FAQS

Am I signed up for Textbook Butler automatically?

Yes. In order to make sure every student has every required textbook, your school has decided that the default option for students is opted-in. Any student can opt out or return unneeded books, but we can't guarantee we have books for students who have opted out.

How can I view and change my Textbook Butler status and preferences?

Once you've enrolled in classes, you can manage your textbook Butler preference at www.okcu.treeoflifebooks.com. There you may choose to purchase (new or used) or rent the materials that meet your course requirements.

Will I always get my textbook preference type? (i.e. rent, buy used, buy new)

Most of the time, but not always. We start by trying to fill your requirements according to the preference you select. However, sometimes there may not be a used copy of a book available, and certain types of books cannot be rented—workbooks or textbooks with access codes, for example.

What if I already own a book?

You can return any book during the first week of class without penalty. After that, a 20% restocking fee will be assessed to books returned during the add/drop period.

What if I want to buy instead of rent?

You can choose "buy new" or "buy used" as your Textbook Butler preference. You can also choose "rent" and then opt to purchase specific books after you've decided which ones you want to keep. In this case, you are charged the rental price up front and the remainder of the price later on. And don't worry, you can write in or highlight a rental book like you own it.

What if I add or drop a class?

If you add a class, we will automatically be notified and will deliver your new book. If you drop a class, return that book to the campus store and we will credit your student account. Please do this within a week of dropping the class, or you may be charged a restocking fee.

What if an item is missing from my order?

Check if the box is listed on the "Items not in this shipment" part of your packaging list. If it is, you'll receive an email when that item is ready to pick up. If it's not, come into the Campus Store or contact Customer Support and we'll help you sort it out.

My book is a little banged up. Will I be responsible for the damage?

If you're concerned with the condition of your textbook, bring it into the Campus Store or contact Customer Support and let us know within a week of receiving it. We'll help you find a solution.
