Their law school application file will then be forwarded to the university’s Graduate Admissions Office for possible admission to the PCAS’ Master of Arts in Applied Sociology—Nonprofit Leadership.

Current law students may apply to the PCAS at any time during the first two years of law school. Full-time law students must complete the first three semesters of law school without interruption and may not begin their M.A.
coursework before the fourth semester of law school. Part-time law students must complete their first six semesters of law school without interruption but may begin their M.A. coursework during the sixth semester of law school.

A PCAS student must begin law school in the first August following his or her admission to the J.D. program and complete the first three semesters of the J.D. program without interruption.

Students who have been admitted to both the university’s J.D. program and the university’s M.A. program in Applied Sociology – Nonprofit Leadership should notify the School of Law’s registrar in order to receive the benefit of the joint program’s reduced number of credit hours for the J.D. degree. Students may do this by checking the appropriate box on their work statements during an enrollment period.

Joint degree candidates must complete 84 credit hours in the School of Law and 30 credit hours in the PCAS. This compares with 90 hours required in the School of Law and 36 hours required in the PCAS if the degrees were pursued separately.

In the School of Law, joint degree candidates must complete Nonprofit Organizations, Taxation of Charities and Nonprofit Organizations, and the Corporate Counsel Externship program (with a placement in a nonprofit setting). Candidates are encouraged (but not required) to complete Agency and Unincorporated Business Associations, Contract Drafting, and Client Representation in Negotiation and are also encouraged (but not required) to complete their upper-class writing requirement through a seminar paper dealing with nonprofit organizations. In the PCAS, joint degree candidates are exempt from taking Nonprofit Law and Professional Project and Capstone.

**A Suggested Course Sequence for the J.D./M.A.**

The following example is for a full-time law student who has completed the first three semesters of law school. (See the School of Law catalog for all J.D. requirements.)

**Fourth Semester of Law School (spring)**

| Constitutional Law II       |
| Six to seven hours of J.D. electives (including graduation requirements) |

**First Eight Weeks of Semester**

| SOC 6413  Nonprofit Financial Oversight |

**Second Eight Weeks of Semester**

| SOC 6513  Strategic Planning and Program Development for Nonprofits |

**Summer Term**

**First Summer Session**

| SOC 6613  Research Data in Nonprofits |

**Second Summer Session**

| SOC 6913  Marketing for Nonprofits |

**Fifth Semester of Law School (fall)**

Nine or ten hours of J.D. electives (including graduation requirements)

**First Eight Weeks of Semester**

| SOC 6013  Sociology of Leadership I |

**Second Eight Weeks of Semester**

| SOC 6113  Sociology of Leadership II |

**Sixth Semester of Law School (spring)**

Corporate Counsel Externship, with a placement in the nonprofit sector

| Seminar with a paper satisfying the Upper-Class Writing Requirement on a topic dealing with nonprofit organizations |

Eight or nine hours of additional J.D. electives (including graduation requirements)

**Second Eight Weeks of Semester**

| SOC 6813  Advocacy for Social Change |

**Summer Term**

| SOC 6713  Nonprofit Program Evaluation |

**Seventh Semester of Law School (fall)**

Remaining coursework for the J.D. degree (7 to 10 hours, depending on previous J.D. course loads)

**First Eight Weeks of Semester**

| SOC 6003  Sociological Foundations of Nonprofits |

**Second Eight Weeks of Semester**

| SOC 6213  Resource Mobilization and Development |

**Note:** A candidate pursuing full-time studies may take up to four calendar years to complete the J.D.
Master of Arts in Teaching: Elementary Education

Director: Willner
Faculty: Delgado Brown, Wilhelm

Program Description

The Master of Arts in Teaching Elementary program at Oklahoma City University is designed for adults who have completed a bachelor’s degree in any subject and are seeking to become certified teachers in elementary schools. There are two portions of the program, the certification portion and the master’s portion.

The certification portion consists of 30 hours of coursework and field experiences during the summer, fall, and spring sessions of the first academic year. Upon successful completion of the state certification exams, a program portfolio, and the coursework/field experiences, teacher candidates are prepared to teach elementary children across the curriculum and are eligible for state certification/licensure.

The master’s portion of the program is designed to be taken the second academic year when candidates are teaching in elementary schools. It consists of two courses in which candidates will learn research methodology and conduct action research projects in their own classrooms.

Admission Requirements

- Bachelor’s degree with cumulative GPA of 3.00
- Personal statement regarding interest in the program
- Two letters of recommendation

Please contact the Office of Graduate Admission to facilitate your application to this program. Call (405) 208-5351 or email gadmissions@okcu.edu.

Requirements for Certification

Students may have already taken these courses in their bachelor’s programs. Additional courses may be taken at the undergraduate or graduate levels.

- Twelve credit hours each in English Language Arts, Social Studies, Science, and Mathematics.
- Six credit hours in a single foreign language.

Certificate in TESOL

The certificate is an 18 credit-hour program created for those who do not want to pursue a master’s degree but
desire credentials in TESOL that will aid them in gaining employment in TESOL both domestically and overseas.

**Admission Requirements**

All applicants must possess a bachelor’s degree from a regionally accredited college with a GPA of at least 3.00 on a 4.00 scale. The applicant with a GPA between 2.75 and 2.99 may, with permission of the program director and graduate faculty, enter the program on probation. An applicant with a GPA lower than 2.75 may be admitted on probation only with the approval of the program director and the dean of the Petree College of Arts and Sciences. Students entering the program with probationary status must maintain a minimum GPA of 3.00 in the graduate curriculum to continue.

In addition, all international and probationary students are required to take Research and Writing (GRED 5003).

**Admission Procedure**

The application for admission to the Master of Arts in TESOL may be secured from the Office of Graduate Admissions or the International Admissions Office. (See Graduate Admission, beginning on page 8 in this catalog.)

**Advising**

Upon receiving a letter of admission, the student should make an appointment to confer with his or her appointed advisor prior to enrolling. Advisors are assigned by the first letter of the student’s last name. Dr. Griffin advises students with last names beginning with A–M. Students with last names beginning with N–Z will be advised by Dr. Zhou. Telephone listings and office hour schedules for both of the advisors are available in the education division office at (405) 208-5371. The advisor will assist the student in planning the program and selecting courses for the degree.

**Transfer of Hours**

To be transferable, course work completed at another institution must be certified as graduate credit by that institution and must fit into the student’s plan of study. Usually, a maximum of 12 semester hours may be transferred from another institution. (Transfer of more than 6 hours requires approval of the program director and dean). Acceptance of transferred course work will be decided by the student’s advisor as designated by the TESOL course equivalency guide, and then approved by the dean’s office at the time the student program is planned. Students transferring from universities not listed in the TESOL course equivalency guide must submit a course syllabus and transfer eligibility will be determined by a TESOL faculty review.

**Comprehensive Exam Policy**

All candidates for the M.A. in TESOL are required to successfully complete a comprehensive examination, usually scheduled during the student’s last semester of course work. Successful completion is defined as passing five out of six competencies. Format, times, and location will be announced early in the semester and are normally conducted in November, April, and June (administered only when needed). Applications and instructions for the examination are available in the division of education office. In order to be eligible to take the comprehensive exam, students must have completed all the courses that correlate with the six competencies of the exam or be in the process of completing those courses during the semester in which the exam is taken. Applications must be signed by the advisor and the program director. A copy of the completed application is required for entry into the examination room. Students who fail the examination may only retake it once. Students who fail the examination after two attempts will not be awarded the M.A., but may be eligible to receive a Certificate of TESOL.

**Thesis Option**

In consultation with the student’s TESOL advisor, the thesis option must be selected prior to the ninth week of the first semester of enrollment in the TESOL program.

2. The candidate must successfully complete TESL 5003: Research and Writing.
3. Additionally, the candidate must complete TESL 6903: Methods of Research during the first semester of study in the program with an A (not A-) both in the course and on the research proposal made as part of the course.
4. The candidate must have a TOEFL iBT score of 100 or higher with a minimum score of 25 on the TOEFL writing component or a band 7.0 on the IELTS Writing exam.
5. The candidate must possess a GPA of 3.75 or higher by the end of the first semester.

If the above five conditions have been met,

6a. The thesis candidate will confirm a three-faculty member thesis committee within two weeks of the start of the student’s second semester in the TESOL program. This committee must be formed with a minimum of two full-time TESOL faculty; the third
member could also be from the TESOL department or, with permission of your committee chair, a faculty member from another department/program. The student is responsible for forming the thesis committee, getting the signatures of each faculty member, and should refer to the TESOL thesis guidelines available in the department.

6b The thesis candidate will submit a thesis proposal including both the introduction and method section to the thesis committee members by week six of the student’s second semester in the TESOL program. Please refer to the TESOL thesis guidelines available in the department.

6c At the time of thesis proposal submission, the candidate will schedule a time for an oral defense of the thesis proposal. The defense will be within one week of the proposal submission date.

7 The thesis committee will then approve (or not) the continuation of the research project based on a demonstrated advanced writing skill and a clearly defined research agenda.

8 Candidates who are approved to continue with the thesis option will be required to complete the minimum of 33 hours plus TESL 6983: Thesis in TESOL, which will be taken in lieu of an elective course during their third and final semester in the program. Core courses or required courses cannot be taken as thesis hours.

9a The completed thesis must be submitted to the three-member committee by week nine of the student’s third semester in the TESOL program (at least five weeks prior to commencement).

9b At the time of the thesis submission, the candidate will schedule a time for a public, oral defense of the thesis. The defense will be within two weeks of the thesis submission date (week 11; at least four weeks prior to commencement).

10 Upon a successful defense of the thesis, all suggested revisions to the manuscript must be completed and signed by the thesis committee within two weeks. Upon this approval by the committee a final bound copy will be submitted to the thesis chair and two final bound copies will be deposited in the Dulaney-Browne Library. All final bound copies submitted to the library become property of the university.

Exceptions must have prior approval of the thesis advisor and the program director.

Students are expected to complete the thesis during the semester of enrollment in the TESL 6983: Thesis in TESOL. However, the research design for the problem may be such that one semester is not sufficient for completion of the study. In this case, the student must secure the approval of his or her thesis advisor and an “X” will be recorded as the grade. The extension may not exceed one semester. If the “X” is not converted to a grade by the end of the extension period, the student will be required to re-enroll in TESL 6983: Thesis in TESOL. Re-enrollment of more than one time will not be permitted without filing a new plan of study, which must be approved by the thesis advisory committee.

The writing style of the thesis should comply with the most recent edition of the American Psychological Association (APA) Style Manual. (See the TESOL thesis guidelines, starting on page 49, and the Academic Regulations section of this catalog, starting on page 26, for additional information.)

Master of Education in Applied Behavioral Studies

Coordinator: Farha
Faculty: Glenn, Hakman
Adjunct Faculty: Smith, Tassey

Although the applied behavioral studies (ABS) and counseling programs are housed in the Department of Education, they function independently and the ABS coordinator reports directly to the dean of the college.

The one year, 33-hour fast-track master’s degree in applied behavioral studies is designed for pre-counseling and related professionals who are involved in the fields of learning, development, and group processes in human behavior settings such as mental health facilities; government, business and industry; and organizational contexts. This program has been approved by the Oklahoma Department of Mental Health and Substance Abuse Services and the Oklahoma Healthcare Authority to meet educational requirements to become a Certified Behavioral Health Case Manager. Those interested in becoming a Licensed Professional Counselor (LPC) can do so through participation in this 33-credit hour program and by taking five additional courses.

Examples of those who might be interested in this degree would include workers in mental health, human development, consulting, teaching, adult learning, human resources, training and development, human services, and student personnel.

The program is designed for fall admission and is “fast-track” in that most of the courses are offered in a once-per-week, eight-week session. Each 3 credit hour course requires a one weekend seminar. This allows full-time students beginning in the fall to finish in one year and part-time students beginning in the fall to finish in two years. Some summer course work is required. The full-time student will take two courses at a time, and the part-time student takes one course at a time. Because of this unique structure, students may have to attend some classes on days when the university is otherwise closed.

Academic Honesty

Graduate students in the applied behavioral studies programs are expected to conduct themselves in an ethical and professional manner at all times. When submitting academic work, students must abide by the academic honesty policy stated in this catalog. Any act that violates the academic honesty policy will incur a penalty up to and including expulsion from the graduate program and the university.

[curriculum/sequence subject to change]

Because this is a “pre-counseling” program, the philosophy section of the professional counseling track also applies to the 33 hour applied behavioral studies curriculum.

M.Ed. in Applied Behavioral Studies—Professional Counseling

The Petree College of Arts & Sciences at Oklahoma City University offers the Master of Education (M.Ed.) in Applied Behavioral Studies—Professional Counseling. It is designed to train students to become professional counselors and render services to individuals, groups, and families experiencing normal adjustment difficulties of a personal, social, or career nature in settings such as community counseling centers, mental health clinics, guidance centers, human service agencies, drug and alcohol treatment facilities, university counseling centers, abuse shelters, religious counseling centers, and private practice (once licensure is attained). Students are encouraged to secure internships in settings consistent with their specific areas of professional interest.

Structure

To attain the professional counseling concentration, the student must accrue at least 60 credit semester hours, including field experience. Because space is limited, not all qualified applicants are admitted. The sequenced, mental health program of study is designed to meet the Oklahoma academic requirements to become a Licensed Professional Counselor (LPC) as set forth and granted by the State Department of Health.
Students first meet academic requirements for the 33 hour M.Ed. in Applied Behavioral Studies (ABS), then complete five more courses (including field experience) to have the “Professional Counseling” designation added to their transcript. This brings the total to 60 credit hours (as required by statute).

Most courses are offered in the evening, but flexible daytime schedules are necessary for Practicum and Internship. The program is designed for fall admission and is “fast-track” in that most of the courses are offered in a once-per-week, eight-week session. This allows full-time students beginning in the fall to finish in two years (and part-time students beginning in the fall to finish in about four years). Some courses, such as Practicum and Internship will be offered in the traditional 15 week semester. Each 3 credit hour course requires a one-weekend seminar, while 4 credit hour courses will require more. Some summer course work is required. Because of this unique structure, students may have to attend some classes on days when the university is otherwise closed.

**Philosophy**

Emphasizing a practitioner-wellness model, counseling at Oklahoma City University is viewed as an integration of art and science. As such, the counselor’s effectiveness becomes a product, in part, of personal awareness and creativity. The “experiential” philosophy of the program reflects this belief by emphasizing students’ personal growth and development as critical in the training of counselors. It is therefore assumed that students not only desire, but also intend to pursue the inspection of their personal identity, growth, and development—both inside and outside the classroom—as an integral part of their graduate studies in counseling at Oklahoma City University.

**Candidacy**

Near completion of the 33 hour M.Ed. in Applied Behavioral Studies, students will be evaluated and must “advance to candidacy” in order to continue study toward the professional counseling concentration (for those seeking the LPC). This requires grades of at least 3.00 in each course as well as a pleasant personality and demeanor and demonstration of a high degree of professionalism, ethical behavior, and a noncombative, nonabrasive attitude on campus with faculty and students as well as off-campus with supervisors. An oral candidacy interview may also be requested. Some information from ABS 5314 Assessment I may be used in the candidacy process. Satisfactory background check required.

**Probation Policy**

If a student’s GPA falls below a 3.00 before or after candidacy, he or she will be placed on academic probation with one semester to raise the GPA to 3.00 or higher. Students entering on probation must raise their ABS GPA to at least a 3.00 within the next 9 credit hours taken. A student placed on probation twice may be disqualified from continuation.

**Graduation Requirements**

Students must earn at least a 3.00 cumulative GPA and be in good standing in order to graduate. Only one course grade below B- is acceptable. Under no circumstances is a grade below C acceptable.

**Admission Criteria for ABS**

1. An earned bachelor’s degree from a regionally accredited college or university recognized by the U.S. Department of Education (or its foreign equivalent recognized by the country in which the degree is granted).
2. Minimum undergraduate GPA of 3.00. Students may be admitted on probation, at the discretion of the program director, with a cumulative GPA of 2.75 to 2.99.
Two electronically completed recommendation letters from college instructors. If bachelor’s degree is more than five years old, a significant sample of former scholarship can be submitted in lieu of one instructor’s letter. In this case, the other letter may be from a supervisory person from applicant’s employment.

Official transcripts from all academic institutions attended.

Submission of an official record of the Graduate Record Examination (GRE) taken within the past five years and received directly from the Educational Testing Service. This requirement is waived for applicants possessing a graduate degree or having a cumulative undergraduate GPA of 3.25 or higher.

Ability to effectively communicate in English (both written and oral).

A personality/disposition deemed suitable for the helping and crisis intervention disciplines.

Students whose native language is other than English must demonstrate proof of English language proficiency. Applicants must achieve a score of at least 80 on the internet-based TOEFL, 550 on the international paper-based TOEFL, 213 on the computer-based TOEFL, or an overall IELTS score of 6.0 with at least 5.5 on each band score. The requirements may also be met by completing level 112 of the intensive program at an ELS language center.

Individuals may be asked to supplement their application. Supplemental materials may include, but are not limited to, interviews, writing samples, and course work.

The deadline to submit completed applications for fall and spring admissions will be exactly two weeks prior to the beginning of the semester. Be advised that because the ABS admissions committee has to convene, realistically, application should be submitted well before the deadline.

Admission on Probation

Students admitted on probation to the program must achieve a cumulative GPA of 3.00 or higher in the first 9 credit hours taken and earn a “B” or better in each course in order to continue in the program. Students admitted on probation must enroll on a part-time basis until these conditions have been met.

Master of Fine Arts in Creative Writing (M.F.A.)

Administration: English Department

Director: Mish

Program Description

The Master of Fine Arts in creative writing is a terminal degree in creative writing. Students work with faculty mentors to create a manuscript-length work of creative prose in fiction, nonfiction, poetry, or another creative genre with approval of the program director. Students also concentrate on academic work in literary criticism and analysis of writing craft. Students may elect to pursue strands in pedagogy, professional writing, or literary magazine editing and production.

Structure of the Program

This is a two-year program which includes five residencies—one each summer and each winter, plus one at the
end of the program—for periods of 10 days. Students will complete 12 hours of course work each fall and spring semester for two years, for a total of 48 credit hours. The final residency will include a public reading and defense of the thesis.

Learning Outcomes

Students pursue literature, rhetoric, pedagogy, and writing courses according to a curricular plan co-devised with their academic advisor. Learning outcomes are those which strengthen and fulfill each student’s stated goals, which may vary from personal enrichment to career development as teachers, editors, or authors.

Admission Requirements

In addition to the general graduate admission requirements established by Oklahoma City University, all students seeking admission to the Master of Fine Arts in creative writing must submit the following:

1. A sample of creative work in the genre (poetry, creative nonfiction or fiction, including genre fiction and YA) in which she or he wishes to work, no more than 20 pages long.
2. A two- to three-page personal statement responding to each of the following prompts:
   1. Write about a book that you have read recently. Explain, with specific references to the book and to craft elements*, why that book did or did not work for you.
   * (Craft elements: plot, characterization, setting, scenes, metaphor, line breaks, imagery, sonics, etc.).
   2. Explain your preparation (academic or personal) for an MFA program. Explain why a low-residency program will work for you. To prepare for this part of the personal statement, please read Lori A. May’s article, “Is a Low-Residency MFA Right for You?” which is available at http://www.loriamay.com/lowres_excerpt.pdf
3. Two confidential letters of recommendation. Please request reference letters from professors, coworkers, supervisors, colleagues, or other people who can describe you in terms of the following characteristics:
   • Self-discipline (being a “self-starter”).
   • Ability to take criticism and follow guidance.
   • Ability to plan for and meet deadlines.
   • Camaraderie/ability to work with others.

Reference letters which do not respond to the characteristics listed above will not be considered.

Admissions decisions will be made by a committee including the Program Director and faculty members who teach in the writing sample’s genre. Applications are ranked, in order, by writing ground, personal statements, and letters of recommendation. For more information, contact the MFA director by email: MFADirector@okcu.edu

Master of Science in Criminology

Chair: Warehime
Faculty: Meinhart, Spinks

The mission of the Master of Science in Criminology at Oklahoma City University is to provide a curriculum that offers a broad view of crime and justice. Students pursuing a master’s degree in criminology receive a strong background in the study of crime and justice that integrates theory, research, and practice.

The faculty adopts a holistic approach to the study of crime and justice. All of our full-time faculty hold terminal degrees in criminal justice, sociology, or justice studies. Our program offers an interdisciplinary approach that helps students understand the causes, correlations, and consequences of crime. Master of Science in Criminology students challenge normative assumptions regarding crime and justice through critical thinking and writing.

Students gain mastery of the knowledge, methods, and intellectual skills pertaining to the study of the causes, consequences, and responses to crime and its interaction with other areas of inquiry.

For further information on graduate policies, see the Graduate Academic Policies for the Petree College of Arts and Science, starting on page 41.

Procedure for Admission

The application for admission to the program may be obtained from the Office of Graduate Admissions. The completed form, along with official transcripts of all previous college work and two letters of recommendation, should be returned to the Office of Graduate Admissions. The final decision for admission rests with the faculty in the sociology and criminal justice department. After the student receives notice of admission to the program, an interview should be arranged with the graduate advisor.
for advisement. Students must have taken an undergraduate statistics course and an introductory criminal justice course before beginning the Master of Science in Criminology program. Students can be admitted under a conditional admit, while students take the undergraduate courses, during the first semester of the graduate program.

**Admission Requirements**

**Unconditional Admission:** Applicants must have an overall GPA of 3.00 and an undergraduate degree in one of the social sciences, including, but not limited to, psychology, sociology, criminal justice, corrections, police science, prelaw, political science, or history.

**Master’s Thesis Requirements**

All graduates of the Master of Science in Criminology must successfully complete and defend a master’s thesis. Further information on thesis policies is available on pages 30–31 of this Graduate Catalog. Upon admission to the program, a student will determine a Course of Action Plan to successfully complete the requirement.

**Practicum and Field Study Requirements**

All graduates of the Master of Science in Criminology must successfully complete three credit hours of either a practicum or field study. For a practicum, students must provide services to an entity working within the sphere of criminology. This will balance the theoretical underpinnings of many courses in the program with the application of the field of criminology. Students can earn a tuition waiver for prior work experience within the criminology field. We will allow students to receive three hours of course credit for five years of relevant work experience (four consecutive years) and six hours of course credit for ten years of relevant work experience (eight consecutive years). Relevant work experience is defined by the department as meeting the following criteria:

- Work within the criminal justice system: law enforcement, courts, and/or corrections
- Work outside of clerical positions

To qualify for this plan, students will provide a portfolio for review of the department outlining the work experience
as it relates to criminology. Then, the student must provide a presentation to undergraduates in the Sociology and Criminal Justice department discussing the connections of the MSC program to work experience. Upon admission to the program, a student will determine a Course of Action Plan to successfully complete the requirements.

**Accelerated Format and Time to Complete the Program**

Courses in the Master of Science in Criminology degree are taught in an accelerated eight-week format in which classes meet once per week in the evening. Full-time students in the graduate degree program will typically be enrolled in two classes during each eight-week session. This will enable full-time students who are making satisfactory progress to complete their degree in one calendar year. Students may choose to complete the degree at a slower pace than this.

Certification Studies in the United Methodist Church
Wimberly School of Religion

Faculty: Betsworth, Davies, Long, Starkey, Wolfe

The mission of the Wimberly School of Religion is to offer religious and theological studies in the United Methodist tradition that unite knowledge and vital piety, explore questions of ultimate concern for the lives of all human beings, and to prepare persons seeking to enter a variety of Christian vocations in service to the church and community.

The purpose of graduate study in religion is to involve students in serious philosophical and theological consideration of the questions of humanity’s origin, destiny, meaning, and purpose. This demands highly motivated and qualified students who are interested in exploring critically the ways in which questions of ultimate concern relate to the lives of human beings.

The Wimberly School of Religion is committed to the development of dedicated and competent leaders of Christ’s church as the people of God with ministries in God’s world. The school seeks to provide the church with educational opportunities for study in all of the disciplines related to the ministry of the church, such as biblical, theological, ethical, educational, and practical ministry studies.

Certification Studies in the United Methodist Church

Certification is the church’s recognition that a person has met the required personal and church qualifications and gained the academic qualifications and work experience necessary to achieve and maintain professional excellence. Certification is available in the United Methodist Church in a variety of areas of specialization. The School of Religion has been approved by the General Board of Higher Education and Ministry of the United Methodist Church to provide the academic programs related to certification in the areas of Christian education and youth ministry.

A person can fulfill the academic requirements of certification studies at Oklahoma City University by earning a bachelor’s degree plus five graduate certification courses in the area of specialization, including the course in United Methodist Doctrine and Polity. These courses are Nature and Work in Christian Education, The Bible in Christian Education/Youth Ministry, Relating Theology to Christian Education/Youth Ministry, Administration and Leadership, and United Methodist Doctrine and Polity.

The following are ways a person can fulfill the academic requirements for associate certification studies at Oklahoma City University:

1. Complete a minimum of 24 semester hours in general undergraduate course work and complete five graduate certification studies courses in the area of specialization, including the course United Methodist Doctrine and Polity.

2. Complete a minimum of 24 semester hours in the area of specialization (such as the Program for Associate Certification in Youth Ministry or Program for Associate Certification in Christian Education) in the School of Religion.

For additional information on requirements for certification, contact the registrar of the Annual Conference Board of Ordained Ministry, Section of Deacons and Diaconal Ministry.

Meinders School of Business

A Broad View of Management

The Meinders School of Business is committed to providing quality business education at the undergraduate and graduate levels. Curricula are designed to offer students a broad-based view of management: a view that emphasizes ethics, entrepreneurship, and social responsibility in the workplace; a view of management that will enable students to work effectively in the challenging global business environment. Course work features best business practices as well as theory and helps to provide students with the management skills necessary for effective leadership. Theoretical foundations are balanced by practical applications.

An Educational Environment That Serves the Student

The Meinders School of Business offers students a wide variety of learning opportunities outside of the classroom. These enrichment activities provide valuable insights into the business world and augment traditional classroom study. These learning opportunities, such as industry visits, internships, and career coaching, focus on helping students develop strategies to reach their personal career goals. Through a series of professional development workshops conducted each semester, students also begin preparing for their careers after college. Among the topics covered are résumé writing, interviewing techniques, business etiquette, and communication skills.

Outstanding Facilities

The business school is located in the Meinders School of Business building, a $20 million facility completed in 2003. The three-story, 80,000 square-foot building includes features that focus on student success and add value to students’ academic experiences. The facility includes classrooms with state-of-the-art technology, breakout study rooms for small groups, a learning center, a student/faculty lounge, and a resource center. The building houses faculty offices, the Busey Institute for Enterprise and Leadership, and a 230-seat tiered auditorium capable of hosting videoconferences, guest speakers, and seminars.

Busey Institute for Enterprise and Leadership

The Busey Institute for Enterprise and Leadership brings an exclusive blend of leadership programming to Meinders School of Business and the Oklahoma City metroplex. Programming includes leadership assessments, coaching, professional development and educational opportunities, as well as conferences and speaker forums offered for the benefit of students as well as regional businesses. These unique programs incorporate specially developed curriculum, highly interactive workshops, leading-edge materials, and activities all committed to the personal growth, professional development, and career success of our students and business managers across the Oklahoma City metro.

Continuing Professional Education Program

The Continuing Professional Education Program offers students and working professionals certification courses in many demanding fields including Project Management Professional (PMP), Petroleum Land Management (PLM), Professional in Human Resources (PHR) and Senior Professional in Human Resources (SPHR). The Meinders School of Business also meets the dynamic needs of regional businesses by providing customized on-site programs for groups. The Meinders School of Business specializes in program development, handling everything from entire program assessment and delivery to all administrative functions. The Continuing Professional Education Program at Oklahoma City University, in partnership with Gatlin Education Services and ed2go, also offers more than 400 online open enrollment programs designed to provide the skills necessary to acquire professional level positions for many in-demand occupations. For more information or to enroll in a course, visit okcu.edu/business/profed.

Steven C. Agee Economic Research and Policy Institute

The Steven C. Agee Economic Research and Policy Institute is focused on assisting the Oklahoma City business community by disseminating information to businesses, government, and regulatory agencies through economic impact studies, marketing and macroeconomic survey data, and other forms of economic research. The institute is instrumental in conducting the three state Arvest Consumer Sentiment Survey in partnership with the Bureau of Economic Research at Missouri State
University and the Center for Business and Economic Research at the University of Arkansas. The institute is designed to provide undergraduate and M.B.A. students opportunities for direct involvement in applied economic research through the Institute Scholars Program. To learn more about the institute, see okcu.edu/business or contact Russell Evans at rrevans@okcu.edu.

**Meinders School of Business offers five graduate degree programs:**

One Meinders M.B.A. available in two formats:

Early Advantage 1-Year M.B.A.

The Meinders Early Advantage M.B.A. is a cohort-based, daytime program for recent college graduates and for career changers. While students typically complete the program within 12 months, they have up to five years to complete the program if needed. Cohorts begin each August. No work experience is required.

Professional M.B.A.

A cohort-based evening M.B.A. program providing the flexibility to earn your degree while working and designed for students having a wide range of educational and professional experience. Students continue working and can apply their new skills while earning their M.B.A. Cohorts start in January and August. While the program is designed to be completed in 24 months, students have up to five years to complete the program if needed. Applicants should have three or more years of relevant work experience.

The Meinders M.B.A. Curriculum

Classes in the Meinders M.B.A. emphasize the practical application of business theory for making decisions and solving problems. Guided by highly experienced and knowledgeable faculty, you will master the course concepts and then master the application of these concepts through real-world decision-making scenarios and projects.

No Prerequisite Courses.

While applicants are not required to have undergraduate degrees nor previous study in the field of business, they must demonstrate the likelihood of success in a rigorous graduate program. Applicants are expected to have a basic understanding of analytical techniques and the ability to express and communicate ideas precisely and coherently.

The 36 credit hour curriculum consists of 12 integrated courses.

M.B.A. Scholarships

Limited, competitive scholarships are available for MBA students. To be considered the student must have taken the GMAT earning a competitive score and completed a Free Application for Federal Student Aid (FAFSA). Students must also submit a two paragraph scholarship statement explaining what qualities make you a chosen candidate for the scholarship and address your financial need. Scholarship statements may be sent via email to Michael Harrington, Director of Graduate Admissions, maharrington@okcu.edu. The priority deadline for scholarship consideration for spring admission is November 1. The priority deadline for scholarship consideration for fall admission is July 1.

Joint J.D./M.B.A.

The J.D./M.B.A. program at Oklahoma City University seeks to develop synergy and build on the unique attributes from both the Meinders School of Business and the School of Law. To participate in this program, students must be admitted to both schools; all the usual entrance requirements apply. Law students may apply to the Meinders School of Business at any time prior to the end of the fifth semester at the law school. A Meinders School of Business student who wishes to pursue the joint degree must begin law studies during the first August following his or her decision to pursue the joint degree. Joint degree students must take 30 hours of M.B.A. coursework from the school of business and 84 hours from the School of Law. This compares with a typical 36-hour requirement for the Meinders School of Business and 90 hours for the Law School if the student were to pursue the degrees separately. Joint degree students are exempt from taking MGMT 5703 Ethical, Societal, and Legal Environment of Business and MBA 5113 Special Topics in Business.

M.B.A. Admissions

Official transcripts of all previous college or university studies are required and should be sent directly to the graduate admissions office. Applicants to the Meinders School of Business graduate programs must have a bachelor’s degree from a regionally accredited institution or be eligible for admission to graduate programs under the United Kingdom system. Students must meet the admissions standards for the catalog year in which they are admitted to the university. See the section on admission procedure beginning on page 8 in this catalog.

M.B.A. students must demonstrate the likelihood of success in a rigorous graduate program to be considered for admission. Several factors may be evaluated when reviewing an application, including the undergraduate GPA, GMAT and GRE exam scores, letters of recommendation, academic and professional accomplishments, professional work experience, and TOEFL/IELTS scores (international students). Other accepted graduate admissions tests may also be considered.

International Students

English language proficiency is required in all courses. An applicant who meets one of the following conditions prior to admission will be considered to have sufficient reading and writing English language proficiency:

- Completed his/her undergraduate studies at an institution where English was the language of instruction
- Demonstrated a score of at least 83 iBT on the Test of English as a Foreign Language (TOEFL)
- Scored at least 6.0 overall with a minimum 5.5 on each band score on the IELTS
- Achieved level 112 in the ELS program

Domestic and International Special Considerations

Those who do not meet the above admissions criteria may be considered on an individual basis for conditional admission by the Graduate Studies Committee. Applicants must petition their requests in writing to the Graduate Studies Committee via the Meinders School of Business dean’s office.

Pre-M.B.A. Admission

Applicants holding academic diplomas recognized by the country in which the diploma is granted as equivalent to a baccalaureate degree (a three-year, 90-hour program) may be conditionally admitted to the M.B.A. program upon successful completion of the following 36 hours of undergraduate courses:

Pre-M.B.A. students are not permitted to waive any of the 36 hours of required classes. Students who can demonstrate prior completion of one or more of the required pre-M.B.A. courses at a regionally accredited university may elect to complete a higher level undergraduate course in the appropriate area(s) of study. Students may not enroll in M.B.A. courses until they have successfully completed the pre-M.B.A. program, have submitted a satisfactory GMAT/GRE score, and have been officially admitted to the M.B.A. program. Upon successful completion of the pre-M.B.A. program, the student will be awarded a certificate but not a B.B.A.

**Required Multi-Field Assessment**

As a requirement for graduation, M.B.A. students must take and pass the M.B.A. Multi-Field Assessment Test (MFAT) by achieving a total score ≥ 75% of the maximum score possible of 300 points. This equates to a minimum threshold score of 225 points. A student who fails to pass or take the MFAT at the required, scheduled time must do the following:

- Take/retake the test at his/her own expense. There is no limit to the number of retakes and only the highest score will be recorded.
- Engage with faculty members for review and preparation to retake the assessment.

**Master of Science in Accounting**

**Faculty:** Murray, Shough, Stetson

Upon successful completion of the M.S.A. program, students will have met the educational requirements to sit for the Certified Public Accountant exam in most states. Qualified students may complete the degree in 30 hours of study.

Optimal Program for M.S.A. Students without an Undergraduate Accounting Degree

Many of our M.S.A. students are adults who did not major in Accounting as undergraduates and want to prepare for the CPA Exam. The M.S.A. program will allow such students to obtain an M.S.A. and prepare for the CPA Exam in a highly focused manner. Assuming students have completed basic Financial Accounting and Managerial Accounting, an optimal program for CPA Exam preparation would be as follows.

Prerequisites (4 courses) Credit Hours: 12

- ACCT 3113 Intermediate Accounting I 3
- ACCT 3123 Intermediate Accounting II 3
- ACCT 4413 Individual Taxation 3
- ACCT 4313 Auditing 3

M.S.A. Courses (10 courses)

- ACCT 5123 Accounting Theory 3
- ACCT 5313 Auditing Policies, Frameworks and Practices 3
- ACCT 5413 Income Taxation of Entities 3
- ACCT 5513/IT 5513 Accounting Information Systems and EDP Control 3
- ACCT 5613 Accounting Ethics 3
- FIN 5303 Financial Strategy and Decision Making 3
- ACCT 5133 International Accounting 3
- MGMT 5703 Ethical, Societal and Legal Environment of Business 3
- ACCT 5713 CPA Exam Review Part I 3
- ACCT 5723 CPA Exam Review Part II 3

M.S.A. Admission

Applicants to the M.S.A. program will be granted admission if the student has a bachelor’s degree, has met the English language requirement, and has met one of the paths of criteria listed below. Note that all the criteria in any one path must be met without substitutions. If path two, three, or five is selected, admission will be determined by the Graduate Studies Committee of the Meinders School of Business.

Bachelor’s degree from an internationally accredited U.S. college or university paths

Path One: GMAT score of at least 475 with at least a 20 percent on each part.

Path Two: GPA of at least 3.00 (on a 4.00 scale) in accounting classes (minimum of 15 semester hours) plus a 750 to 1,000 word statement of why the M.S.A. is being sought.

Path Three: 5 years of experience in accounting plus a 750 to 1,000 word statement of why the M.S.A. is being sought.

Bachelor’s degree from an international college or university paths

Path Four: GMAT score of at least 475 with at least a 20 percent on each part.

Path Five: GPA of at least 3.00 (on a 4.00 scale) in accounting prerequisite classes (minimum of 15 semester hours) plus a 750 to 1,000 word statement of why the M.S.A. is being sought.

International Students: English language proficiency is required in all courses. International student applicants may be required to demonstrate an acceptable level of spoken English by taking a placement test upon admission to any of the business school’s graduate program.

Visit okcu.edu for the current course catalog.
applicant who meets one of the following conditions prior to admission will be considered to have sufficient reading and writing English language proficiency:

- Completed his or her undergraduate studies at an institution where English was the language of instruction
- Scored at least 6.0 overall with a minimum of 5.5 on each band score on the IELTS
- Achieved level 112 in the ELS program
- Demonstrated a score of at least 83 iBT on the test of English as a Foreign Language (TOEFL).

The TOEFL institution code for Oklahoma City University is 6543. Demonstration of English language proficiency by other approved alternative methods may be considered.

**Domestic and International Special Considerations**

Those not meeting the above admissions criteria may be considered on an individual basis for conditional admission by the Graduate Studies Committee. Applicants must petition their requests in writing to the Graduate Studies Committee via the Meinders School of Business dean’s office.

**Master of Science in Computer Science**

**Chair:** Greve

**Faculty:** Aboudja, Park, Satyavolu

The Master of Science in computer science degree offers professional development and enhancement of skills, in-depth study of computers, and a balance of abstract knowledge and practical understanding. The program is designed to aid and encourage professional development for persons in computer or computer-related fields. It is designed for students who desire to enhance their computer skills, extend their expertise into computer science as a new field, enhance their credentials, enter the job market as a computing professional, or pursue a Ph.D. in computer science. The curriculum is structured to permit students to strengthen their understanding of the complexities of computers and computer applications.

**Undergraduate Prerequisites**

All graduate students, depending on their undergraduate background, may be required to complete undergraduate courses as prerequisites, specifically Introduction to Operating Systems, Discrete Mathematics, and Data Structures. Transcripts will be evaluated on an individual basis by the graduate faculty.

**Students with Three-Year Undergraduate Degrees in Computer Science**

Before a student with a three-year undergraduate degree is admitted to the graduate program, he or she must complete 32 hours of undergraduate course work. These courses may include no more than 9 hours from
any one discipline other than computer science in order to ensure a broad academic background. The student may enroll in a limited number of graduate courses during this time with the permission of his or her advisor.

Students with three-year undergraduate degrees may wish to select undergraduate courses such that he or she also earns an undergraduate degree from Oklahoma City University. He or she must complete the courses necessary to complete the general education requirements, the minimum hours for the degree, and all computer science major requirements. Completion of an undergraduate degree from Oklahoma City University is not necessary to gain admission to the graduate program.

Students with Three-Year Undergraduate Degrees in Fields Other than Computer Science

Prior to beginning graduate course work, 32 hours of undergraduate class work are required. These courses are taken from the following, as needed:

Official transcripts of all previous college or university studies are required and should be sent directly to the Graduate Admissions Office. See the section on university admission procedure, starting on page 8 in this catalog.

**Master of Science in Energy Legal Studies**

The Master of Science in Energy Legal Studies is designed to provide an advanced base of knowledge of jurisprudence and its application in the energy industry. This program focuses on acquainting students with areas of law specific to energy and provides them with the understanding of legal issues they face in their jobs. This program has been created at the request of executives from the oil and natural gas industry who have identified this as a high priority need for education. The Master of Science in Energy Legal Studies fulfills this need with an accelerated course format that students can complete while continuing to work. Courses are offered one night a week for nine weeks. There are five nine-week cycles per year. Classes are taught on a cohort basis.

**Master of Science in Energy Management**

The Master of Science in Energy Management is designed for professionals who wish to be leaders in the rapidly expanding energy industry. The focus of the degree is on the business side of energy management, providing advanced education across topics integral in the field of energy management such as economics, accounting, legal environment, finance, organizational behavior, operations, communication, and other related subjects. Developed by the Meinders School of Business and executives from energy companies, the curriculum delivers the education and skills required of future energy leaders. Energy company executives are looking to cultivate current employees for leadership positions and employees are searching for an opportunity to advance within the energy industry by developing relevant skills and industry knowledge. The Master of Science in Energy
Management fulfills this need with an accelerated course format that employees can complete while continuing to work. Courses are offered one night a week for nine weeks. There are five nine-week cycles per year. Classes are taught on a cohort basis.

- International students must satisfy English proficiency requirement with a 92 or higher iBT TOEFL score.

**Academic Regulations**

To graduate, each student must meet the following criteria:

1. complete any assigned undergraduate prerequisites satisfactorily
2. complete the course work required for one of the tracks with a minimum 3.00 GPA
3. All undergraduate or preparatory courses must be completed with a grade of C or better.
4. All graduate courses must be completed with a grade of C (2.00) or better. Students must maintain a minimum GPA of 3.00 in all graduate courses. No more than two graduate courses may have a grade of less than B-.
5. Upon entry, the student may transfer no more than two graduate courses totaling no more than 6 semester credit hours from other colleges or universities. Transfer credit may be granted for courses completed at a regionally accredited college or university for graduate credit with a grade of B or better. Such courses must not have been used to fulfill requirements for a degree from the previous institution. Transfer credit will be granted only for courses on a student’s approved course of study and only with the approval of his or her academic advisor.
6. Any graduate courses completed more than five years prior to the awarding of an M.B.A. or and M.S. degree may not be used to satisfy departmental requirements for that degree.

**Graduation Requirements**

Students must earn at least a 3.00 cumulative GPA to graduate. Any course with a grade below C (2.00) cannot be used as part of the minimum number of semester credit hours required for the degree. No more than two grades below B- (2.75) are acceptable on course work.

**Degree Requirements**

Students are required to obtain approval of a course of study from a graduate faculty advisor. Each student must complete graduate course work with a minimum graduate GPA of 3.00, and no more than two grades of C or C+ (2.00 or 2.25).

**General Policies for Earning a Graduate Degree from the Meinders School of Business**

**Academic Advising**

Upon receiving a letter of admission, a student should contact the student services office at the Meinders School of Business. A student services specialist will assist the student in selecting courses and planning the program for the degree. The telephone listings and office hours for the
Transfer Policy

The Meinders School of Business may accept transfer credit at entrance only. A maximum of 6 credit hours of graduate-level business courses may be eligible for transfer if completed at a regionally accredited university within the five years prior to the student’s entry date into the Meinders School of Business, provided they have not been credited toward a previous degree. Any course accepted for transfer credit must have been completed with a grade of B or better.

Requests for transfer credit hours will be considered and processed only if a written petition form accompanied by a course description, list of texts used, and official transcript of the final grade assignment are submitted. This information must be submitted to the dean at or prior to initial registration. If approval is granted, credit for the hours will be reflected on the official Oklahoma City University transcript. Grades earned for transferred work do not count toward the graduate degree cumulative GPA.

Candidate for Degree

A student accorded candidate for degree status is expected to complete the MSB graduate degree. While still subject to probation, if warranted, a degree candidate will be allowed to complete all course work (except in cases of gross violation of the university’s rules and regulations), subject to the following conditions:

- Completion of 12 hours of graduate study with a cumulative GPA of 3.00
- Satisfaction of all prerequisites
- No other impediments

Probation Policy

A student may be placed on probation at admission; whenever his or her cumulative GPA falls below 3.00; whenever he or she receives more than two grades below B-; whenever he or she receives a grade below C; or for violation of other academic norms, standards, or behavior as determined by the university or the school. All probationary students will have 9 credit hours to remedy the deficiencies. A cumulative 3.00 GPA is required by the end of 9 credit hours. Failure to receive a grade of C or higher in any class in any enrollment term while on probation and/or failure to achieve a cumulative 3.00 GPA by the end of the 9 credit hours will result in dismissal from the university.

All students placed on probation must make an appointment within the first two weeks of the next course session with their academic advisor. Students failing to meet this criterion may be subject to enrollment cancellation.

Any student receiving probationary status due to more than two grades of C (Note: A grade of C includes C+ and C.), or any grade of C- or below must retake that course within his or her next enrollment term or as soon as it is offered again within the program of study.

Traditional on-campus probationary students may not take more than 9 credit hours in each of the fall and spring semesters and 3 credit hours in each summer session. Accelerated program probationary students may not take more than 3 credit hours per cycle. At the conclusion of the probationary period, the academic dean will review the student’s record for one of three options: removal of probation, continuation of probation, or dismissal from the program.

Dismissal Policy

The student who is on probation must earn a grade of C or higher in any other MSB graduate course completed and maintain a cumulative 3.00 GPA or better by the end of the probationary 9 credit hour period. At the end of this probationary period, the student must be in good academic standing or will be dismissed from the university. A student is in good standing when the cumulative GPA is at or above a 3.00; and no grades below a B- and no grades below a C (2.00).

Following the 9 credit hour probation and a period of good standing, whenever the student has more than two grades below B-, whenever the student receives a grade below C, or for violation of other academic norms, standards, or behavior as determined by the university or the school, the student will have 6 hours to return to good academic standing or will be dismissed from the university. The dismissal decision may be appealed with the Student Probation and Petition Committee.

Academic Appeal Process

A student may appeal decisions affecting his or her academic progress as follows:

1. The student initiates an appeal by filing a written petition with the school’s academic dean.
2. The academic dean reviews the petition and determines if a meeting with the student petitioner is necessary.
3. The student petitioner will be informed in writing of the decision on the merits of his or her petition.
4. If the student does not agree with the decision, he or she may continue the appeal process with the assistant provost.
 Attendance Policy  
Students are expected to attend classes and arrive no later than the designated starting time for all classes. Absenteeism and tardiness may lead to a grade reduction, at the professor’s discretion.

 Academic Load  
Students may not take more than 12 credit hours during fall and spring semesters and 6 credit hours during summer terms. Accelerated program students may not take more than 6 credit hours per cycle. Students on probation may not take more than 9 credit hours in the fall or spring semesters and 3 credit hours in each summer term. Any exceptions to this policy must be approved by the dean of the Meinders School of Business.

 Eligibility for Graduation  
A student is eligible for graduation when the following conditions are satisfied:

- All required graduate course work has been completed with a minimum graduate GPA of 3.00
- The student has no grade below C (2.00)
- The student does not have more than two grades lower than B-
- The student is not on academic probation
- There are no other impediments
- M.B.A. students must take and pass the M.B.A. Multi-Field Assessment Test (MFAT) by achieving a total score greater than or equal to 75 percent of the maximum of 300 points. This equates to a minimum threshold score of 225 points. A student who fails to pass or take the MFAT at the required time must do the following:
  - Take or retake the test at his or her own expense. There is no limit to the number of retakes allowed, and only the highest score will be recorded.
  - Engage with faculty members for review and preparation to retake the MFAT.

Valerie K. Couch, Dean
School of Law

The School of Law is located at 800 N. Harvey Avenue, in downtown Oklahoma City. An Oklahoma City University School of Law education is built upon a curriculum based on the values of the liberal arts tradition, blending theory with practical experience to prepare graduates for a wide variety of careers.

The School of Law prepares students to become responsible professionals through a rigorous program of instruction that focuses on students’ intellectual and professional development and enables them to become leaders in law, business, government, and civic life. The School of Law also contributes to the improvement of law and legal institutions through research and scholarship.

Our diverse student body adds to the rich experience of attending a national law school. Half of our students come from outside Oklahoma, with 35 states represented in a typical entering class. Our curriculum focuses on national issues, and our graduates practice in all 50 states, the District of Columbia, and several foreign countries.

The School of Law is fully approved by the American Bar Association and is a member of the Association of American Law Schools. The academic year consists of two semesters and an optional summer term. A minimum of 90 credit hours is required for completion of the J.D. degree. The school offers both full-time and part-time options. Successful completion of the course of study leads to the degree of Juris Doctor. The school also offers an LL.M. degree in American Law for graduates of law schools outside the United States.

Admissions

Admission to the School of Law is a competitive and selective process. To be considered for admission, an applicant must take the Law School Admission Test (LSAT) prepared and administered by the Law School Admission Council, hold an undergraduate degree or be scheduled to complete one prior to matriculation at the School of Law, and have the potential for academic success and leadership. The LSAT is not required for applicants to the L.L.M. program in American Law.

A student in good standing at another law school approved by the American Bar Association, or a graduate of an accredited law school outside the United States, may be admitted to the J.D. program with advanced standing by approval of the faculty’s Admissions Committee at its discretion.

School of Law Catalog

The catalog for the School of Law is published separately. Wanda L. Bass School of Music

The Wanda L. Bass School of Music offers programs of private study, courses, and research leading to the Master of Music (M.M.). Concentrations are offered in music composition, instrumental and vocal performance, opera performance, conducting, vocal coaching, and music theater. The administration of these programs is under the supervision of the dean, the coordinator of graduate studies, and the graduate commission of the school.

Mission

The School of Music provides a professional education within the liberal arts curriculum and develops musicians equipped to make significant artistic contributions to society. Critical thinking, open inquiry, and artistic expression are fostered through the study of traditional intellectual disciplines and applied skills.

Core Beliefs & Values

Student Success and Excellence

We believe in an education that is student-driven. We believe that priorities and resource allocation should reflect what is best for the student. We believe that effective student learning includes ongoing feedback and the demonstration of learned skills. Our success is demonstrated by the professional achievements of our students and alumni.

Faculty Excellence

We believe that our discipline requires lifelong learning and that this concept must be - and is - demonstrated to students through public performances, scholarship and professional development. While our faculty is performance-oriented, we believe all faculty must be teachers first and foremost. We believe faculty should be caring and involved in the educational and professional development of their students.

Service to the Community

We believe in service to a global community. We believe that serving the community through music helps students become sensitive to and have respect for changing and diverse communities. We strive to educate students in their responsibility of service to the community now and in the future.

Commitment to the Future of Music

We believe that the process of music making is organic. We prepare versatile students who can succeed in an ever-changing marketplace.

Admission Requirements

For regular admission, the applicant must have a minimum undergraduate GPA of 3.00 and hold an appropriate Bachelor of Music from an NASM-accredited institution with undergraduate preparation related to the graduate music curriculum. Adequacy of this preparation will be determined through transcript evaluation and advisory examinations in music theory, aural skills, history, aural skills, keyboard (conducting and composition), foreign language diction (for singers), and in the proposed field of performance. Exams are given at the beginning of each semester. In addition, composition students must submit a composition portfolio and schedule an interview with the faculty of the composition area.

Procedure for Admission

An application for admission to the M.M. program may be secured from the Office of Graduate Admissions. The completed form, together with an official transcript of college credits and two letters of recommendation, should be returned to the Office of Graduate Admissions prior to the scheduled audition. Graduate credits from other institutions will be accepted only by special permission (normally not exceeding 8 hours). The prospective graduate student should plan to audition at one of the regularly scheduled audition times or submit an audio recording or videotape at least 90 days prior to the initial semester of enrollment. All students must complete a successful audition and satisfy all university admission criteria before they will be admitted to the school.

Admission means only that the student will be permitted to enroll for courses in the graduate program. It does not imply acceptance to candidacy. Admission is in concert with the university’s graduate program admission policy.

Advisory Examination and Audition

The advisory examination and leveling audition are scheduled at the beginning of each semester during the regular academic year. Students are urged to review music history, literature, theory, dictation, and keyboard skills before taking this examination. Diction
examinations are required for students in vocal performance, opera performance, music theater, choral conducting and vocal coaching.

Students receiving less-than-satisfactory evaluation in any part of the advisory examination are required to enroll in a review course in the deficient area at the first course offering. Since these review courses are not part of the degree curriculum, they do not carry a graduate number and their tuition and fees are not covered by scholarship aid. Each student is required to give a 10-minute prepared performance as part of the advisory exam the first semester at Oklahoma City University. At this time an entrance performance level is determined. The coordinator of graduate studies can provide detailed information.

Seniors and Graduate Courses

Senior students who are graduating at the end of a semester or summer session may take courses for graduate credit under the following conditions: The credits must not be required or needed for the bachelor’s degree; the total registration must not exceed 16 hours for a semester or 6 hours for a summer session; the student must complete the requirements for the bachelor’s degree either at the end of the semester or session or be within 12 semester credit hours of completing the requirements for the bachelor’s degree at the beginning of the semester or summer session in which graduate credit is requested; admission to courses taken for graduate credit must have the approval of the dean of the Bass School of Music; and not more than 9 semester hours taken while a senior may be approved for graduate credit.

Acceptance to Candidacy

A student will be admitted to degree candidacy when he or she has met the following criteria:

1. Removed deficiencies.
2. Successfully completed 12 hours with an average of B (3.00) or above toward the degree and not less than 3 hours in the major subject. One semester of major applied study must be included.
3. Given satisfactory evidence of ability to complete all degree requirements.
4. Filed the application for candidacy form with the coordinator of graduate studies and received approval. This application should be filed following completion of 12 hours of graduate study and no later than November 1 for May graduation or April 1 for December graduation.

5. Reached performance level of G7 (see Applied Music Attainment Level section, page 77). Conducting majors must have reached G5 in their major instrument.

Graduate Committee

Following acceptance to candidacy, students work under the guidance of their graduate committee. The committee includes three faculty members assigned by the coordinator of graduate studies.

Comprehensive Review

The comprehensive review is administered by the student’s committee prior to the required recital and takes the form of a preview recital and oral examination on the recital paper or written exam. The comprehensive review for the composition major includes submission of recordings of recital rehearsals as well as an oral examination of the thesis composition. This examination takes place at least 15 days prior to the scheduled recital. Any proposed change to the recital program after the comprehensive review must have committee approval.

Recital/Recital Paper

Students with a performance concentration (instrumental, vocal, opera, music theater) present a full recital (48-53 minutes of performing time) and complete a graduate comprehensive project. Students with a conducting concentration present a 30-minute conducting recital and complete a comprehensive graduate project. Students with a composition concentration present a full recital (50 minutes) of their works and submit a thesis composition as the graduate comprehensive project. Note that it is not a requirement that the thesis composition be performed in the recital. However, a separate reading or performance of the thesis is encouraged.

Regardless of the number of applied hours earned toward the degree, a student must be studying for a minimum of one credit hour during the semester or summer term in which the graduate recital is presented.

The recital paper should deal with some aspect of the recital. It should demonstrate the student’s ability to carry out individual research. The student must submit, in consultation with the paper advisor, one or more proposed topics to his or her graduate committee following admission to candidacy. The acceptability of the recital and the paper will be determined by the student’s graduate committee.

Academic Regulations

The degree of Master of Music is conferred upon fulfillment of the following requirements:

1. All work following candidacy must be taken at Oklahoma City University.
2. Students must maintain a minimum GPA of 3.00 in order to remain in good standing. A student must be in good standing to graduate.
3. No grades below C (2.00) are acceptable toward degree requirements. A maximum of 3 credits below B- are acceptable toward degree requirements. Students may not graduate with a grade of D or F on the transcript.
4. A course may be repeated only once. Students may have only two course repeats in graduate degree requirements. If, after repeating a course, a student fails to receive at least a C (2.00), the student will be automatically dismissed.
5. Graduate music students whose cumulative GPA drops below 3.00 at the end of the semester will receive written notification from the registrar that they have been placed on academic probation for the next semester. Should the student fail to raise the cumulative GPA above 3.00 during the next semester, he or she will be dismissed from the university.
6. All courses and requirements must be completed within six years of the initial enrollment in the master’s program.

7. The student must comply with the established thesis or project submission policy and the master’s thesis and capstone project enrollment and grading policy. These policies are stated in the Academic Regulations section of this graduate catalog, starting on page 26.
8. All new entering graduate students in performance, music theater, opera performance, and conducting are required to perform an audition for level in their instrument or voice. This audition is separate from the audition or submission of portfolio for admission to the university. Students should have a 10-minute recital prepared, along with typewritten copies of repertoire for each member of the jury. Composition and conducting students will also be leveled in piano. A new level will be determined at each subsequent jury.
9. All remedial course work as determined by the advisory examination must be completed with the grade of B- or better in order to remove the deficiency.
10. All voice students are required to audition for all opera and music theater productions and perform in them if cast. Performing in productions is by audition and therefore performance is not guaranteed to any student.
11. Music students must receive permission from their applied music teachers and the dean prior to accepting musical engagements outside of the university. Permission to Perform Off-Campus forms are available on StarNet.
12. In addition to the policies and procedures outlined in this catalog, Bass School of Music students are expected to be familiar with and adhere to the policies and procedures in the graduate Music Students Handbook found at http://starnet.okcu.edu/Academics/Music/SS/default.aspx.

Electives

Electives must fall within approved guidelines and must carry a graduate course number. No elective course may be used to correct a deficiency (i.e., a remedial course) and at the same time be used for elective credit toward the degree.

Enrollment Restriction

Enrollment in excess of the normal 9 hours per semester is not encouraged. Enrollment in excess of 12 hours will be sanctioned only by action of the graduate commission.

Kramer School of Nursing

Master of Science in Nursing

The Master of Science in Nursing (M.S.N.) extends and expands the fulfillment of the missions of the university and Kramer School of Nursing (KSN) already begun by the undergraduate nursing programs by preparing nurses to become effective leaders in service to their communities.

Two functional tracks are available for the M.S.N.:

   Nursing education: Designed to prepare the nurse to teach in postsecondary nursing programs, including schools of practical nursing, associate degree programs, and baccalaureate and higher degree programs; and to provide comprehensive patient and/or staff education within the healthcare system.

   Nursing leadership: Designed to prepare the nurse to serve in middle- and upper-management roles, including executive leadership, within healthcare organizations. Part-time or full-time study is available.

Both M.S.N. tracks provide a core of knowledge essential for advanced nursing related to nursing theory, research, and role preparation. Courses in the functional specialties complete the degree and prepare the graduate nurse for advanced practice as a nursing leader or educator.

All nursing courses are taught by doctorally prepared nurses or nursing leaders with post-master’s education who are advanced specialists in their fields. The program also makes use of practicing professionals from within key areas as adjunct professors who possess doctoral degrees or other special qualifications. In this way, the program achieves the highest level of instruction and mentoring possible to assure an educational experience for students that leaves no doubt of their readiness to assume the role of nurse educator or leader.

Admission Requirements and Prerequisites

In order to be admitted to the M.S.N. program, the applicant must meet the following qualifications:

- Admission to the university
- B.S.N. from a nationally accredited nursing program
- Undergraduate cumulative GPA of 3.00 or better or prior completion of a master’s degree in another field
- Completion of a course in health assessment
- Completion of a course in statistics before NURS 6323
- An iBT TOEFL score of 80 or higher with a score of at least 20 on each section if proof of English proficiency is required
- Registered Nurse licensure or the international equivalent

Eligibility Statement

Due to the strenuous nature of nursing and practice orientation of Oklahoma City University’s Kramer School of Nursing program, the school reserves the right to determine the eligibility of any student to enroll or continue in the nursing program. This decision is based on considerations including, but not limited to, characteristics required of a professional nurse. Eligibility is determined by the faculty’s evaluation of a student’s ability to perform the skills necessary to complete the course objectives, and includes attitudinal and behavioral components. These elements are re-evaluated each semester.

Although not required for admission, the following requirements must be met as specified once the M.S.N. student is admitted to the program: health requirements specified by each agency where clinical and practical experiences will occur, including immunizations, background check, drug screening, and health tests.

Academic Probation

Kramer School of Nursing graduate students are subject to the Oklahoma City University graduate probation policy.

2015-16 Kramer School of Nursing
Master’s Capstone Project

All M.S.N. students are required to complete a project related to the role function track. Complete guidelines and requirements are specified in the Kramer School of Nursing Student Handbook.

Academic Regulations

M.S.N. students must maintain a 3.00 cumulative GPA to progress without going on KSN probation. M.S.N. students must earn at least a B- (2.75) in courses with a NURS prefix; grades of C+ (2.25) or below are considered failing. This includes independent study nursing courses taken to meet a graduation requirement. In any other required course, the student must have a C (2.00) or higher. The student may have a grade of C (2.00) or C+ (2.25) in only two non-NURS courses required for the degree. Students may repeat only one nursing course. If the student earns a grade of C+ (2.25) or below on the repeated required course or on the first attempt of any other required nursing course, the student will be dismissed from the nursing program. It is strongly recommended that students repeat any failed course at the next available offering. Withdrawal from a nursing course after two-thirds of the semester or session has transpired will be counted as one enrollment toward the course failure requirements described above. Nonattendance of classes does not constitute official withdrawal.

Doctor of Nursing Practice (D.N.P.)

The D.N.P. program facilitates achievement of the university mission by creating expert clinicians with the abilities to affect healthcare of clients positively, provide leadership in health policy, and translate research into evidence-based practice. Students are provided the opportunity to expand and refine clinical skills by designing advanced practicum experiences that meet their goals.

Admission Requirements and Prerequisites

The Graduate Record Examination (GRE) is not required for admission to a D.N.P. program. Applicants must demonstrate competency in word processing, basic spreadsheet use, presentation software, and internet skills.

B.S.N.-to-D.N.P. Admission Criteria for the Family Nurse Practitioner Track

- Admission to the university
- Graduate of an accredited baccalaureate nursing program with a cumulative grade point average of at least 3.00
- Current active licensure as a Registered Nurse in the United States (or the international equivalent)
- Three letters from professional references, such as an employer, a coworker, or a nursing school faculty member who had the applicant as a student
- Applicants may identify a preference for the full-time or part-time option; however, the selection committee makes the final decision based on qualifications and available positions for each option. Applicants who identify a preference for the full-time option must have a minimum of one year of professional experience or the equivalent. Applicants with less than one year of professional experience will only be considered for the part-time option.
- An iBT TOEFL score of 80 or higher with a score of at least 20 on each section if proof of English proficiency is required
- A B.S.N.-level health assessment course
- A personally written essay of 750 words or less describing the role of the nurse practitioner and how the D.N.P. will help the applicant achieve life and career goals
- A current curriculum vitae
- Interview with Admission committee

D.N.P.-Completion Program Admission Criteria for Post-Master’s Students

- Admission to the university
- Current active Advanced Practice Registered Nurse (APRN) license or approved national certification (international students will be considered on a case-by-case basis relevant to their country’s equivalent)
- A master’s degree in nursing (or related field for the administration track)
- Graduate GPA of 3.250 or higher
- An iBT TOEFL score of 80 or higher with a score of at least 20 on each section if proof of English proficiency is required
• A personally written essay of 750 words or less describing how the D.N.P. will help the applicant achieve life and career goals
• A current curriculum vitae
• Interview with Admission committee

Residency Requirements for D.N.P.-Completion Students

The D.N.P.-completion program is designed for individuals who work full-time and who may or may not be geographically located within driving distance of Oklahoma City University. Therefore, the residency requirement will be met by maintaining year-round (including summers) continuous enrollment (unless on an approved leave of absence) and by coming to campus for all the following:
• On-campus class meetings held once a semester
• Oral defense of capstone project
• Other visits to campus required by faculty that are approved by the program chair

D.N.P. Project

D.N.P. students are to complete a clinical capstone project based on translational research and evidence-based practice. Complete guidelines and requirements are found in the Kramer School of Nursing Student Handbook.

Academic Regulations

D.N.P. students must maintain a 3.00 cumulative GPA to progress without going on KSN probation. D.N.P. students must earn at least a B- (2.75) in all required courses; grades of C+ (2.25) or below are considered failing. This includes independent study nursing courses taken to meet a graduation requirement. Students may repeat only one nursing course. If the student earns a grade of C+ (2.25) or below on the repeated required course or on the first attempt of any other required course, the student will be dismissed from the nursing program. It is strongly recommended that students repeat any failed course at the next available offering. Withdrawal from a nursing course after two-thirds of the semester or session has transpired will be counted as one enrollment toward the course failure requirements described above. Nonattendance of classes does not constitute an official withdrawal.

D.N.P. practicum hours are calculated on a ratio of 60 clock hours per credit hour. The D.N.P. must be completed in five years.

Doctor of Philosophy (Ph.D.)

The Ph.D. facilitates achievement of the university mission by preparing expert nurses in the roles of education and research to serve the community, state, and nation in the formation of future nurses and in the advancement of nursing knowledge. While the primary focus of the Ph.D. at Kramer School of Nursing is nursing education, students may opt for a different specialty cognate.

The Ph.D. is 90 credits post-baccalaureate. Students may enter post-B.S.N. or post-master’s. Up to 33 credits from a master’s degree may be applied to the 90 credit total, subject to approval. The Ph.D. program is designed for the working professional. A student taking the recommended six credit hours per semester, including summers, will typically complete the program in 10-12 semesters post-master’s. Students must complete the Ph.D. within 10 years.

All courses in the doctoral programs are taught by doctorally prepared nurses or terminally degreed professionals in their respective fields. The highest standards in doctoral education are maintained.

Admission Requirements and Prerequisites

In order to be admitted to the Ph.D. program, the graduate must meet the following requirements:

• Admission to the university
• Registered Nurse licensure or the international equivalent
• For the B.S.N.-to-Ph.D., a B.S.N. degree from a nationally accredited (“recognized”) nursing program. For the post-master’s Ph.D., a bachelor’s degree and a master’s degree, one of which must be in nursing. Applicants who hold a bachelor’s degree in nursing may have a master’s degree in a field related to nursing.
• Graduate GPA at or above 3.50 on a 4.00 scale if post-master’s. For B.S.N.-to-Ph.D., a cumulative undergraduate GPA of 3.50 or better or completion of a master’s degree in another field.
• One of the following three options: 1) the Graduate Record of Examination (GRE); 2) an approved scholarly paper; or 3) an approved article/paper published in a refereed journal. The GRE score or quality of the paper option selected will be taken into consideration.
• An iBT TOEFL score of 80 or higher with a score of at least 20 on each section if proof of English proficiency is required
• A personally written essay describing how the Ph.D. will help the applicant achieve life and career goals
• A current curriculum vitae
• Conditional admission may be extended to international applicants contingent upon meeting the language requirement prior to enrollment in nursing courses.

Eligibility Statement

Due to the strenuous nature of nursing and practice orientation of Oklahoma City University’s Kramer School of Nursing programs, the school reserves the right to determine the eligibility of any student to enroll or continue in the nursing program. This decision is based on considerations including, but not limited to, characteristics required of a professional nurse. Eligibility is determined by the faculty’s evaluation of a student’s ability to complete the course objectives, and includes attitudinal and
behavioral components. These elements are re-evaluated each semester.

Although not required for admission, the following requirements must be met as specified once the Ph.D. student has been admitted to the program: health requirements specified by each agency where any clinical practicum experiences may occur, which may include immunizations, background check, drug screening, and health tests.

**Academic Probation**

Kramer School of Nursing doctoral students are subject to the Oklahoma City University graduate probation policy.

B.S.N.-to-Ph.D. students must also complete master’s level courses leading to the M.S.N.

**Residency Requirements**

The post-master’s Ph.D. program is designed for individuals who work full-time and who may or may not be geographically located within driving distance of Oklahoma City University. The B.S.N.-to-Ph.D. and post-master’s Ph.D. residency requirement will be met by maintaining year-round (including summers) continuous enrollment (unless on an approved leave of absence) and by coming to campus for all the following:

- On-campus class meetings
- Oral defense of candidacy exam
- Oral defense of dissertation proposal
- Oral defense of dissertation
- Other visits to campus required by faculty that are approved by the program chair

**Candidacy**

The purpose of the Candidacy Exam is to demonstrate the student’s ability to synthesize information learned in the doctoral courses taken to that point and readiness for the dissertation. Ph.D. students are to take their candidacy exams after completing all course work, but before taking NURS 9903 Dissertation Seminar and subsequent NURS 9900 level dissertation hours. Complete guidelines and requirements are found in the Kramer School of Nursing Student Handbook.
**Dissertation**

All students in the Ph.D. program are required to complete a dissertation. Complete guidelines and requirements are found in the *Kramer School of Nursing Student Handbook*.

**Academic Regulations**

Ph.D. students must maintain a 3.00 cumulative GPA to progress without going on KSN probation. Ph.D. students must earn at least a B- (2.75) in all required courses; grades of C+ (2.25) or below are considered failing. This includes independent study nursing courses taken to meet a graduation requirement. Students may repeat only one nursing course. If the student earns a grade of C+ (2.25) or below on the repeated required course or on the first attempt of any other required course, the student will be dismissed from the nursing program. It is strongly recommended that students repeat any failed course at the next available offering. Withdrawal from a nursing course after two-thirds of the semester or session has transpired will be counted as one enrollment toward the course failure requirements described above. Nonattendance of classes does not constitute official withdrawal.

This course will explore issues regarding the relationship between physical and emotional health—primarily from mental health, coping, and counseling perspectives. The roles of adjustment, lifestyle, and social factors on stress and wellness are discussed.

Special intervention strategies relevant to counseling will be discussed which may include posttraumatic stress, sexual assault, partner violence, grief and bereavement, and workplace violence.

An overview of the addiction process, what constitutes an addiction, and the treatment methods available through counseling and other means.

As the last stage in life span development, Death and Dying is an important course to take and an important concept to adjust to. We’ll explore a variety of issues such as coping with chronic illness, death awareness, stages of dying, hospice, suicide, euthanasia, funeral customs, children’s experience, and traumatic death—and their impacts on each individual. Where possible, we will arrange relevant field trips.

Marriage and Family Therapy

Analysis of the major marriage and family counseling theories for use in a variety of settings. Prerequisite: ABS 5713 and permission.

Understanding of developmental experiences and their impacts on adjustment. Mental health issues and community resources will be a primary focus. Intervention strategies from a counseling perspective will be discussed.

This course further investigates abnormal human behavior and dysfunction as it relates to the DSM disorders. Schizophrenia, neurosis, psychosis, multiple personality, and depression are among the topical issues studied. Prerequisite: ABS admission.

Traditional theories and techniques of counseling will be covered as well as the personality theory underlying them. This course will address how to move from theory to practice. Development of basic counseling skills and awareness of self will be covered. Extra fees may be required. Prerequisite: ABS admission.

This course will focus primarily on life style and career choice, the decision making process, career counseling, and vocational choice. Prerequisite: ABS admission.

Administration, scoring, and interpretation of tests. Primarily for adults and children. Extra fees may be required. Prerequisite: ABS 5314.

This course will explore multi-cultural counseling, socio-cultural theories, research, and practice in society. Other areas covered will be the inherent diversity of individuals including gender, race, culture, religion, communication and work styles, beliefs, values, and socio-economic status, as well as the impact of society and culture on behavior. Prerequisite: ABS admission.

A more detailed investigation of theories and techniques of counseling. This course will focus on the more structured and systematic techniques for psychotherapeutic intervention. For graduate students in counseling. Prerequisite: ABS 5713 and permission.

This course includes a theoretical and experiential component to group process, group dynamics, and group counseling. Examples of skills and concepts discussed include group formation, communication, stages of group growth, problem solving, cohesion, team building, leadership, decision making, and conflict resolution. Prerequisite: ABS admission.

Field experience in professional counseling whereby students will provide introductory counseling services in a mental health clinic, counseling center, or other human services agency. A minimum of 150 clock hours are required. Prerequisite: 33 ABS hours, plus candidacy status.

This human growth and development course will cover personality and development throughout the entire life span. Prerequisite: ABS admission.

See GRED 6903. Prerequisite: ABS admission.

**Applied Sociology—Nonprofit Leadership (SOC)**

**6003  Sociological Foundations of Nonprofits**  
This course will differentiate the sociological literature on nonprofit organizations including the nature and evolution of nonprofits, theories of organizations, and the relationship between the third sector and business and government. Required.

**6013  Sociology of Leadership I**  
In this course students will assess the sociology of leadership and multi-disciplinary approaches to nonprofit leadership. This course will focus on the role of volunteers in nonprofit organizations and the implications for nonprofit organizations and leaders. Volunteers are the backbones of most nonprofit organizations and nonprofit executives must deal with the paradox of both leading and being led by volunteers (e.g., board of directors). The course will integrate multi-disciplinary perspectives on volunteerism and civic engagements, and include the fundamentals of board development and relationships and the recruitment, development, and management of volunteers. Required.

**6073  Practicum in Nonprofits**  
This course provides students with experiential learning in nonprofit organizations. The Practicum in Nonprofits is an elective for students interested in an internship with a local nonprofit organization. Elective.

**6113  Sociology of Leadership II**  
Sociological perspectives and classical case studies in organizations and leadership will provide a conceptual framework for the class. Students will also learn the fundamentals associated with managing employees and organizational resources. Required.

**6213  Resource Mobilization and Development**  
Organizational, human, and financial resources are essential to the emergence, evolution, and existence of nonprofit organizations. In this course, students will analyze consistent operational funding and future support through long-term, planned giving in nonprofit organizations. Required.

**6313  Law and Nonprofit Organizations**  
This course will examine the implications associated with law for nonprofits and their leadership. Students will become familiar with legal issues and ethics and will learn how to relate to the legal community through board counsel. Required.

**6413  Nonprofit Financial Oversight**  
Given the fiscal responsibilities of nonprofit leaders, it becomes imperative for them to possess a thorough understanding of their organization's finances and various reporting responsibilities to existing and potential donors. In addition, this course will help nonprofit leaders comply with federal reporting requirements. Required.

**6513  Strategic Planning and Program Development for Nonprofits**  
This course will cover the various models for planning in nonprofits and how those plans translate into the programs offered by the organization. Strategic planning is fundamental to any organization’s success. This course draws upon information from the courses in the sociological foundations area to teach students the application of nonprofit planning and development. Required.

**6613  Research Data in Nonprofits**  
This course provides an overview of research methods and will demonstrate how to find, interpret, and apply data from secondary sources. In addition, nonprofit leaders will learn how to conceptualize and implement a research plan for their organization. Required.

**6713  Nonprofit Program Evaluation**  
This course covers the essentials of evaluating nonprofit organizations and teaches students how to develop comprehensive plans to conduct (or oversee) successful program evaluations. Conducting summative and formative evaluations is essential for nonprofits in meeting reporting requirements, marketing the program, seeking funding, evaluating the program, and designing new programs. Required.

**6813  Advocacy for Social Change**  
This course provides an overview of research methods and will demonstrate how to find, interpret, and apply data from secondary sources. In addition, nonprofit leaders will learn how to conceptualize and implement a research plan for their organization. Required.

**6913  Marketing for Nonprofits**  
This applied course addresses various marketing strategies, including working with press to promote success stories for nonprofit organizations. Students will learn how to balance marketing organizational needs with promoting successes in accomplishing their mission. Nonprofit leaders require information to develop marketing strategies that promote the organization, encourage the support of potential volunteers and donors, and reinforce their niche among competing groups. Required.

**6993  Professional Project**  
This course provides students with experience developing a final project focusing on program development, improvement, or evaluation of a nonprofit organization. Classes throughout the program will incorporate assignments that will assist students in this final directed project. Required.

The student learns to analyze the course is evaluation of the current issues related to the testing of young children. A comprehensive diagnostic and prescriptive case study is developed.

5603  Basic Concepts of Primary Mathematics  3  This course focuses on ways to enhance the development of mathematical ideas in young children three through seven years of age. Ways to design “mathematical environments” within a teacher’s classroom are discussed and useful materials are examined. (Summer)

6013  Theories of Learning and Development  3  History of education in America; physical, social, intellectual, and emotional development; current issues in educational psychology; development of initial teacher’s creed. (Summer)

6083  Master’s Research Project  3  Develop and conduct an action research project; participate in a research group, provide peer feedback for other action research projects. Prerequisite: MATE 6963 and GRED 6903. (Spring)

6113  Literature and the Arts  3  Developing a love of literature in elementary students; genres of children’s literature; children’s literature across the curriculum; methods for integrating visual arts, health, and movement in elementary classrooms. Prerequisite: MATE 6013. (Summer)

6213  Literacy Development and Instruction  3  Language development; instructional methods for reading, writing, speaking, viewing, visually representing; methods to address phonemic awareness, phonics, vocabulary, fluency, and comprehension; supporting English language learners; use of specialized professional association (IRA, NCTE) standards to support all learners. Prerequisite: MATE 6013. (Summer)

6323  Methods Across the Curriculum  3  Content and methodology for teaching mathematics, science, social studies in elementary schools; use of specialized professional association (NCTM, NSTA, NCSS) standards to support all learners; 25-hour practicum. Prerequisites: MATE 6113 and 6213. (Fall)

6423  The Assessment/Instruction Loop  3  Best practices in assessment; connecting assessment and instruction across the elementary curriculum teaching students with exceptionalities; basic statistics for educational settings; tutoring an elementary student in literacy and mathematics; 25-hour practicum. Prerequisites: MATE 6113 and 6213. (Fall)

6523  Classroom Management and Collaboration  3  Classroom management and organization; collaboration with families, colleagues, and the community to support elementary children. Prerequisites: MATE 6323 and 6423. (Fall)

6623  Teaching the Whole Curriculum  3  Developing and teaching thematic units; advanced study of methodology making informed decisions about technology use; co-teaching as a methodology to support all learners; 30-hour practicum. Prerequisites: MATE 6323 and 6423. (Fall)

6733  Internship I  3  An experiential apprenticeship in an early elementary classroom (grades 1 through 3) designing and delivering instruction through a co-teaching model. School placements will be made through the Department of Education. Prerequisites: MATE 6523 and 6623. Corequisites: MATE 6833 and 6963. (Spring)

6833  Internship II  3  An extension of the elementary school experiential apprenticeship in grades 4 through 6. School placements will be made through the Department of Education. Prerequisite: MATE 6733. Corequisite: MATE 6963. (Spring)

6963  Capstone Seminar  3  Professionalism in education; reflection and evaluation; the legal environment of education; completion of Teacher Work Sample. Prerequisites: MATE 6523 and 6623. Corequisites: MATE 6733 and 6833. (Spring)
Graduate Education (GRED)

5023  English Language Learners in the Classroom  3
This course provides educators multiple methods of adapting instruction and materials to help English language learners understand academic content, develop academic and social language and participate in classroom activities.

6903*  Research Methods  3
This course is designed to introduce the student to research methods relevant to applied behavioral studies and counseling. A statistical component is included. Cross-listed with ABS 6903, TESL 6903 and ESS 5503.

Liberal Arts (MLA)

5163  Topics in the Liberal Arts  3
This variable-content seminar focuses on different topics and issues within the liberal arts disciplines and/or social and cultural issues approached from the point of view of one or more of the liberal arts disciplines. The course may be repeated with different content.

5763  Seminar in Photography  3
This variable-content seminar deals with such topics as history of photography, experimental photography, portrait photography, landscape photography, etc. The course may be repeated with different content.

5813  American Biographies  3
Studies in the written biographies of great persons from American history. This course studies the important figures in business, education, politics, the military, etc., who have shaped the history of America.

5963  Chinese Studies  3

MLA students may select courses in the following disciplines:

Art (ART)

5003+  Art Theory/Criticism  3
The emphasis of this course is based on the critical thinking associated with the aesthetic vocabulary of criticism, historical art theories and contemporary movements. Students will develop the skills necessary to articulate and defend a critical position about artists and works of art through writing. Students will enhance their analytical skills and bring a greater sophistication in using art theories and specific vocabulary when describing works of art in a variety of media. Dual-listed ART 2003.

5023+  Foundation Painting  3
This course provides an introduction to the application of various techniques and processes of oil painting. Dual-listed ART 2023.

5043+  Introduction to Sculpture  3
Explore the basic methods and techniques of various sculptural and three-dimensional designs. Emphasis is on three-dimensional composition and form. Dual-listed ART 3043.

5123  Printmaking  3
This course provides a variety of printmaking experiences including intaglio, relief printing, serigraphy, and monotypes.

5143+  Foundation Drawing  3
Using light and shadow, proportions, texture, perspective, and various techniques. Learning to see! The coordination of eye, hand and mind. Dual-listed ART 1143.

5163+  Art Capstone  3
Instructor’s permission required prior to enrollment. Dual-listed ART 4163.

5203  Intermediate Photography  3
This is continuation of Basic Film Photography and includes special lighting and filter techniques.

5213+  Business of Art  3
Principles of investment and selling art, including portfolio, exhibition, and business information. Dual-listed ART 4213.

5223+  Life Drawing I  3
Working with the complexities of the nude human figure and dealing with the proportions, values, forms, anatomy, various techniques, and media included in this discipline. Loosening and the drawing style toward more facility. Dual-listed ART 2223.

5443+  Introduction to Ceramics  3
Introduction to the basic skills necessary to produce a finished piece of pottery. Techniques include pinch, coil, slab work, and basic throwing on the potter’s wheel. Techniques and information about glazes, clay, kilns, and tools are included. Dual-listed ART 2013.

5603+  Basic Film Photography  3
This is an introductory course in fine art black and white film photography. Strong emphasis is placed on camera functions, acquiring the negative, and film and print processing. The goal is to establish an understanding of photography aesthetics while building work skills in camera and darkroom techniques. A short introduction to digital photography is given. Students must provide a camera with manual capabilities. Lab fees required. Dual-listed ART 2663. (Fall)

5803+  Special Topics: Ceramics  3
Continuation course for those studying ceramics and the craft of clay working; development of ceramics forming and glazing skills; emphasis on visual form and creative problem solving. Dual-listed with ART 3803.

5903+  Digital Photography I  3
This is an introductory course in the digital image-making process. A strong emphasis is placed on understanding the digital SLR, point and shoot cameras, lighting, scanning, printing, and basic Adobe Photoshop as it relates to photography. A digital camera is required for this course. Prerequisite: none; however, a basic course in film...
photography is extremely helpful. Lab fee required. Dual-listed ART 2903. (Spring)

**English (ENGL)**

### 5023+ Fiction: Form and Technique
An advanced creative writing class. Explores the process of fiction writing and the artistic demands associated with its forms: microfiction, epistolary story, vignettes, and so on. How various elements of fiction (point of view, dialogue, description, authorial distance, etc.) can be used to affect the reader’s response and interpretation of a creative work. Students will write and revise 12-30 pages of fiction by the end of the semester. The work may be one or several short stories, a series of microfictions, a chapter or two from a novel-in-progress, or the beginning of a novella. Prerequisite: 3000-level Fiction Writing Workshop or permission of instructor. Dual-listed with ENGL 4123.

### 5063+ The Personal Essay
The art of crafting publishable nonfiction in its various forms. Students explore common genres associated with creative non-fiction. Workshop format. Students read published examples of specific essay forms such as biographies, reverence, aphorisms, sense of place, historical, and humor writing. Dual-listed with ENGL 4623. (TBA)

### 5093 Advanced Writing
Students study and apply principles of writing in a variety of forms, arranging individual projects including short stories, novels, poetry, magazine articles, or other areas of interest. (Fall, odd)

### 5123+ Writing for Stage and Screen
Students examine stage and screen plays (manuscripts and videotapes). They study the nuances of each genre, discovering how to plot, construct scenes, create dialogue, develop characters, etc., and apply the techniques by writing original scripts to be read/performed in class and critiqued in a workshop format. Dual-listed with MIAP 3123. (Spring, odd)

### 5133+ Legal Writing
Systematic approach to legal case analysis, including applications of the approach in practice exams and legal memos. Dual-listed with ENGL 4093. (TBA)

### 5213+ Advanced Grammar and Usage
A more highly developed exploration of applications of English grammar for clarity, concision, emphasis, readability, and style, as well as consideration of dialects, idioms, appropriate usage, and the formation and evolution of language. Dual-listed with ENGL 3023.

### 5263+ Seminar in Literature
Variable content: Intensive study of critical theories, figures, and practices. Dual-listed with ENGL 4263. (TBA)

### 5313+ Technical and Professional Writing
Rhetorical strategies and foundational genres of professional and technical communication. Introduction to theories and methodologies for advanced research in this field. Analysis, design, and development of texts in a variety of media. Emphasis on the roles and ethical responsibilities of writers and researchers in organizational culture. Dual-listed with ENGL 3223. (TBA)

### 5323+ Visual Rhetoric and Information Design
From hieroglyphic inscriptions to websites, a study of the role of images and other visual elements that shape, enhance, undermine, and sometimes replace our words in a world where communication always has been visual as well as verbal. Students examine, critique, and apply rhetorical strategies for meaningful visual communication, creating texts in several different visual-verbal genres. Graduate students in this course will be required to perform an expanded project for this course and to perform some leadership duties in guiding class discussions. Dual-listed ENGL. (Spring, odd)

### 5363+ Cinema and International Explorations
The course explores cinema as a serious art form—perhaps the major one of the twentieth century. Through the techniques of cinematic analysis, we challenge ourselves to move from viewing visual images in an uncritical and passive manner to analyzing how these images work on us and help shape our values and understanding. The films reflect different ethnic and cultural experiences in order to provide a comparative context. We view a range of films to develop a sense of film history. The difference between cinema as entertainment and cinema as art is a central issue. Another essential viewpoint is consideration of the human face as the most important “special effect” in film. Dual-listed with ENGL 3563.

### 5373+ Digital Textuality
Rhetoric and culture of digital communities on and beyond the web. Transformations of narrative into digital genres, such as video games and hypertexts. Building functional and critical digital literacy, along with an understanding of collaboration, ethics, and intellectual property in digital environments. Dual-listed with ENGL 3323.

### 5413+ Advanced Composition
Advanced course in expository and persuasive writing to understand the complexities of multiple types of prose writing, develop a greater awareness of useful writing processes, apply effective writing techniques, understand own style, develop a stronger writing voice, and produce effective critical and researched writing. Study of rhetorical principles and choices in personal, academic, and public discourse as well as the situation of the writer within cultural and social expectations. Readings include models of published writing, theories of writing, and texts developed by other members of the class. Students will produce a series of researched, critical, and persuasive manuscripts. Dual-listed with ENGL 3423. (TBA)

### 5463+ Literature for Adolescents
In this course, we will consider what books are appropriate for middle and high school literature study. We will also consider current high school curriculum models in which novels not originally written for young adults or classical novels are usually assigned. We will also explore how young adult authors continue to use fairy/folk tale and fantasy traditions usually associated with children's literature. Dual-listed with ENGL 4013.

### 5503+ Shakespeare
Shakespeare in play texts, film adaptations, performances; evaluation and analysis of contexts, characters, plots; the role of marginal
figures; analysis of gender, race, deformity studies; textual analysis and analytical writing skills. Dual-listed with ENGL 4503. (Fall)

5523+ Creative Non-Fiction 3
The art of crafting publishable nonfiction. Students explore common genres associated with creative non-fiction. Workshop format. Students read published examples of specific essay forms such as memoir, character sketch, literary journalism, persuasive writing, travel and nature writing. Dual-listed with ENGL 3523.

5563+ Topics in Ethnic Literature 3
Explores various ethnic literary traditions from the U.S., Caribbean, Latin America, Africa, or Asia. Content of the course varies an emphasizes such topics as Ethnic American Literature, Native American literary traditions, or Postcolonial Writers. Dual-listed with ENGL 3963. (Spring, even)

5823 Women in Literature 3
This course is an introduction to women's literary tradition from its emergence in the mid-nineteenth century through its current evolution. The study focuses on an evolving female aesthetic by examining recurring images, themes, and plots that emerge from women's social, psychological, and aesthetic experiences. (Fall, even)

Interdepartmental (INDP)

6003 Master's Seminar: The Liberal Arts in Western Culture 3
This course introduces the student to the history and function of the liberal arts in Western culture. Open-ended in nature, this foundation course is required of all M.L.A. students.

6113 Contemporary Topics in Behavioral Sciences 3
A variable topic course. Specific sections of this course may be offered by different departments depending upon instructor availability and student interest and will vary in subject matter, course requirements, and learning outcomes. Enrollment is by permission of the M.L.A. program director only and is restricted to graduate students admitted in the M.L.A. program. Not available to students in the M.L.A. leadership/management track. Consult the director of the Master of Liberal Arts program for the complete list of titles of topics courses. May be repeated with a change in topic.

6213 Contemporary Topics in Humanities 3
A variable topic course. Specific sections of this course may be offered by different departments depending upon instructor availability and student interest and will vary in subject matter, course requirements, and learning outcomes. Enrollment is by permission of the M.L.A. program director only and is restricted to graduate students admitted in the M.L.A. program. Not available to students in the M.L.A. leadership/management track. Consult the director of the Master of Liberal Arts program for the complete list of titles of topics courses. May be repeated with a change in topic.

6313 Contemporary Topics in Natural Sciences 3
A variable topic course. Specific sections of this course may be offered by different departments depending upon instructor availability and student interest and will vary in subject matter, course requirements, and learning outcomes. Enrollment is by permission of the M.L.A. program director only and is restricted to graduate students admitted in the M.L.A. program. Not available to students in the M.L.A. leadership/management track. Consult the director of the Master of Liberal Arts program for the complete list of titles of topics courses. May be repeated with a change in topic.

Moving Image Arts Program (MIAP)

5043 Special Topics in Film Studies 3
Proposed by the student and approved by the program director, a specific topic not included in other moving image arts film studies classes is studied. Instructor, course competencies, and subjects vary. May be repeated with a change in content. Open only to M.L.A. students with permission of the M.L.A. director.

5103+ Nonlinear Editing 3
Students are introduced to the fundamental production techniques of nonlinear editing. This course is a combination of lecture and editing sessions. Dual-listed with MIAP 3103.

5123+ Writing for Stage and Screen 3
Immersion in the screenwriting process through application of writing and producing selected written scenes. Critical analysis, revision, format, and communication stressed. Cross-listed with ENGL 5123 and dual-listed MIAP 3123. (Spring, odd)

5133+ Great Films 3
The course explores cinema as a serious art form, perhaps the major one of the 20th century. We focus on the interpretation of films through the techniques of cinematic analysis in order to learn the art of seeing. Although other approaches to film are presented, the auteur theory, that the director is the primary creative force behind a great film, predominates. We view and discuss the films to consider what the auteur (director) is saying, how the auteur is saying it, and how successfully the auteur says it. We consider such topics as whether the true cinema was the silent one; the tension between the cinematic and literary components of a film's structure; how the style of a film can reflect the cultural texture of its director; and the importance of film movements – the French New Wave, for example – on film history. The films viewed reflect different cultural experiences to provide an international dimension. Dual-listed with ENGL 3313.

5143 Special Topics in Film Production 3
Proposed by the student and approved by the program director, a specific topic not included in other moving image arts production classes is studied. Instructor, course competencies, and subjects vary. May be repeated with a change in content. Open only to M.L.A. students with permission of the M.L.A. director.

5173+ Women in Film 3
The first part of this course considers the portrayal of women in select classic Hollywood cinema from the pre-code era to the 1960s. For the rest of the term, we will examine films by female writer, directors, and actors making mainstream and independent films in America since the 1990s. Topics discussed will include women as objects of the film viewer's gaze, female subjectivity, film industry

* Denotes cross-listed course
+ Denotes dual-listed course
5423  Methods of TESOL  3
This course introduces prospective TESOL teachers to the theories about second language learning and teaching. Focus is on: the linguistic, psychological, and social aspects of second language acquisition; and pedagogical aspects of the TESOL classroom. Lectures, discussion, and their own research should enable students to grasp the principles underlying TESOL. (Fall, spring, summer)

5463  Curriculum Design and Materials Development  3
Applications of principles of curriculum design and theory in language courses; analysis of the effectiveness of student-designed curricula. (TBA)

5513  ESL and EFL Assessment  3
A survey of assessment in English as a second or foreign language. This course focuses on the theory, construction, and use of both standard and teacher-made tests for language skills. Basic statistical procedures in interpreting test results are discussed. (Spring, summer)

5713  Psycholinguistics  3
This course explores psychological aspects of language with a focus on language acquisition, production, and comprehension. (Fall)

6103*  Foundations of Reading  3
Advanced study in the process of reading, skill developments, reading instruction, and learning theory as it applies to reading education. (Fall)

6873  Practicum in Teaching English to Speakers of Other Languages  3
This course gives students practical experience in TESOL, allowing them to apply the theories and teaching strategies learned in Theory and Methods of Teaching English to Speakers of Other Languages (TESL 5423). This practice takes place both in and out of the classroom. (Fall, spring, summer)

6903*  Methods of Research  3
See GRED 6903. (Fall, spring, summer)

6983  Thesis in Teaching English to Speakers of Other Languages  3
(TBA)

Meinders School of Business
Accounting (ACCT)

5123  Accounting Theory  3
Study and evaluation of alternative theory, practices, and generally accepted accounting principles of financial accounting and the bases for conclusions reached by the Financial Accounting Standards Board and other financial accounting standard-setting bodies. Prerequisite: ACCT 3123. (Fall)

5133  International Accounting  3
Survey of International Financial Reporting Standards (IFRS) and other topics related to international accounting. Prerequisite: ACCT 3123. (Fall)

5163  Energy Accounting  3
Acquaints students with accounting in the Energy industry, including acquisition, production/depletion and retirement of oil and gas properties. Topics include differences between full cost and successful efforts accounting methods; accounting for joint ventures; and analysis of financial statements and disclosures issued by oil and natural gas firms. Introduction to related tax issues. Prerequisites: ACCT 2113 and ACCT 2213. (TBA)

5213  Accounting for Business Decision Making  3
Emphasis on the application of accounting information for financial reporting and the use of accounting information in managerial decision making. This course is for M.B.A. students only and cannot be credited toward the M.S.A.

5313  Auditing Policies, Frameworks, and Practices  3
Application of technical auditing skills and techniques based on mastery and interpretation of AICPA and PCAOB auditing standards and pronouncements as well as contemporary frameworks for enterprise risk management and fraud prevention and detection. Topics include latest methods involved in audit planning, control structure review, procedures selection, procedural execution, and communication of audit findings and results. Prerequisite: ACCT 4313. (Fall)

5413  Income Taxation of Entities  3
Introduction to income taxation issues unique to C corporations, S corporations, partnerships, and estates/trusts, including preparation of entity returns. Prerequisites: ACCT 3413 and ACCT 4413. (Fall)

5423  Tax Procedure  3
Examines federal tax procedure at the administrative level and in litigation; organization of the I.R.S.; legal and practical aspects of Treasury regulations; administrative rulings; closing and compromise agreements; deficiency and jeopardy assessments; waivers; refund claims; mitigation of statute of limitations; tax collections; civil penalties; and the rights and privileges of the taxpayer. Prerequisite: ACCT 3413, ACCT 4413, or permission. (Spring)

5433  Taxation of Business Entities  3
Income tax consequences of doing business in corporate, partnership, or limited liability form. Emphasis given to tax consequences of formation of the entity, transfers of property between entity and owners of entity, and dissolution of the entity. Advantages and disadvantages of each form of doing business are considered. Prerequisite: ACCT 5413.

5443  Estate and Gift Taxation  3
Federal excise tax imposed on the transfer of wealth, whether in the form of a lifetime gift or transfer at death. Prerequisite: ACCT 3413 and ACCT 4413.

5513  Accounting Information Systems and EDP Control  3
This course covers computer-based accounting and related integrated systems and software. Reporting objectives, transaction trails,
security, documentation, and internal EDP controls are emphasized. Prerequisite: ACCT 4313, IT 1003. Cross-listed with IT 5513+.

5593  Accounting for Managers in Energy Business  3  Accounting skills needed for the acquisition, production/depletion and retirement of oil and gas properties. Differences between full cost and successful efforts accounting methods. Discussion of accounting for joint ventures, taxation of oil and gas properties, analysis of financial statements and disclosures issued by oil and natural gas firms. Prerequisites: ACCT 5013, ACCT 2113 or ACCT 2213. (TBA)

5613  Accounting Ethics  3  Survey of professional ethics standards and personal ethics as applied to the practice of accounting. Prerequisite: MGMT 2213. (Spring)

5713  CPA Exam Review — Part I  3  Prepares the student to sit for the CPA Exam by systematically reviewing topics covered on the exam. The primary goal of the course is to take the rules and concepts studied in the Accounting curriculum and incorporate them into a comprehensive understanding of the Accounting framework. (TBA)

5723  CPA Exam Review — Part II  3  Prepares the student to sit for the CPA Exam by systematically reviewing topics covered on the exam. The primary goal of the course is to take the rules and concepts studied in the Accounting curriculum and incorporate them into a comprehensive understanding of the Accounting framework. (TBA)

5911-3  Special Topics in Accounting  1–3  A variable-credit course designed to meet the needs of students with specific interest in a specialized accounting topic. (TBA)

5921-3  Applied Research or Internship in Accounting  1–3  Variable credit course. Applied research, independent study, or work experience integrating knowledge and abilities gained in accounting courses. Number of hours determined by contract. Prerequisites: Senior or graduate standing, 6 hours of upper-level accounting, and accounting chair approval.

**Computer Science (CSCI)**

5003  Introduction to Object-Oriented Programming  3  A rapid review of fundamental programming concepts and techniques followed by an introduction to object-oriented concepts, design, and programming. The completion of programming assignments will comprise a significant portion of the course. Two hours of lecture and two hours of lab per week. Prerequisite: experience in programming in a high-level language.

5103  Theory of Computing  3  A course on the theoretical foundations of computation. Topics include finite-state machines, regular languages, context-free grammars, push-down automata, Turing machines, decidability, and complexity theory. Prerequisites: one language beyond Basic (C or C++ preferred) and MATH 3503. (Fall)

5203  Logic for Computer Science  3  A survey of historical and modern logic with emphasis on applications in computer science. Topics include Boolean algebra, truth tables, verification of argument validity, development of proofs using prepositional and first-order predicate logic, the correctness and completeness of first-order logic, normal forms, and Herbrand’s theorem. Automated proof techniques such as resolution and unification are covered. Additional material covered may include topics such as fuzzy logic and multivalued logics. Prerequisites: CSCI 3503. (Fall)

5303  Embedded and Real-Time Operating Systems  3  A continuation of CSCI 4313. Additional topics include device I/O, interrupts, timers, task scheduling, and hardware OS. Two hours of lecture and one hour of lab each week. Prerequisite: CSCI 4313. (TBA)

5403  Software Engineering  3  A study of the principles and techniques for methodical construction of quality software. Topics include software requirements specification, programming paradigms, module specification techniques, testing and validation procedures, and proof of program correctness. An individual or team project may constitute a significant part of the course. Two hours of lecture and two hours of lab each week. Prerequisite: CSCI 3114 and CSCI 5003. (Spring)

5413  Algorithm Design and Analysis  3  A study of the analysis of algorithms and the application of analysis on the design of efficient algorithms. The course treats both the derivation of primarily theoretical results and the practical task of designing efficient algorithms. Topics include: sorting, tree structures, graph algorithms, NP-completeness, dynamic programming, greedy algorithms, distributions and Markov processes, and a brief introduction to parallel algorithms. Prerequisites: CSCI 3114 and CSCI 3503. (Fall)

5503  Computer Organization and Architecture  3  A study of the structure, organization, and logical design of computers from an advanced perspective. Topics include digital arithmetic and logic, computer structures, machine cycles, interrupts, memory organization, I/O schemes, the integration of operating systems, instruction sets, and addressing. No prior knowledge of electronics is presumed. Two hours of lecture and two hours of lab each week. Prerequisite: At least one programming language. (Spring)

5513  Computer System Architecture  3  A study of high-performance computer architectures. Topics may include a study of instruction set architecture, instruction execution, synchronization, micro-operations, global memory, parallel processing, overlap and pipeline processing in a von Neumann type architecture, “RISC” architectures, and supercomputers. Prerequisite: CSCI 5503. (TBA)

5603  Database Design  3  A quantitative study of the tools and methodology of database design. The intent is to equip students to design a conceptual database, specify its implementation, and predict the performance of the system when implemented. Topics include B- trees, database structures and schemas, advanced query languages, and system performance. Students may be asked to pass an entry exam before enrollment is allowed. Two hours of lecture and two hours of lab each week. Prerequisite: CSCI 3613. (TBA)
5703  Artificial Intelligence  3
A study of artificial intelligence techniques including concept learning, state-space problem solving, searching AND/OR trees and graphs, genetic algorithms, and resolution. Programming exercises in C++ and/or LISP and PROLOG are assigned. Two hours of lecture and two hours of lab each week. Prerequisite: CSCI 5203. (TBA)

5803  Computer Graphics  3
An integrated study of the software, data structures, mathematics, and algorithms of image manipulation, computer graphics, and computer-assisted design. Topics include raster techniques, geometric transformations of two and three dimensions, object modeling, illumination models, shading models, basic animations, and strategies for creating representations of three dimensional objects. Two hours of lecture and two hours of lab each week. Prerequisite: MATH 2104 or equivalent proficiency in calculus and analytic geometry. (TBA)

5981-6  M.S. Degree Project  1–6
A major project to be completed under the supervision of a member of the graduate faculty. The project proposal must be approved by the graduate faculty prior to enrollment in the course. The course may be repeated for a maximum of 6 semester hours of credit. Permission of instructor required. (TBA)

6003  Computer Science Graduate Capstone  3
A capstone course required of all graduate computer science students. Students are required to develop a presentation on some current topic in computer science. The course also includes assessment and self-assessment topics. Should be taken in the student's final semester. (Spring)

6063  Special Topics  3
A graduate seminar presenting state-of-the-art research topics in computer science. Course content varies at the discretion of the instructor. Prerequisites: as designated by the professor. (TBA)

6203  Advanced Object-Oriented Programming  3
An advanced study of object-oriented programming and design concepts. Subjects include classes, methods, polymorphism, inheritance, and object-oriented design. C++ and Smalltalk are studied in depth. Other object-oriented languages discussed include Java. A group project is required. Two hours of lecture and two hours of lab each week. Prerequisites: CSCI 5403 and Proficiency in C++ or CSCI 4303. (TBA)

6303  Distributed Operating Systems  3
A continuation of CSCI 4313. Additional topics include telecommunication, networking, naming, consistency and replication, fault tolerance, and security. The client/server architecture is covered in detail. Encoding, entering, and running programs comprises a significant part of the course. Two hours of lecture and two hours of lab each week. Prerequisite: CSCI 4313. (Spring)

6403  Advanced Algorithm Design  3
A study of advanced techniques in algorithm design. This course has a primary focus on the issues and techniques of parallel programming. The lab component of the course provides for practice of the examined techniques and algorithms. Topics include string processing, compression, encryption algorithms, and integral transformations. Other topics may include geometric algorithms, parsing, probabilistic algorithms, and linear programming. Two hours of lecture and two hours of lab each week. Prerequisite: CSCI 5413. (TBA)

6503  Computer Network Architecture  3
An advanced study of the architectural principles and specific mechanisms required for the exchange of data among computers, terminals, and other data processing devices. Topics include architecture, access protocols, and internetworking. Two hours of lecture and two hours of lab each week. Prerequisites: CSCI 4313 and CSCI 5503. (TBA)

6603  Postrelational Database Systems  3
A study of emerging database technologies. Topics selected from object-oriented databases, multirelational database systems, data warehousing, Web-enabled databases, intranet databases, XML databases, and/or other new database developments. Prerequisites: CSCI 3714 and CSCI 5603. (TBA)

6613  Intelligent Database Systems  3
A continuation of MS 5603. This course presents advanced database system concepts, including current and future trends. Programming projects and library research are required. Two hours of lecture and two hours of lab each week. Prerequisite: CSCI 5603. (TBA)

6703  Knowledge Discovery Techniques  3
This course presents the mathematical basis of a variety of knowledge discovery techniques and their implementation on computers to model multidimensional data. In the laboratory, students analyze large matrix and database data using application programs and programs they write in C++, Matlab, and Oracle. Two hours of lecture and two hours of lab each week. Prerequisite: CSCI 5203. (TBA)

6981-6  M.S. Degree Research  1–6
Research to be completed under the supervision of a member of the graduate faculty. The research proposal must be approved by the graduate faculty prior to enrollment in the course. The course may be repeated for a maximum of 6 semester hours of credit. (TBA)

Economics (ECON)

5313  Data Analysis for Business Decisions  3
Focuses on the identification and access of information sources and analyzing the information to make informed decisions and solve managerial problems. Among the topics included are numerical and graphic description of data, confidence intervals, hypothesis testing, regression analysis and predictive modeling, linear allocation models and allocating resources, forecasting, and decision analysis. The course utilizes spreadsheet, statistical and simulation software.

5413  Managing at the Crossroads: The Global Economic Environment  3
Emphasizing the perspective of managers in the private sector, course focuses on the interactions of economic principles at work at the inter-firm, intra-industry, and inter-industry levels (macroeconomics), at the economy-wide level (macroeconomics), and at the global level (international economics). Integrated framework explains the
effects that micro, macro, and international economics have on the growth and prosperity of individual business organizations and how managers make adjustments to create and capture value.

6343 Corporate Financial Strategies
This course involves theory and procedure of finance functions of individual business firms, fund raising, planning, and controlling firm finances from the treasurer’s point of view. Prerequisite: FIN 5303. (TBA)

6353 Special Topics in Finance
Involves individual or small-group research of special topics or current issues in finance. Prerequisite: FIN 5303. (TBA)

6363 Internship in Finance
The internship allows students to gain practical work experience while integrating knowledge and abilities gained in earlier finance courses. The intern must work with the internship coordinator and a faculty member, along with the sponsor for an organization external to the university, to develop an internship proposal. A written research report is required. Prerequisites: completion of all required finance courses, advanced standing in the M.B.A. program, and completion of an approved proposal. (TBA)

6373 Financing Energy Development
Expands understanding of managers in energy related fields to financing exploration projects compared to development projects. Includes examination of global supply and demand issues that can affect financing, including credit swaps, exchange rates, and hedging issues. Cumulating the M.S. program, students integrate concepts from each of their courses to address emerging issues and challenges facing energy organizations. Based on their research and analysis, students will provide financially justified recommendations in written reports and professional presentations to a panel of energy managers representing multiple organizations. Prerequisites: FIN 5303, ACCT 5593, and final class in the M.S. energy management program. (TBA)

6523 Multinational Corporate Finance
Explores financial policies and practices of companies involved in international operations. Foreign exchange markets, forecasting exchange rate, risks of foreign exchange fluctuation, and hedging techniques are reviewed. Fundraising in international money and capital markets, working with capital management, and investment practices of multinational firms are considered. Other topics include capital budgeting, financial structure, and cost of capital for multinational corporations. Prerequisite: FIN 5303.

Information Technology (IT)

5513 Accounting Information Systems and EDP Control
Covers computer-based accounting and related integrated systems and software. Reporting objectives, transaction trails, security, documentation, and internal EDP controls are emphasized. This class and ACCT 5513 Accounting Information System and EDP Control cannot both be taken. Prerequisite: Permission of Chair of Accounting. Cross-listed with ACCT 5513.*

5603 Technology and Operations Management
This course seeks to expand students’ knowledge of the role of technology in the planning and management of organizations and covers both information technology topics and operations management topics. Students gain understanding of management information systems, decision support systems, expert systems, database management systems, and enterprise systems. These systems facilitate the effective management and control of an organization’s operations. Operations management topics include materials requirement planning, enterprise resource planning, quality assurance, supply chain management and decision theory. (TBA)

6613 Systems Analysis and Design
This course exposes students to structured systems analysis and design through implementation of the systems development life cycle. Students prepare a comprehensive group case involving systems proposal, cost estimation, interpersonal interviewing techniques, process modeling, data modeling, network modeling, interface design, file and database construction, security concerns, and maintenance issues. Prototyping and rapid development techniques are discussed. Prerequisites: IT 5603 and permission of the instructor. (TBA)

6623 Advanced Database Management
This course provides students with skills required to develop data structures in order to store organizational memory. The course begins with review of SQL through comprehensive assignments, followed by instruction in Oracle, and then database management and development techniques. Topics include flat file, hierarchical, network, and relational database models; data modeling using Logical Data Structures; Structured Query Language; data normalization; storage concerns and data warehousing; and distributed database systems. Upon completion of this course, the student will be able to conceptualize, develop, test, and maintain a complete database system on either microcomputer or mainframe systems. Large blocks of time will be spent in the lab and working directly with the instructor. Prerequisites: IT 6613 and IT 2313 or other programming language and permission of the instructor. (TBA)

6633 Strategic Information System Management
This course examines the use and implementation of information systems for strategic and competitive advantage in an organization. The focus is on analysis of frameworks, which provides students understanding of the elements of competitive advantage from an upper-management perspective. This foundation of frameworks is linked to the organization's information systems through the use of case studies and augmented with real-world examples. Topics include a sampling of Commercial Enterprise Software packages and various implementation methodologies. Students are required to develop a Request For Proposal for the acquisition of an Enterprise Software package and to evaluate multiple alternatives to meet the needs of a case study organization. Prerequisite: IT 5603. (TBA)

6643 Advanced Networking
This course is a conceptual and technological survey of the structure of distributed information systems architectures, operating systems, network operating systems, data management systems, application development environments, peripheral technology, and user interfaces. Interoperability between these architectural components is explored and technology and trends in each architectural element are reviewed. Students learn how a network group works in an information technology department within an organization. Students are exposed to home pages, graphics, search engines, and other Internet items. We discuss accomplishing electronic commerce over the

Management (MGMT)

5213  Business Strategy for Creating Value  3
Focuses upon organizational, competitive, and environmental issues confronting organizations and how firms identify, seize, and defend opportunities in today's dynamic and rapidly changing global economy. Emphasizing the agility of strategic thinking as key to creating value, the course integrates concepts from strategic management, marketing, accounting, finance, and economics to develop understanding and applied mastery of related concepts such as environmental analysis, strategy formulation, sustainable competitive advantage, value-chain analysis, critical success factors, and tactical implementation.

5703  Ethical, Societal and Legal Environment of Business  3
This course examines areas of law and ethics that relate to the contemporary business environment. Areas of study include contracts, torts, white collar crime, product liability, anti-competitive practices, consumer protection, employment practices, business organizations, and the legal and ethical responsibilities of business managers. (Fall, spring)

5713  Strategic Leadership of the Organization  3
This course enhances the student's ability to manage organizations and their members. The primary objective is to increase understanding of organizational behavior theory, research and practice at the individual, intragroup, and intergroup levels. Topics covered in the first module include individual differences; values, attitudes, and the perceptual process; motivation theories; and learning and reinforcement theories. Module two includes interpersonal communication, group behavior, leadership, decision-making, power and politics, and conflict and negotiation. The third module comprises organizational structure and design, organizational culture, and organizational change and development. (TBA)

5723  Overview of the Energy Industry  3
Relationship between segments of the hydrocarbon industry including exploration, production, transportation, and marketing. Interactions between land, legal, engineering, geology, geophysics, and product marketing departments of an energy company. New technologies in exploration and development from a manager's perspective; hydraulic fracturing and directional drilling, recent developments in regulatory and policy issues. Electric power generation, alternative energy sources, environmental issues, social responsibility, industry ethics, and leadership issues are also components of this class. (TBA)

5733  Essentials of Oil and Gas Legal Principles  3
Covers nature of property interests in oil and gas; conveyancing of interests in oil and gas; legal interests created by oil and gas leases; validity of leases; habendum, drilling, and rental clauses; assignment of interests of lessor and lessee, rents and royalties, and conservation of oil and gas. Provides managerial issues and applications perspectives in addition to basic legal principles.

6551-3  Seminar in International Business  1–3
Advanced topics, current problems, and results of recent research in international business are discussed in detail. Topic areas are assigned to students, each of whom acts as discussion leader. Faculty members from other universities and leaders from business or government are invited to speak at the seminar. The focus of the seminar may vary in different semesters. Topics are announced in advance. Each offering is identified in the current schedule and on the student’s transcript. Prerequisites: permission of the instructor and advanced standing in the M.B.A. program. (TBA)

6563  Special Topics in International Business  3
Involves individual or small-group research of special topics in international business selected by students with approval of the instructor and chair of the international business program. The objective of this course is to allow students to develop expertise in a region of the world or a certain industry. It may also aim to develop in-depth expertise about a specific topic in a functional area. Written research report required. (TBA)

6643  Capstone Experience: Integrating and Applying Business Knowledge  3
Using a combination of simulations, cases, and live-case client projects this course integrates principles and concepts from all earlier course work. Emphasizes management of the enterprise as a process of integration using strategic processes and bound by the resources, environmental constraints, and ethical considerations of the enterprise. Must be taken in the semester in which student is graduating.

6713  Energy Operations Management  3
Operational aspects of the energy business. Management of technological research, development, acquisition, and deployment of resources. Development and supply of technologies as a sector within the industry; drilling, services, transportation and distribution chains. Prerequisite: MGMT 5723. (TBA)
6723  Medical Law and Regulations  3
Medical laws and regulations pertaining to the obligations and liabilities of health and healthcare institutions, health agencies, and practitioners. Some case study analysis is performed by students. (TBA)

6743  Internal and External Communication in the Energy Industry  3
Social interactions necessary to conduct successful activities both within the energy firm and its external constituencies. Special focus on negotiation methods, marketing issues and communication methods. (TBA)

6753  Special Topics in Management  3
Study of current topics in business and management. (TBA)

6813  Strategic Human Resources Management  3
An examination of the overall role and functions of human resource management in relation to an organization's strategic planning process. Emphasis is on human resource issues of strategic importance to an organization's top management. Course focuses on the broader issues of human resource management policy, practice, and trends. Prerequisite: MGMT 5713. (TBA)

6823  Employment, Placement, and Personnel Planning  3
A review of the basic elements of employee performance, with analysis of the factors involved in employment, placement, and personnel planning. This course blends theory and practice so the student may better understand the policies and procedures required for recruitment selection and personnel planning. Prerequisite: MGMT 6813. (TBA)

6833  Compensation and Motivation Theory  3
An interdisciplinary course designed to study the theories, practices, and techniques involved in developing and implementing total compensation programs for public and private organizations. The relationship of motivation theory to compensation theory is emphasized to develop the optimum package for employee productivity and satisfaction and organizational costs. Topics include compensation theory, conceptual framework for job satisfaction, job design, relationship of incentive compensation packages, and international compensation. (TBA)

6843  Training and Development in Organization  3
This course acquaints students with aspects of learning in organizations. Begins by discussing organizational learning and then focuses more narrowly on specific ways in which learning is achieved through the training and development functions. Topics include how learning is linked to organizational strategy, how to determine that training is needed, issues regarding the design of training programs, current training techniques, evaluation strategies, and management development practices. (TBA)

6853  Global Human Resource Management  3
This course provides students with knowledge of human resources in the global environment and includes course work in strategic human resource management, organizational effectiveness and employee development, global staffing, global compensation and benefits, international assignment management, and international employee relations and regulations. Among other text materials, this course uses materials prepared by the Society for Human Resource Management (SHRM) to prepare students for the Global Professional in Human Resources (GPHR) certification examination administered by the Human Resources Certification Institute (HRCI). Those who pass this examination are entitled to use the GPHR designation as a part of their title. Prerequisite: MGMT 6813. (TBA)

### Marketing (MKTG)

5103  Strategic Marketing Decisions for Creating Value  3
This course is concerned with crafting marketing strategies and making marketing decisions. At the end of the course, students should be able to structure and solve rather complex marketing problems. Faced with a business situation, students learn to sort through the myriad facts and data, structure a decision framework of relevant information, and develop a strategy that is comprehensive, detailed, and workable. Students learn to communicate their strategies both in writing and orally. The course relies not only on the decision tools of marketing (concepts, theories, analytical methods, etc.), but also on decision tools from other areas such as statistics, accounting, finance, economics, psychology, and communications. (TBA)

6113  Buyer Behavior  3
Marketing begins and ends with consumers, from determining consumer needs to providing consumer satisfaction. A clear understanding of consumers is therefore critical in successfully managing the market function in any organization. This course introduces students to the study of consumer behavior. In many cases, the perspective is that of a marketing manager who needs an understanding of consumer behavior in order to develop and implement effective marketing strategies. The goal of the course is to provide students with the concepts, frameworks, and tools needed to understand consumption-related behaviors and to evaluate marketing strategies intended to influence those behaviors. Prerequisite: MKTG 5103. (TBA)

6123  Services Marketing  3
Designed for students with career interests in services industries as well as in goods industries with high service components. The course focuses on the unique challenges of managing services and delivering quality service to customers. Course content includes understanding and managing customer expectations and evaluation of services, designing services that meet or exceed customer expectations, managing the effective delivery of services, and communicating realistic and effective services promises to customers. Prerequisite: MKTG 5103. (TBA)

6133  Marketing Research and Analysis  3
A study of the collection, analysis, and reporting of marketing information needed for management decisions. Emphasis is on research procedure and techniques. This course provides students with a broad introduction to the marketing research process and hands-on elementary understanding of how marketing research activities are implemented by professional marketing researchers. Upon completion of this course, students will know the language of marketing research and understand the steps necessary to develop valid and reliable marketing research study to analyze consumers, competition, and various marketing opportunities. Prerequisite: MKTG 5103 and ECON 2123, or M.B.A. advisor approved undergraduate statistics course. (TBA)
6143  Marketing of Health Services
An overview of health services marketing including the following: organizing for marketing; psychographic, demographic, and epidemiological analysis of the market; analysis of the product, price, place, and promotion; competitor analysis; market opportunity and demand for forecasting; and market strategy. Prerequisite: MKTG 5103. (TBA)

6153  Special Topics in Marketing
Involves individual or small-group research of special topics or current issues in marketing. Prerequisite: MKTG 5103. (TBA)

6163  Integrated Marketing Communication
Role and importance of marketing communications; planning of marketing activities to work synergistically towards meeting marketing communications objectives and marketing goals; enhancing brand equity by using the tools of an Integrated Marketing Communications program: advertising, sales promotion, packaging and branding strategies, social media, online and mobile advertising, direct marketing, public relations, personal selling, word-of-mouth buzz creation, sponsorship, and point-of-purchase displays. Prerequisite: MKTG 5103. (TBA)

6173  Sales Force Leadership
This course deals with the responsibilities and decisions confronting today’s sales manager in the context of the theory, principles, and practice of sales force leadership for manufacturing, wholesaling, and service enterprises. The comprehensive discussion topics include selling strategies, organizing the selling unit, territory analysis and planning, recruiting and selection, coaching and training, motivating achievement, forecasting and quotas, assessing performance, and compensating and rewarding the sales force. Experiential projects, case study, role-playing, and professional speakers enhance the learning experience. Prerequisite: MKTG 5103. (TBA)

6513  Multinational Marketing Management
A study of the scope, challenges, and strategies of international marketing. The structures of multinational markets, including economic factors, foreign cultures, nationalism, and government regulations, are covered. Emphasis is on foreign market research, international distribution channels, international product policy, international promotion, and pricing policy. Marketing problems arising from differing degrees of foreign involvement such as exporting, licensing, and establishing foreign subsidiaries are examined. Prerequisite: MKTG 5103. (TBA)

**Master of Business Administration (M.B.A.)**

5113  Special Topics in Business
Rotating variable topics course allowing students to develop expertise in a current business topic.

5123  Effective Leadership and Communication
Facilitates the development of interpersonal and team skills leaders need to function effectively. Focuses on integrated behavioral competencies demanded in organizations today: self-awareness, communication, negotiation, collaboration, and relationship building. Students will work through individual leadership profile assessments, evaluate effective leadership behaviors, and explore techniques and processes to communicate and negotiate effectively within organizations.

### Scholarly Writing Strategies

- **5033** Scholarly Writing Strategies for Nursing Research
  - Proficiency writing papers synthesizing nursing research literature. Emphasis on research design, data analysis, and manuscript preparation. Prerequisite: NURS 5003. Corequisite: NURS 5033.
- **5043** Scholarly Writing Strategies for Nursing in Healthcare Leadership
  - Proficiency writing papers concerned with healthcare leadership and systems. Emphasis on research design, data analysis, and manuscript preparation. Prerequisite: NURS 5003. Corequisite: NURS 6403
- **5053** Scholarly Writing Strategies for Capstone Projects

### Nursing (NURS) Foundation Courses (Fall, Spring)

- **5103** Theoretical Foundations of Advanced Nursing Practice
  - Analysis and evaluation of the philosophical and theoretical basis for professional nursing. Emphasis on ethical and legal issues, and the impact of healthcare reform. Prerequisite: NURS 5003.
- **5153** Foundations of Teaching and Learning
  - Application of research-based strategies for teaching and learning in the healthcare setting. Emphasis on the use of technology in the classroom. Prerequisite: NURS 5003.
- **5203** Curriculum Development in Nursing Education
  - Domains of learning and curriculum design, implementation, and evaluation. Analysis of selected curricula using established standards. Prerequisite: NURS 5003.
- **5213+** Spirituality in Healthcare
  - Explores the influence of spirituality on health and illness across cultures and lifecycles. Integrates theory and research as well as individual and communal ways of knowing to provide spiritually sensitive care. Dual-listed with NURS 3213. Open to all majors. (Summer, fall)
- **5303** Quality Improvement, Safety, and Technology in Healthcare Leadership
  - Electronic information systems in healthcare; principles and tools of quality improvement processes, quality databases, and programs. Emphasis on the role of technology in enhancing patient safety. Prerequisite: NURS 5003.
- **5313+** Sexual Issues in Counseling and Therapy
  - This course will focus on psychosexual development throughout the lifespan, interviewing and counseling techniques, and sexual therapy for sexual dysfunctions, addictions, paraphilias, and challenges related to aging and illness. (Cross-listed as ABS 5313)
- **5323+** Issues in Chemical Dependence
  - Review of relevant literature and theories related to chemical dependence. Emphasis on knowledge of addiction, treatment approaches, and patient care. (Cross-listed as ABS 5323)
sequelae of drug dependence. Dual-listed with NURS 4323. Open to all majors.

5403 Teaching Strategies for Nursing 3
Educational theories and strategies for teaching and learning are integrated to address diverse needs and learning styles. The influence of legal and ethical issues on education will also be addressed. Prerequisite: NURS 5153.

5503 Advanced Pathophysiology and Pharmacology 3
Expansion of the experienced professional nurse's knowledge of pathophysiology and pharmacology to prepare for advanced nursing roles.

5603+ Servant Leadership 3
A transcultural approach: introduction to the beliefs and practices of various cultures. Opportunity to provide servant leadership in an underserved area. Humanities focus via examination of various rituals and practices across cultures. Assessment and communication techniques in a transcultural setting. Dual-listed with NURS 3701-3. Open to all majors.

5653 Advanced Clinical Nursing 3
Clinical practicum and seminar designed and arranged by the student with faculty approval to develop additional expertise in an identified area of professional practice.

5703 Ethics and Healthcare Policy 3
Nursing and healthcare public policy development from agenda setting, policy formation, policy implementation, and policy evaluation at the national, state, and local levels. The influence of ethical issues on policy development will be considered.

6001-3 Independent Study in Advanced Nursing 3
Variable course content designed to meet specific student needs. Requires permission of professor.

6103 Healthcare Law and Regulations 3
Legal, political, and regulatory aspects of healthcare organizations and providers; critical care issues encountered by nursing leadership.

6153 Nursing Education Evaluation Strategies 3
Theories and strategies for evaluation of learning in classroom and clinical environments. Prerequisite: NURS 5203.

6201-4 Advanced Topics in Advanced Practice 1–4
Variable course content designed to meet specific student needs.

6203 Advanced Pathophysiology 3
Principles of biochemistry, molecular biology, genetics, and nutrition are applied to disease processes. Focus on principles, theories, and current research related to physiological and pathophysiological system alterations across the lifespan.

6213 Pharmacology for Advanced Practice 3
Focus on pharmacology and therapeutics used in the treatment of selected health conditions. Emphasis on the decision making process utilized to prescribe safely and effectively, and monitor pharmacotherapeutics appropriate to the client situation.

6215 Advanced Health Assessment and Diagnostic Reasoning 5
Application of advanced health assessment principles and skills with focus on deviations from normal in populations across the lifespan. Opportunities provided to perform comprehensive and problem-specific psychosocial, developmental, cultural, and physical assessments. Analysis of collected client data used to determine client health status, identify health problems, and formulate diagnoses. Prerequisites: NURS 6203 and NURS 6213.

6223 Health Promotion and Primary Care of Adults 3
Health promotion, diagnosis, and management of common illnesses in primary healthcare practice with adult and elderly clients. Prerequisites: NURS 6243 and NURS 6244. Corequisite: NURS 6233.

6233 Adult Primary Care 3
Application of pathophysiology knowledge and clinical decision making skills to the interpretation of assessment data gathered from complete health assessment and diagnostic evaluation of the adult or elderly client. Collaborative strategies are used in the implementation and evaluation of accepted medical and nursing interventions. Research, teaching, and consultation skills integrated into clinical practice. Three credit hours of practicum. Prerequisites: NURS 6243 and NURS 6244. Corequisite: NURS 6223.

6243 Health Promotion and Primary Health Care of Women and Children 3
Conceptual and theoretical foundation for advanced nursing assessment, diagnosis, and management of selected healthcare concerns. Emphasis is on primary healthcare of women in the childbearing years, children, and role development in clinical practice. Prerequisite: NURS 6215. Corequisite: NURS 6244.

6244 Women’s and Children’s Primary Care 4
Clinical experience in well-child care and management of common pediatric problems in primary care settings, care of women in the childbearing years, and gynecologic care across the lifespan. Four credit hours of practicum. Corequisite: NURS 6243 Health Promotion and Primary Healthcare of Women and Children.

6253 Geriatric Primary Care 3
Healthcare of older clients presenting with acute and chronic healthcare needs in primary healthcare settings. Collaborative strategies used in the implementation and evaluation of accepted medical and nursing interventions. Research, teaching, and consultation skills integrated into clinical practice. Three credit hours of practicum. Prerequisites: NURS 6223 and NURS 6233.

6254 Primary Healthcare in Advanced Practice Settings 4
Management of increasing complex client care with increasing independence. Collaborative strategies used in the implementation and evaluation of accepted medical and nursing interventions. Research, teaching, and consultation skills integrated into clinical practice. Theoretical concepts of organizational systems, healthcare politics, and policy used to identify and solve complex problems. Four credit hours of practicum. Prerequisite: NURS 6253.
6303 Contemporary Healthcare Organizations 3
Business and human relationship skills to guide the operation of contemporary healthcare organizations. Evidence-based practice management strategies to enhance leadership effectiveness in a variety of healthcare settings.

6313 Healthcare Economics and Financial Management 3
Management of financial resources in the healthcare industry, public and private healthcare funding, applied financial management, management resource systems, budgeting, and nursing resource allocation.

6323 Research Integration in Nursing Practice 3
Development of an evidence-based project to enhance practice, education, or administration. Analysis of quantitative and qualitative research methodologies, models of evidence-based practice, and application of problem-solving in professional practice. Prerequisites: Statistics and NURS 5103.

6403 Evolving Healthcare Systems 3
Explore innovation, accountability, relationship building, and leading change to function effectively in a rapidly evolving healthcare environment. Nurse advocacy promoted by planning for the future while meeting current expectations. Prerequisite: NURS 6303.

6503 Nursing Education Practicum 3
Seminar and practicum experiences designed and arranged by the student with faculty approval, to provide guided practice in planning, providing, and evaluating nursing education. Prerequisite: Completion of at least 12 credit hours toward the M.S.N., including completion of or concurrent enrollment in the 12 credit hours of core courses for the Nursing Education track.

6603 Master's Project 3
Completion of the scholarly project developed in NURS 6323 that includes well developed recommendations. Prerequisites: NURS 6323 and completion of at least 18 credit hours toward the M.S.N.

6623 Nursing Leadership Practicum 3
Seminar and practicum experiences designed and arranged by the student with faculty approval to provide exposure within current healthcare systems to build relationships and communicate with others, work as leader, and demonstrate professional behaviors and current business skills. Prerequisite: NURS 6303.

6701-3 Master's Project (continued enrollment) 3
Implementation of the project developed in Advanced Nursing Research with production of a final scholarly product. Prerequisites: NURS 6323 and completion of at least 18 credit hours toward the M.S.N.

7001-3 Knowledge Synthesis in Nursing Science 1–3
Variable course content designed to meet specific doctoral student needs.

7103 Philosophy of Science 3
This course is focused on the understanding of current methods of epistemology as interpreted through an understanding of the history of science. The role of the scientist and scholar are explored as natural outcomes of professional development both in individuals and in the discipline. An understanding of the current state of science, post modernism, and future trends is gained by exploring cross disciplinary methods of generation of knowledge.

7113 Advanced Healthcare Policy 3
This course focuses on advanced healthcare policy formulation and trends at local, state, national, and international levels. Students interpret multiple complex influences on the regulation, funding, and delivery of healthcare. These influences may include economics, culture, the media, healthcare reform, politics and special interests, environment, ethics, and other issues. Special attention is given to political and professional strategies for creating and enacting effective policy change.

7123 Advanced Theory Development 3
This course explores various approaches to theory development. Strategies for concept identification, specification of relationships, and theory clarification are discussed. Students explore theory construction, application, evaluation, and testing, as well as the relationship between theory development and research. The course work involves production of a midrange theory. Prerequisite: NURS 5103.

7212 Transcultural Healthcare 2
This course explores meanings and expressions of person, health, illness, nursing, and caring in clients with diverse cultural backgrounds. Patterns of human interaction that foster health and quality of life are analyzed. Health-damaging patterns of interaction, such as stereotyping, discrimination, and marginalization are examined within a theoretical framework and submitted to ethical reflection. Students engage in dialogue and networking with providers and consumers to understand the context of transcultural healthcare.

7231-3 Grant Writing 1-3
This course deals with the search for and procurement of funds from both public and private grant funding sources. Topics include interpretation of instructions, producing a successful proposal, the proposal review process, managing grants received, and writing reports.

7243 Organizational and Leadership Theory 3
This course examines the theoretical basis for behaviors displayed by organizations and the personnel within them. Students explore leadership strategies for producing successful outcomes by analyzing organizational structure, change theory, reward systems, environmental psychology and culture, and other related factors. Patterns and predictors of behaviors within and between formal organizations are analyzed and interpreted by the application of theory and research findings.

7253 Translational Research and Evidence-Based Practice 3
This course integrates research into practice with a focus on identifying, summarizing, and appraising evidence for best practices. Students explore such issues as the identification of practice and system problems, evaluation of research studies and systematic reviews, development and implementation of evidence-based practice guidelines, and use of evidence-based practice to improve outcomes for clients and healthcare systems.

* Denotes cross-listed course  + Denotes dual-listed course

7303  Advanced Bioethics  3  8343  Advanced Resource Management in Complex Systems  3
This course applies philosophical approaches to the development of ethical reasoning in terms of metaethics and normative ethics. Students consider how the interplay of abstract thinking and cognitive science in themselves and others influences ethical practices.

7403  Statistical Analysis I  3  8403  Statistical Analysis II  3
This course covers intermediate statistical analysis, including the logic of statistical inference, probability and sampling, tests of statistical hypotheses, error theory, confidence interval estimates and procedures, introduction to analysis of variance, and selected non-parametric methods. The content also addresses bivariate correlation techniques, measures of association, and simple linear regression. Students use selected statistical computing software for relevant data analysis. Prerequisite: an introductory statistics course.

7453  Healthcare Information Management  3
Selection and use of information systems/technology to provide healthcare and to evaluate patient care programs, outcomes, and systems. Prerequisites: NURS 7103, NURS 7113, NURS 7253

7503  Higher Education Issues and Trends  3  8503  Advanced Clinical Practicum I  3
This course focuses on issues in post-secondary education in the United States and abroad. Students explore the history of higher education, trends, legal concerns, the evolution of curriculum and educational philosophies, private versus public funding, college and university governance, tenure, academic freedom, and other topics.

7543  Evaluation of Educational Effectiveness  3
This course focuses on development and implementation of various methodologies for evaluation of educational effectiveness. Integration of professional, ethical, and legal implications facilitates development of methods and strategies that advance the quality of the educational environment. Analysis of research concerning the impact of evaluation processes provides a foundation for evidence-based practices. Prerequisite: M.S.N. with an education focus or nurse educator certification.

8103  Qualitative Research Methods  3
This course examines qualitative research as an approach to the generation of knowledge. Students will analyze philosophical foundations and relationships between research questions and specific qualitative methods. Threats to reliability and validity of qualitative research are evaluated. Integrated into all aspects of research are considerations of ethics, human and animal protections, and scientific integrity. Prerequisite: NURS 6323.

8203  Quantitative Research Methods  3
This course examines research designs for description, exploration, correlation, and causal inference. Threats to research validity are analyzed, as are issues of design sensitivity and power, in experimental, quasi-experimental, and non-experimental methods. Integrated into all aspects of research are considerations of ethics, human and animal protections, and scientific integrity. Prerequisites: NURS 6323, introductory statistics, and NURS 7403.

8413  Population Health  3
This course examines healthcare issues related to populations. Measures of population health and global health indicators are applied to evaluate the health status of selected populations. Students explore global and lifespan healthcare issues with an emphasis on factors that create vulnerability for specific populations. The influence of moral, ethical, economic, and access issues on the health of populations is examined. The effects of emerging health threats to populations are identified.

8423  Clinical Practice Management and Information Systems  3
This course provides an overview of issues relevant to managing a clinical practice. Topics include personnel and facilities management; business and other permits; licensing and liability concerns; vendors and supplies; hazardous waste disposal; contracts with third party payers; billings and collections; marketing and customer service; and other aspects of practice management. Students also learn about medical records systems; data sharing with labs, hospitals, and third party payers; inventory software; computerized financial systems; and other aspects of data management.

8443  Advanced Clinical Practicum I  3
This course provides individualized experience that enhances clinical expertise in the selected advanced practice specialty role. The student selects a practice environment with approval of faculty and develops objectives that demonstrate integration of knowledge gained in the program. Prerequisite: completion of at least 18 credit hours.

8453  Advanced Clinical Practicum II  3
This course provides an opportunity for the student to continue the Advanced Clinical Practicum I experience or develop a new focus. The student selects a practice environment with approval of faculty and develops objectives that demonstrate synthesis of knowledge gained in the program. Prerequisite: NURS 8443.

8503  Testing and Measurement  3
This course examines the processes of testing and measurement in the educational environment. Methodological and statistical analysis of instruments and evaluation results is emphasized. Professional, ethical, and legal implications are examined in the development and selection of effective testing and measurement instruments. Analysis
of research concerning testing and measurement tools provides a basis for development and selection of instruments. Prerequisites: M.S.N. with an education focus or nurse educator certification; NURS 8203, NURS 7403.

8513 Technology in Instructional Design 3
This course explores technology that is available to enhance instructional design. The theoretical aspect of instructional technology is examined. Current technologic instructional methods are discussed and the influence of instructional technology on learning outcomes is examined based on theoretical support. Each student has the opportunity to design and evaluate curricular materials that include technologic innovations.

8543 Nursing Education Administration 3
This course focuses on personnel, financial, regulatory, and operations management of nursing education units in a variety of settings including academia, healthcare agency education departments, and client education agencies. Students examine the relationship of the education unit to the parent organization.

9103 D.N.P. Capstone Project 3
The student designs and implements a doctoral nursing practice project related to a selected population or practice environment. Prerequisite: completion of all coursework except NURS 8443 and NURS 8453.

9903 Dissertation Seminar 3
During this course the student engages in the writing of the dissertation proposal and prepares it for defense. Prerequisite: satisfactory completion of the Candidacy Exam.

9913 Dissertation I 3
9923 Dissertation II 3
9933 Dissertation III 3
9941-3 Dissertation IV 1–3
During this series of courses the student proceeds with data collection and analysis, interpretation of results, and writing and defense of the final dissertation. A minimum of 9 credit hours (NURS 9913, 9923, and 9933) is required for the dissertation. The student registers for each course consecutively and may enroll in not more than 6 credit hours of dissertation in one semester. If the dissertation and defense are not completed by the end of NURS 9933, the student must enroll every semester thereafter in NURS 9941-3 until the dissertation is completed. Prerequisites: NURS 9903 and formal approval of the dissertation proposal.

Wimberly School of Religion

Religious Education (REL)

5103 Old Testament Interpretation 3
A thorough survey of Old Testament history and literature involving a study of biblical analytical methodology and its application to Old Testament interpretation.

5123 New Testament Interpretation 3

5213 Modern Trends in the World’s Religions 3
A survey of philosophical and theological movements in India, China, and the Middle East, with emphasis on ways in which ideas are expressed in institutions and in the common life of major non-Western religious traditions.

5223 Critical Issues in Christian Ethics 3
An examination of Christian ethical thought vis-à-vis political, economic, and social theory and practice, with a focus on the response of citizens and institutions to critical issues. (Spring, even)

5303 Topics in Church History 3
Survey of key periods, personalities, events, movements, and ideas against the sociocultural backdrop of successive periods in the history of Christianity. Attention is given to the relationship of United Methodist traditions to those of other churches and movements.

5313 History of the United Methodist Tradition 3
A survey of the history of Methodism from John Wesley to the present. Major attention is given to persons and situations in American culture that have shaped the movement.

5403 Major Themes in Theology 3
A study of the process by which humans come to understand and articulate faith, drawing upon the Scriptures, tradition, experience, and reason. Attention is given to the work of theologians in the past and to contemporary theological work.

5413 United Methodist Doctrine and Polity 3
A study of United Methodist doctrine and doctrinal standards as contained in the General Rules, Social Principles, and contemporary statements and of the historical development of United Methodist polity, denominational structure, and local church organization.

5453 Mission of the Church in the Contemporary World 3
An exploration of what mission has been in the past, the world to which the church is sent in mission today, and implications for the theology of mission and the way the church may authentically engage in mission in a variety of situations.

5603 Nature and Work of Christian Education 3
A survey of the historical and theological sources for religious education, the context for teaching and learning in the church, and the development of competence in teaching based on theories of teaching-learning. Students begin to develop their self-understanding as educators and their own philosophy of religious education. This course fulfills the teaching-learning certification requirement. (Fall, odd)

5633 The Bible in Christian Education 3
An examination of relating biblical interpretation and teaching. The course focuses on the nature of interpretation from a developmental perspective in order to determine what it means to teach Scripture to people in different age groups and stages of faith development.
5643 Relating Theology to Christian Education  3  
A study of major theological themes and issues in terms of their relevance and application to Christian education and of ways in which teachers and students may “do theology” as an integral part of the educational process. (Spring, odd)  

5653 Administration and Leadership  3  
An examination of facets of administration and leadership in Christian education based on organizational development principles, including group decision making, conflict management, communication, staff relationships, volunteer development, and evaluation of programs and personnel—all with reference to programming at various age levels. (Spring, even)  

5663 The Bible in Youth Ministry  3  
An examination of the task of relating biblical interpretation and teaching in youth ministry. (Fall, even)  

5673 Relating Theology to Youth Ministry  3  
A study of major theological themes and issues in terms of their relevance and application to ministry with youth and of the ways in which teachers and students may “do theology” as an integral part of the educational process. (Spring, odd)  

5703 Ministry with Children and Families  3  
An exploration of the church’s ministry with children. Models, resources, and issues in children’s religious education are surveyed. Skills in program planning, implementation, and evaluation of educational programs for children in the church in cooperation with appropriate councils, committees, and organizations are enhanced. Specific educational models and ministries with families are considered. (Spring, odd)  

5713 Ministry with Youth  3  
An exploration of ministries with youth. Models, resources, and issues in youth religious education are presented. Skills in program planning, implementation, and evaluation of educational programs for youth in the church in cooperation with appropriate councils and organizations are enhanced. (Fall, odd)  

5723 Ministry with Adults  3  
An exploration of ministries to young, middle, and older adults. Models, resources, and issues in adult religious education are presented. Skills in planning, implementation, and evaluation of adult educational programs based on educational theory and practice are enhanced. (Spring, even)

Provisions of this catalog are subject to change without notice and do not constitute an irrevocable contract between any student and the university. Oklahoma City University reserves the right to modify or change policies, courses, and program requirements described herein.

Every student is responsible for reading and understanding the academic requirements for the degree program as outlined in this catalog and as may be changed from time to time. Academic advisors are available for counseling and advising to assist students in this process; however, the final responsibility remains with the student to meet any and all academic requirements.

Oklahoma City University pledges to recruit, select and promote diversity by providing equality of opportunity in higher education for all persons, including faculty and employees with respect to hiring, continuation, promotion and tenure, applicants for admission, enrolled students, and graduates, without discrimination or segregation on the grounds of race, color, religion, national origin, sex, age, handicap or disability, sexual orientation, or veteran status.

The university chief human resources officer, whose office is located in room 108 of the Clara E. Jones Administration Building, telephone (405) 208-5075, coordinates the university’s compliance with Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, the Rehabilitation Act of 1973, the Americans with Disabilities Act and amendments, and the Age Discrimination in Employment Act.

Oklahoma City University complies with the Student Right to Know and Equity in Athletics Disclosure Acts. This report is compiled and made available by October 15 each year. Requests for this report can be made to the athletics director.

In accordance with requirements by The Higher Learning Commission, the university will provide information to the accrediting agency regarding written complaints from a student against any faculty, staff, or institutional process or procedure. The information will contain the date the complaint was formally submitted to a university official; the nature of the complaint (e.g. dispute about a grade, allegation of sexual harassment, etc.); steps taken to resolve the complaint; the university’s final decision regarding the complaint, including referral to outside agencies; and any other external actions initiated by the student to resolve the complaint, if known to the university (e.g. lawsuit, EEOC investigation, etc.).

Any information provided to The Higher Learning Commission will be presented in such a way as to shield the identities of faculty, staff, or students involved with the complaint.

Students may contact The Higher Learning Commission by writing or phoning:
